Shanzimia Yuuki Murazaki 2018-12-25 We started to date 3 years ago, everything was so incredible, I thought that she is the one. And it was...but not for long, we marry 1 year ago, and we moved together, the sun and the sky were with us every day, so they know, I loved her so much. She waked me every morning, I think she loved me too much and it was too much for me to handle. I was crazy about that women and she at least I can say this, act like she was crazy about me, we had so many dates, so many moments alone, so many happy moments. But step by step, my feelings start to change, or probably to disappear is a better way to say it, I was scared about this from the beginning, and it finally happened. I came home from work, and she came one hour after me from her one, but in that hour, I didn't want to see her, I didn't feel anything thinking about she trying to hug an kiss me, nothing, I was empty. It was so nice when, in the past..when we leave separated I imagine about the way that she was using her time, but know I know, and ...honestly I don't really like it, maybe she thinks the same thing about me. Now, I'm sitting here...in the kitchen I'm smoking a cigarette, and she is here too, but I feel, lonely, lonely with the women that I used to love. I hate myself for this, I hate that my feelings disappear, and I don't know how to change this. She told me tonight that we should try to make a child, because we need something more in our life, like an anchor. But I'm scared to have a child with a woman that I don't love anymore because I'm not sure I will be able to love the child, I'm the worst husband and I don't want to be the worst father too. Yesterday ...

to do better. This challenge is a necessary one--one we must all take up. It is a gift to dive into Vivek's heart and mind." --Rupi Kaur, bestselling author of *The Sun and Her Flowers* and *Milk and Honey* A trans artist explores how masculinity was imposed on her as a boy and continues to haunt her as a girl--and how we might reimagine gender for the twenty-first century. Vivek Shraya has reason to be afraid. Throughout her life she's endured acts of cruelty and aggression for being too feminine as a boy and not feminine enough as a girl. In order to survive childhood, she had to learn to convincingly perform masculinity. As an adult, she makes daily compromises to steel herself against everything from verbal attacks to heartbreak. Now, with raw honesty, Shraya delivers an important record of the cumulative damage caused by misogyny, homophobia, and transphobia, releasing trauma from a body that has always refused to assimilate. *I'm Afraid of Men* is a journey from camouflage to a riot of colour and a blueprint for how we might cherish all that makes us different and conquer all that makes us afraid.

Attached Amir Levine 2012-01-05 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. *Attached* guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building

I'm Scared & Doing It Anyway Lauree Ostrofsky 2013-03-29 "I had the moment. The Moment. When life was as I expected, until it wasn't." That was the day that Lauree Ostrofsky came face-to-face with the little white blob, an acoustic neuroma brain tumor. A series of scary moments and missteps followed, and ultimately led her to launching #hugtour, plotting routes to office buildings and coffee shops hugging people she cares about along the way. The process teaches her that running hugs in traffic are exhilarating, and that unabashedly sharing love is more worthwhile (and sometimes scarier) than she could ever have imagined. I'm scared & doing it anyway is a memoir about the choices you make when you feel like you don't have any...and just how far they can take you. Through Lauree's journey, readers see how powerfully compelling their own challenges can be, and how close they already are to achieving their heart's desires. The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations

and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

No one ever said life was easy. But Ponyboy is pretty sure that he's got things figured out. He knows that he can count on his brothers, Darry and Sodapop. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. At least he knows what to expect—until the night someone takes things too far. The Outsiders is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Ramshackle Glam Jordan Reid 2014-04-01 Ramshackle Glam creator Jordan Reid was a little nervous about becoming a mother. "In my experience," she writes, "you know what happens when you hold babies? They cry. And it immediately becomes clear to all present that you have terrible parental instincts and should never be allowed to come into contact with children -- ever." But in October 2011 Reid became a mother herself, and over the first year of her son's life the writer and media personality not only figured out a thing or two about parenting, but also learned how to navigate an entirely new lifestyle while still maintaining a sense of self. Part memoir, part commiseration, and part how-to guide on fashion, beauty, home d er and entertaining for the new mom, Ramshackle Glam offers something fresh for the "mommy" bookshelf: concrete advice on how to care for yourself in the post-partum days, weeks, and months. A deeply personal exploration of the realities of modern-day parenthood (Reid covers topics ranging from post-partum depression and marital struggles to pets who immediately transform from your beloved best friends into Those Things That Wake Up Your Child), Ramshackle Glam is also filled with straightforward, fun, and easy lifestyle tips, including how to dress for your post-partum shape, tricks for rearranging your home so it works with an infant as well as your tastes, and strategies for getting your makeup done in five minutes flat with one hand while keeping that bouncy chair going with the other. Reid's spot-on advice combined with her trademark intimacy, wit, and (often aching) honesty make Ramshackle Glam a must-read for any woman in search of a candid account of how to handle enormous life changes with humor, grace . . . and a little bit of glam.
