It is not a work of fiction, but a compilation of many truths, many realities—a quilt pieced together from men's experiences—forming an impressively triumphant pattern. Taken together, they state, lucidly and forcefully, that recovery work produces changes that are real, important, and permanent. *Leaping upon the Mountains* is a celebration of successful recovery. **Surviving and Moving On** - Kim McGregor  
2014-01-21

This book is essential reading for any survivor of child sexual abuse, female or male. Many survivors of sexual abuse have not always been believed or supported through their developmental years. They have had to cope on their own, dealing with the aftermath of the abuse in whatever ways they could. This book offers ideas and techniques for understanding and healing which adult survivors in particular may find useful. It tends to be written with women in mind, but much of the information and many of the exercises may be useful for male survivors as well. This book will also be useful for the partners, families and friends giving support and encouragement to survivors who are healing themselves from the effects of abuse. Many survivors want those around them to

understand what they've survived and its effects on their life. Part 1 provides information about child sexual abuse - what it is, why children remain silent about it, some of the effects abuse can have on a survivor's life and how these can be minimised, and who the offenders are. Part 2 is for survivors, helping them to understand and to cope with their unique experience of child sexual abuse. Part 3 is specifically for supporters and caregivers of survivors.

**Beyond Betrayal** - Richard B. Gartner 2005-04  
Providing empowering action steps and written specifically for survivors of male sexual abuse as well as their spouses, partners, and loved ones, Beyond Betrayal is based on Richard Gartner's decades of experience as a psychologist, psychoanalyst, and advocate for sexually abused men. Covering both male and female abuse of boys and young men, Dr. Gartner explores the different types of abuse, from sexual abuse with and without touch to covert abuse to trauma, revealing the profound impact of sexual betrayal by such caretakers as clergy, family, teachers, babysitters, and health professionals. Gartner explains how as a child one trusts out of necessity and how the betrayal of that trust ravages one's self-concept as a man while also wreaking havoc on one's relationships.

*Wege der Traumabehandlung* - Michaela Huber 2023-01-05

Bindung als Grundlage der Traumabehandlung  
Bei komplex traumatisierten Menschen sind aufgrund einer früh erworbenen strukturellen Dissoziation Veränderungen nur schwer möglich. Hilfreich ist allein eine tiefe innere Bindung zu einem anderen Menschen, denn sie kann dazu beitragen, Verbindungen zwischen einzelnen Persönlichkeitsanteilen aufzubauen. Und genau hier muss Psychotherapie ansetzen: Bindungsorientiert „auf der inneren Bühne“ arbeiten und helfen, innere Verbindungen herzustellen. Erst dann können Klient\*innen auch von kognitiven und verhaltensorientierten sowie körpertherapeutischen Behandlungsmethoden tief innerlich profitieren. In diesem Standardwerk zur Traumabehandlung werden – aktualisiert und auf den neuesten Stand gebracht – die Behandlungsmethoden vorgestellt, die auch komplex traumatisierten Menschen helfen.

**Joining Forces** - Howard Fradkin, Dr.

2012-11-05

This inspirational book was written to empower male survivors of sexual victimization at any age to overcome the effects of trauma and learn to thrive. Male survivors often struggle to feel any sense of hope for the future, so *Joining Forces* is designed to inspire them and their allies with easily mastered skills developed over the course of psychologist Dr. Howard Fradkin's 30-year career, and the real-life experiences of other survivors who have learned to thrive. Each chapter invites survivors to dare to dream that they can take another step in their healing process by leaving their isolation behind; challenging their dysfunctional beliefs and replacing them with healthier, functional messages; practicing healing exercises; reading about the struggles and successes of men just like them; and learning how to build hope through the use of affirmations. This book is unique in that it is based on the experiences of over 800 participants in MaleSurvivor Weekends of Recovery. The tools taught during those workshops, plus many more developed through Dr. Fradkin's clinical experiences, are presented so that each survivor has an opportunity to use coping skills as he faces the challenges of his recovery. Survivors and their allies will learn that they are not alone in their struggles and that others have walked in their path, become stronger, and found a sense of freedom. They'll read about how to make healthier choices to enhance their relationships, emotional functioning, and job performance and to thrive in their lives.

Sexual Abuse of Males - Josef Spiegel

2013-08-21

This comprehensive text is one of the first to tackle the grave matter of the sexual abuse of boys, in all its complexity, within a biopsychosocial context and from different vantage points. Based on the life histories of more than one thousand sexually abused boys and adult males with histories of childhood sexual abuse, *Sexual Abuse of Males* examines the myriad biological, psychological, interpersonal, familial, and social variables that underlie and impact the experience of childhood sexual abuse. Guided by research and informed by practice, this pioneering text presents an extensive review of the literature, a well-

grounded theoretical model of abuse dynamics and effects, a systematic model of treatment. This information is further elucidated through compelling case illustrations that highlight the effects of sexual abuse with regard to biological, psychological, and social adaptation, and development.

**Sexual Abuse of Males** - Josef Spiegel 2003  
Based on hundreds of case histories, this book examines the sexual abuse of boys, from the perspectives of victim & perpetrator. It adopts a psychosocial context & seeks to develop a multidimensional understanding of dynamics & effects.

*Father's Touch* - Donald D'Haene 2010-11  
D'Haene's memoir details his experiences growing up in southwestern Ontario as a sexual abuse survivor within a Jehovah's Witness family. D'Haene was one of the first males in North America to take his abuser to court and go public with his story. He takes the reader on an emotional roller coaster, starting with the deep sadness and despair caused by child abuse, then offering hope and healing to the many out there who have remained silent.--From publisher description.

*Abused Boys* - Mic Hunter 1991-06-25  
A long overdue book by a psychologist who has extensive clinical experience treating male victims of child sexual abuse, it explodes the myth that sexual abuse of male children is rare, or that the consequences are less serious than for girls. Hunter examines the physical and emotional impact of abuse on its victims and the factors affecting recovery. With personal case histories of victims and their families, this is a powerfully written and meticulously researched book that is a landmark in the field of child sexual abuse literature.

**Nixonland** - Rick Perlstein 2010-07-29  
An exciting e-format containing 27 video clips taken directly from the CBS news archive of a brilliant, best-selling account of the Nixon era by one of America's most talented young historians. Between 1965 and 1972 America experienced a second civil war. Out of its ashes, the political world we know today was born. Nixonland begins in the blood and fire of the Watts riots-one week after President Johnson signed the Voting Rights Act, and nine months after his historic landslide victory over Barry Goldwater seemed to have heralded a permanent liberal consensus. The next year scores of liberals were thrown out of Congress, America was more divided than ever-and a disgraced politician was on his way to a shocking comeback: Richard Nixon. Six years later, President Nixon, harvesting the bitterness and resentment borne of that blood and fire, was reelected in a landslide even bigger than Johnson's, and the outlines of today's politics of red-and-blue division became already distinct. Cataclysms tell the story of Nixonland: • Angry blacks burning down their neighborhoods, while suburbanites defend home and hearth with shotguns. • The civil war over Vietnam, the assassinations, the riot at the Democratic National Convention. • Richard Nixon acceding to the presidency pledging a new dawn of national unity--and governing more divisively than any before him. • The rise of twin cultures of left- and right-wing

vigilantes, Americans literally bombing and cutting each other down in the streets over political differences. •And, finally, Watergate, the fruit of a president who rose by matching his own anxieties and dreads with those of an increasingly frightened electorate--but whose anxieties and dreads produced a criminal conspiracy in the Oval Office.

*You and Me Forever: Marriage in Light of Eternity* - Francis Chan 2014-08-26

Marriage is great, but it's not forever. It's until death do us part. Then come eternal rewards or regrets depending on how we spent our lives. In his latest book, Francis Chan joins together with his wife Lisa to address the question many couples wonder at the altar: "How do I have a healthy marriage?" Setting aside typical topics on marriage, Francis and Lisa dive into Scripture to understand what it means to have a relationship that satisfies the deepest parts of our souls. In the same way Crazy Love changed the way we saw our personal relationship with God, *You and Me Forever: Marriage in Light of Eternity* will radically shift the way we see one of the most important relationships in our life. Jesus was right. We have it all backwards. The way to have a great marriage is by not focusing on marriage. Whether you are single, dating or married, *You and Me Forever* will help you discover the adventure that you were made for - and learn how to thrive in it. 100% of the net proceeds from this book will support various ministries including those that help provide shelter and rehabilitation for thousands of children and exploited women around the world. *Voice Male* - Rob A. Okun 2014-01-05

Here is a stunning new book that succeeds in doing nothing less than chronicling the social transformation of masculinity over a three-decade span. Through thematically arranged essays by leading experts, *Voice Male* illustrates how a growing movement of men is redefining masculinity. In this collection, Rob Okun directs a chorus of pro-feminist voices, introducing readers to men examining contemporary manhood from a variety of perspectives: from overcoming violence, fatherhood, and navigating life as a man of color, a gay man, or a boy on the journey to manhood. It also provides a critical forum for both male survivors and LGBTQ men to speak out. This inspired book is evidence of a new direction for men, brightly illuminating what's around the bend on the path to gender justice.
