Stop the World, I Want to Get Off... - Iain Hollingshead 2016-12-01

Readers of the Daily Telegraph will be fondly aware of the combination of wistful nostalgia, robust no-nonsense good sense and appalled outrage that characterises its "brilliant" (Ian Hislop) Letters page, which if it did not exist would have to be invented. But what of all the letters that were just slightly too wacky, too off the wall, too politically incorrect, to make it for publication? Now the Telegraph gives their authors the stage at last: baffled, furious, occasionally paranoid, and from this hilarious selection of the best we can see that no, none them is alone...

Pandemic Re-Awakenings - Guy Beiner 2021-12-30

Pandemic Re-Awakenings offers a multi-level and multi-faceted exploration of a century of remembering, forgetting, and rediscovering the influenza pandemic of 1918-1919, arguably the greatest catastrophe in human history. Twenty-three researchers present original perspectives by critically investigating the hitherto unexplored vicissitudes of memory in the interrelated spheres of personal, communal, medical, and cultural histories in different

national and transnational settings across the globe. The volume reveals how, even though the Great Flu was overshadowed by the commemorative culture of the Great War, recollections of the pandemic persisted over time to re-emerge towards the centenary of the 'Spanish' Flu and burst into public consciousness following the outbreak of the COVID-19 pandemic. The chapters chart historiographical neglect (while acknowledging the often-unnoticed dialogues between scientific and historical discourses), probe silences, and trace vestiges of social and cultural memories that long remained outside of what was considered collective memory.

**Old West Surrey** - Gertrude Jekyll 2017-10-12

Excerpt from Old West Surrey: Some Notes and Memories SO many and so great have been the changes within the last half-century, that I have thought it desirable to note, while it may yet be done, what I can remember of the ways and lives and habitations of the older people of the working class of the country I have lived in almost continuously ever since I was a very young child. It is the south-western corner of the county of Surrey; so near indeed to the actual corner, that the adjoining portions of Hampshire and Sussex come within a radius of a very few miles, and are considered as within the district. After all, geographical distinctions are purely arbitrary, and only really appreciable on the map, where they show in different colours; whereas, in the real world, one steps without knowing it from Surrey into Hampshire on the dry heath - land, and out of Surrey into Sussex from one clay puddle into the next, without being aware in either case that the land 'is called by another name. Out of this World - Donna Samworth 2015

**Sussex, Kent and Surrey 1939** - Richard Wyndham 2019-12-12

A remarkable and eccentric insight into the south east of England in the pre-war period. Richard Wyndham's 'last look round' was a tour taken immediately before the Second World War in 1939 and was originally published in the following year as South-Eastern Survey.

Wyndham is a very agreeable companion as he travels in his self-confessed 'haphazard' way around the counties of Sussex, Kent and Surrey. Often eccentric but always good fun, he drives 'for the most part on side roads only, and through villages and lesser towns.' A selection of Wyndham's own black and white photographs taken on his expedition are included. *Sussex, Kent and Surrey 1939* is a wonderful insight into south east of England before the outbreak of the Second World War, which brought so much change to the country. Wyndham is a superb travel companion who completed the writing as he was called up for active service.

*A History of Surrey* - Peter Brandon 2022-03-17  
Surrey affords good examples of prosperous peasant life at the woodland margin in the Middle Ages and had some of the best developed industry before the Industrial Revolution. The landscape gardening which has made the county unrivalled in its still beautifully contrived scenery is a major contribution to the arts of Western Europe. "Dr. Brandon is meticulous in charting Surrey's growth ... detailed but not dull ..." Surrey Advertiser.

**Great War Britain West Sussex:**

**Remembering 1914-18** - West Sussex County Council 2014-08-04

The First World War claimed over 995,000 British lives, and its legacy continues to be remembered today. Great War Britain: West Sussex offers an intimate portrayal of the county and its people living in the shadow of the 'war to end all wars'. A beautifully illustrated and highly accessible volume, it describes local reaction to the outbreak of war; charts the experience of individuals who enlisted; the changing face of industry; the work of the many hospitals in the area; the effect of the conflict on local families; the women who defied convention to play a vital role on the home front; and concludes with a chapter dedicated to how the county and its people coped with the transition to life in peacetime once more. The Great War story of West Sussex is told through the testimony of those who were there and is vividly illustrated with evocative images from the archives of West Sussex County Council and local museums.
