These aliens are willing to do anything to meet their mates...even join a dating agency and come to Earth. But are the humans ready for them? Sixx: Dakonian Alien Mail Order Brides #4 Single alien dad seeks a human mate with some moxie. Saving up to start her own video game company, Moxie Maguire logs fourteen hours days working for an obnoxious boss. But when life seems to be passing her by, she sets another goal—meet her dream man. The Intergalactic Dating Agency matches her with Sixx. Hot & horned, a good listener, family-oriented—Sixx is the perfect man to share a life with. If only that life was on Earth. Single dad Sixx dreams of finding a mate and raising more “kits.” With females in short supply on his planet, he heads for Earth to get a female and get back to Dakon and his young son. The instant he

meets Moxie, he recognizes she's his Fated mate. He can't abandon his child. And, unfortunately, his planet has even fewer computers than females. One for the entire planet, to be exact. Will two Fated Mates have to part? Or can they find a way to work it out? Kord: Dakonian Alien Mail Order Brides #5 She's a successful restaurateur, but he's hungry for more than what she's cooking. Barb Quintain owns the hottest restaurant in town, lives in a fabulous luxury apartment, and has a personality as big as the state of Texas. But outward confidence conceals old wounds as big as Texas, too. She hides behind success, fearing someone will discover what she's really like—a fake, a fraud, all broth and no beans. Then, one evening, Kord walks into her restaurant—an alien so hot and sexy she knows he's way out of her league. Kord doesn't understand why none of his Intergalactic Dating Agency matches have panned out until he meets the owner of Barbie Q's Restaurant and realizes she's his Fated mate. Unfortunately, she doesn't seem to recognize that. The only thing he can do is get her to hire him so he can convince her they're meant to be together. Just as Kord's patience wins her over, a family crisis sends Barb running in her rhinestone boots. Will confronting her past destroy their future? Braxx: Dakonian Alien Mail Order Brides #6 She's given up on love, but love hasn't given up on her... If there's anything Holly Hansen has learned it's that falling for a persuasive charmer is a sure path to a broken heart. It happened when her fiancé abandoned her just when she needed him most. Everything about the smoking-hot alien, Braxx, reminds her of her ex, and he keeps showing up night after night at the restaurant where she works. It's enough to wear a girl down, make her doubt her convictions, maybe hope that love can conquer the heartbreak of the past... The instant Braxx meets Holly Hansen, his horns begin to throb, and he realizes she's the

ONE. His Fated Mate. He can't wait to settle down with her and make beautiful babies together. Unfortunately, she won't give him the time of day. But he didn't come this far to give up easily, and he hopes that with patience and baby steps, he'll win her heart. Just when it seems he'll succeed, Holly's past comes back to haunt them. Can a heartbreak be too deep for love to fix? All the stories in this volume can be read as stand-alones. You do not have to have read the previous Dakonian books (Darak, Aton & Caid).

*On the Verge of Tears* - Michele Byers 2010-04-16

The idea for this book began with David Lavery's 2007 column for flowtv.org. "The Crying Game: Why Television Brings Us to Tears" asked us to consider that "age-old mystery": tears. The respondents to David's initial survey—Michele Byers among them—didn't agree on anything ... Some cried more over film, some television, some books; some felt their tears to be a release, others to be a manipulation. They did agree, however, as did the readers who responded to the column, that crying over stories, and even "things," is something that is a shared and familiar cultural practice. This book was born from that moment of recognition. *On the Verge of Tears* is not the first book to think about crying. Tom Lutz's *Crying: The Natural & Cultural History of Tears*, Judith Kay Nelson's *Seeing Through Tears: Crying and Attachment*, Peter Schwenger's *The Tears of Things: Melancholy and Physical Objects*, and Henry Jenkins' *The Wow Climax: Tracing the Emotional Impact of Popular Culture* also offer forays into this familiar, if not always entirely comfortable, emotional space. This book differs markedly from each of these others, however. As a collection of essays by diverse hands, its point of view is multi-vocal. It is not a history of tears (as is Lutz's superb book); nor is its approach psychological/sociological (as is Nelson's). It does not limit itself to very contemporary popular culture (as does Jenkins' book) or material culture (as does Schwenger's study). What *On the Verge of Tears* offers are personal, cultural, and political ruminations on the tears we shed in our daily engagements with the world and its artifacts. The essays found within are often deeply personal, but also have broad implications for everyday life. The authors included here

contemplate how and why art, music, film, literature, theatre, theory, and material artifacts make us weep. They consider the risks of tears in public and private spaces; the way tears implicate us in tragedy, comedy, and horror. *On the Verge of Tears* does not offer a unified theory of crying, but, instead, invites us to imagine tears as a multi-vocal language we can all, in some manner, understand.

Love Is an Orientation - Andrew Marin 2009-09-25

Outreach Magazine Resource of the Year Award winner Golden Canon Leadership Book Award winner Relevant Magazine: Top 20 Best Overall Books winner Englewood Review of Books: Top 20 Best Overall Books winner Christian Manifesto Lime Award winner Andrew Marin's life changed forever when his three best friends came out to him in three consecutive months. Suddenly he was confronted with the gay, lesbian,

bisexual and transgender community (GLBT) firsthand. And he was compelled to understand how he could reconcile his friends to his faith. In an attempt to answer that question, he and his wife relocated to Boystown, a predominantly GLBT community in Chicago. And from his experience and wrestling has come his book, *Love Is an Orientation*, a work which elevates the conversation between Christianity and the GLBT community, moving the focus from genetics to gospel, where it really belongs. Why are so many people who are gay wary of people who are Christians? Do GLBT people need to change who they are? Do Christians need to change what they believe? *Love Is an Orientation* is changing the conversation about sexuality and spirituality, and building bridges from the GLBT community to the Christian community and, more importantly, to the good news of Jesus Christ.

**No Sex in the City** - Lindsey N. Isham 2011-09-20

Many books about sexual purity speak to men, but few-if any-speak to young women. Lindsey Nicole Isham boldly fills that gap with *No Sex in the City*, the brutally honest and often hilarious story of Lindsey's quest for sexual purity in the face of an impure culture, baffled peers, and sexual desire. Speaking from her own experience and from years as an abstinence advocate, Lindsey treats young women like the sexual beings they are, exploring their desires and curiosities about sex while relating candid experiences and truths about sexual purity. A great tool for Bible studies, youth groups, and abstinence organizations, *No Sex in the City* will help young, single, Christian women discuss their thoughts and keep their purity commitments.

*Sex and Money* - Mark Dapin 2004-07

*Sex + Money*: growing up in the men's magazines is the story of Mark Dapin's rise from the gutter (where he found himself one sad morning with no money and no shoes) to editor-in-chief of *Ralph* magazine. Along the way, he has his ribs broken by world welterweight boxing champion Kostya Tszyu and his heart broken by supermodel Claudia Schiffer. He visits a lap-dancing club with confessed killer Chopper Read, and hangs out with SAS troopers and Foreign Legionnaires. But the most mercenary and least trustworthy people he meets always wear suits and

ties. As he stumbles to bring order to a life spent losing wallets, memories, girlfriends and - at one point - his office door, Dapin tells the history of men's magazines in Australia, from Playboy, Penthouse and The Picture to FHM, Ralph and Men's Health. He explains how women become cover-girls, and how cover-girls become perfect women using Photoshop, airbrushes and an art director's imagination. It's a funny, pointless, beer-sodden adventure that leads him towards the top of the corporate world, where he begins to miss the gutter because it's cleaner.

Memory is a tricky thing, and hers has been forever altered by a series of traumatic events that left her family dead and her body broken. **Close Up** - Elise Faber 2020-05-03

I didn't do second dates. Not ever. Like never, ever. No judgment, no censure or self-loathing. I took what men were willing to give for one night and moved on. Except for Damon Wood. He was beyond hot and I definitely liked him. But I hadn't had him. Because I knew if I did once would not be enough. Damon was a photographer by trade and since I was a former model, our paths had crossed plenty. He was professional, sexy as sin, and could have me in stitches at the exact wrong, or depending on the shot he was after, the exact right moment. So aside from his killer personality and gorgeous body, his photographs of me were my favorites. As in I cherished them. More than that, I dreamed about him—about Damon in my bed, against a wall, on the kitchen counter, the shower. And maybe . . . I dreamed about him in my life. As thus, I'd never dipped into the pool that was Damon Wood and never would. No way, no how, no— But then our paths crossed unexpectedly. Then I had a weak moment. Then he ended up naked in my bed. And then . . . he wouldn't leave. \*This book was previously published under the title, Whore\*
