Implementation and Outcomes of Fare-free Transit Systems - Joel

Volinski 2012

The purpose of this synthesis was to document the past and current experiences of public transit agencies that have planned, implemented, and operated fare-free transit

systems. The report concentrates on public transit agencies that are either direct recipients or sub-recipients of federal transit grants and provide fare-free service to everyone in their service area on every mode they provide. The report will be of interest to transit managers and staffs,

*Downloaded from
legacy.opendemocracy.net
on 2019-12-16 by guest*

small urban and rural areas, university, and resort communities, as well as stakeholders and policy makers at all levels who would be interested in knowing the social benefits and macro impacts of providing affordable mobility through fare-free public transit. A review of the relevant literature was conducted for this effort. Reports provide statistics on changes in levels of ridership associated with fare-free service. White papers or agency reports identified by the topic panel or discovered through interviews with fare-free transit managers were also reviewed. Through topic panel input, Internet searches, listserv communications, and APTA and TRB sources, the first comprehensive listing of public transit agencies that provide fare-free service in the United States was identified. A selected survey of these identified public transit agencies yielded an 82% response rate (32/39). The report offers a look at policy and administrative issues

through survey responses. Five case studies, achieved through interviews, represent the three types of communities that were found to be most likely to adopt a fare-free policy: rural and small urban, university dominated, and resort communities.

Pinot Envy - Edward Finstein 2013

A wine expert investigates the theft of a rare and priceless bottle of red Burgundy that once belonged to Napoleon Bonaparte.

The End of Policing - Alex S. Vitale 2021-12-07

The best-selling bible of the movement to defund the police in an updated edition The massive uprising that followed the police killing of George Floyd in the summer of 2020—by some estimates the largest protests in US history—thrust the argument to defund the police to the forefront of international politics. That case had been put persuasively a few years earlier in The End of Policing by Alex Vitale, now a leading figure in the urgent public discussion over policing

*Downloaded from
[legacy.opendemocracy.net](https://www.legacy.opendemocracy.net)
on 2019-12-16 by guest*

and racial justice. The central problem, Vitale demonstrates, is the dramatic expansion of the police role over the last forty years. Drawing on firsthand research from across the globe, he shows how the implementation of alternatives to policing—such as drug legalization, regulation, and harm reduction instead of the policing of drugs—has led to reductions in crime, spending, and injustice. This updated edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward, evaluating protest, policy, and the political situation.

**Data Mining for
Intelligence, Fraud &
Criminal Detection -**
Christopher Westphal
2008-12-22

In 2004, the Government
Accountability Office provided
a report detailing
approximately 200

government-based data-mining projects. While there is comfort in knowing that there are many effective systems, that comfort isn't worth much unless we can determine that these systems are being effectively and responsibly employed. Written by one of the most respected consultants in the area of data mining and security, Data Mining for Intelligence, Fraud & Criminal Detection: Advanced Analytics & Information Sharing Technologies reviews the tangible results produced by these systems and evaluates their effectiveness. While CSI-type shows may depict information sharing and analysis that are accomplished with the push of a button, this sort of proficiency is more fiction than reality. Going beyond a discussion of the various technologies, the author outlines the issues of information sharing and the effective interpretation of results, which are critical to any integrated homeland security effort. Organized into three main sections, the book

Downloaded from
legacy.opendemocracy.net
on 2019-12-16 by guest

fully examines and outlines the future of this field with an insider's perspective and a visionary's insight. Section 1 provides a fundamental understanding of the types of data that can be used in current systems. It covers approaches to analyzing data and clearly delineates how to connect the dots among different data elements. Section 2 provides real-world examples derived from actual operational systems to show how data is used, manipulated, and interpreted in domains involving human smuggling, money laundering, narcotics trafficking, and corporate fraud. Section 3 provides an overview of the many information-sharing systems, organizations, and task forces as well as data interchange formats. It also discusses optimal information-sharing and analytical architectures. Currently, there is very little published literature that truly defines real-world systems. Although politics and other factors all play into how much one agency is willing to support the

sharing of its resources, many now embrace the wisdom of that path. This book will provide those individuals with an understanding of what approaches are currently available and how they can be most effectively employed.

**Sexual Assault and the
Justice Gap: A Question of
Attitude** - Jennifer Temkin
2008-04-15

This book is set against the background of the 'justice gap' in sexual assault cases - the dramatic gap between the number of offences recorded by the police and the number of convictions. It seeks to examine the attitudinal problems which bedevil this area of law and possible strategies for addressing them. Written by a professor of law and a professor of psychology, it reviews evidence from socio-

legal and social cognition research and presents new data drawn both from interviews with judges and barristers and from studies with prospective lawyers and members of the public. In the final part, it considers different ways in which rape trials could be improved and suggests steps that could be taken to change public attitudes about sexual assault.

**How to Help Your Spouse
Heal from Your Affair** - Linda
J. MacDonald 2010-11-24

As an infidelity specialist for 25 years, therapist Linda J. MacDonald has identified behaviors and attitudes that determine unfaithful persons' success or failure to mend their marriages after an affair. How to Help Your Spouse Heal from Your Affair offers practical advice for those who've strayed and want a second chance. Learn what Successful Rebuilders know:* How to avoid the potholes that doom marriages after affairs* Critical guidelines for the first hours after discovery * 15 essential steps for repair after betrayal*

*Downloaded from
legacy.opendemocracy.net
on 2019-12-16 by guest*

Skills to cope with your partner's obsessions and "triggers"* Ways to undo the damage from your lies * The keys to avoid prolonging your spouse's agony (and yours)* The difference between helpful and harmful apologies* How to rebuild your broken life, relationships, and integrity

BACK OF THE BOOK Most unfaithful partners underestimate the breadth and depth of the fallout after infidelity. If you have had an affair but have regrets and hope to save your marriage, don't let another mistake-ridden day go by without reading this book! Or, if you are the injured spouse and your unfaithful partner keeps hurting you with his/her attempts to help you feel better in all the wrong ways, put this manual into your spouse's hands right away. Find out for yourself what the difference is between those who blow up their marriages in the aftermath of affairs and those who successfully manage to repair and rebuild their marriages into better-than-ever

relationships. How to Help Your Spouse Heal from Your Affair provides a practical road map for unfaithful spouses who wish to have another chance with their partners. Easy to read, even for the self-help book phobic! "Your material in How to Help Your Spouse Heal from Your Affair is absolutely excellent. I have counseled for twenty-five years and found it well-done, balanced, and accurate." -Jim Velez M.S., M.A., L.P.C., Portland, Oregon

Public Records Online -

Michael L. Sankey 2006
The only Master Guide to online public record searching, The sixth edition details nearly 10,000 sites, both government agencies and private sources. This new edition is completely revised and updated.

Myth and Geology - Luigi Piccardi 2007

"This book is the first peer-reviewed collection of papers focusing on the potential of myth storylines to yield data and lessons that are of value to the geological sciences.

Building on the nascent discipline of geomorphology,

Downloaded from
legacy.opendemocracy.net
on 2019-12-16 by guest

scientists and scholars from a variety of disciplines have contributed to this volume. The geological hazards (such as earthquakes, tsunamis, volcanic eruptions and cosmic impacts) that have given rise to myths are considered, as are the sacred and cultural values associated with rocks, fossils, geological formations and landscapes. There are also discussions about the historical and literary perspectives of geomythology. Regional coverage includes Europe and the Mediterranean, Afghanistan, Cameroon, India, Australia, Japan, Pacific islands, South America and North America. Myth and Geology challenges the widespread notion that myths are fictitious or otherwise lacking in value for the physical sciences." -- BOOK JACKET.

Identifying Child Molesters -
Carla Van Dam 2013-12-19
Stop abuse before it starts!
Identifying Child Molesters:
Preventing Child Sexual Abuse
by Recognizing the Patterns of
the Offenders will teach you to

better protect children from potential child sexual molesters long before any abuse can actually occur. Here you'll learn to recognize and understand the seemingly invisible steps that typically precede child sexual abuse. These stories of molesters, their families, and their victims, will enable you to more accurately see through a potential molester's charming demeanor and better protect the children in your life. Understanding the behavior that molesters often exhibit when trying to obtain access to children is essential to protecting children from their advances. By becoming familiar with this terrain you will find the courage and strength to decide what must be done, and the skills to follow through with the necessary actions. Such responses will appropriately curtail an offender's access to children and subsequent opportunities to molest. *Identifying Child Molesters* will teach you: how to recognize those who might molest how molesters typically

'charm' adults how societal attitudes help to foster child sexual abuse what to do when encountering a potential molester what physical and emotional damage molestation can cause to victims how to graciously avoid potentially dangerous situations

Identifying Child Molesters: Preventing Child Sexual Abuse by Recognizing the Patterns of the Offenders clearly spells out the techniques that child sexual molesters so successfully use to charm adults into giving them access to children. When these strategies are seen and understood, adults can take much more direct responsibility for preventing child sexual abuse than was previously possible. Anyone who lives or works with children needs to own this book. The information you'll encounter in Identifying Child Molesters might startle you, but it might also help you save the life of a child!

[Sex Offender Community Notification](#) - Richard Gary Zevitz 2000

This article discusses the effects of Wisconsin's community notification statute that authorizes officials to alert residents about the release and reintegration of sex offenders in their communities.

Driven To Kill - Gary C. King
2011-07-30

The true crime story of sex killer Westley Allan Dodd--his victims were too small to fight...and too young to die! Includes eyewitness execution report. By all appearances, twenty-nine-year-old Westley Allan Dodd was the perfect all-American boy—model high school student, camp counselor and U.S. Navy enlistee. But behind his mask of normalcy lurked a predatory sex fiend with a seventeen-year history of appalling acts of molestation and violence. Children were his victims and the parks of the Pacific Northwest his personal hunting grounds. On September 4, 1989, his unnatural desires had driven him past simple satisfaction to abduct, torture, and kill two young boys in Vancouver, Washington. Undetected

Downloaded from
legacy.opendemocracy.net
on 2019-12-16 by guest

despite his record, Dodd killed a third innocent victim only weeks later near Portland, Oregon. But only when he was caught trying to kidnap a child from a local movie theater was he finally taken into custody by police. Confessing to these heinous murders, he was convicted on all three counts and sentenced to death. Based on exclusive access to police files and riveting trial testimony, personal interviews with Dodd himself and excerpts from his chilling "diary of death," *Driven to Kill* dramatically recounts a hideous spree of death and horror that brought every parent's worst nightmare frighteningly to life!

"Horrific...This story will leave you gasping." True crime author Jack Olsen

Trends in State Courts 2020

- Charles Campbell 2020-07-14
Trends in State Courts is an annual, peer-reviewed publication that highlights innovative practices in critical areas that are of interest to courts, and often serves as a guide for developing new

initiatives and programs and supporting policy decisions. This year's Trends looks at leading during a pandemic, virtual remote interpreting, online dispute resolution, case management systems, new data systems for drug treatment courts, legal icons as a plain language tool, family justice initiative, the impact of labeling youth sexual offenders, parental alienation, divorces among senior citizens, state court collaboration across systems, what happens when a judge's personal opinion collides with the law, building trust, and racial justice.

Exiled in America -

Christopher P. Dum 2016-10-04
Residential motels have long been places of last resort for many vulnerable Americans—released prisoners, people with disabilities or mental illness, struggling addicts, the recently homeless, and the working poor. Cast aside by their families and mainstream society, they survive in squalid, unsafe, and demeaning circumstances that few of us can imagine. For a

*Downloaded from
legacy.opendemocracy.net
on 2019-12-16 by guest*

year, the sociologist Christopher P. Dum lived in the Boardwalk Motel to better understand its residents and the varied paths that brought them there. He witnessed moments of violence and conflict, as well as those of care and compassion. As told through the voices and experiences of motel residents, *Exiled in America* paints a portrait of a vibrant community whose members forged identities in response to overwhelming stigma and created meaningful lives despite crushing economic instability. In addition to chronicling daily life at the Boardwalk, Dum follows local neighborhood efforts to shut the establishment down, leading to a wider analysis of legislative attempts to sanitize shared social space. He also suggests meaningful policy changes to address the societal failures that lead to the need for motels such as the Boardwalk. The story of the Boardwalk, and the many motels like it, will concern anyone who cares about the

lives of America's most vulnerable citizens. *The Sourcebook to Public Record Information* - Peter Julius Weber 2004-10 Stop Searching . . . Start Finding! Professionals frustrated with searching for public records can now get accurate and current information on how to obtain records directly from the government. The revised and updated 5th edition of *The Sourcebook to Public Record Information* profiles-in-detail over 20,000 government agencies that house public records. More than a directory, the agency profiles found in *The Sourcebook* include access procedures, access restrictions, fees, online capabilities, turnaround times, along with addresses, phone/fax numbers, and additional information. Comprehensive Coverage! *The Sourcebook* contains an informative ?Public Record Primer? and the industry?s most comprehensive and current and profiles of County Courts, County Recording Offices, State
