

# Sexuality On The Spiritual Path

*Finding God in the Sexual Underworld* - Toby Johnson  
2020-11-03

Toby Johnson offers a remarkable positive and life-affirming description of sexual and homosexual consciousness as a source of transcendent vision and personal life fulfillment. As editor/publisher of *White Crane Journal* (1997-2004), Johnson featured articles and stories about gay men's mystical experiences and adventures on the path to psychological and spiritual wholeness. This book follows in that tradition. Johnson had studied for the Catholic priesthood before leaving the monastery in 1970 and moving to San Francisco to discover gay life and gay consciousness. While enrolled in a graduate program at the California Institute of Integral Studies, he

met and befriended the renowned scholar of mythology Joseph Campbell and became part of the crew that put on Campbell's appearances in Northern California in the '70s. From studying the world's religions and mythological traditions, especially Buddhism and mystical Christianity, Johnson learned a deeper meaning of spirituality. He still thought of himself as a monk, but now with an understanding broader than his boyhood Catholicism. While completing a degree as a psychotherapist, Johnson worked in a specifically gay/lesbian community mental health clinic in the downtown Tenderloin District. In that capacity he met social scientist-and-nicknamesake-Toby Marotta who was doing a survey for the County of agencies in the

Tenderloin. Marotta was just finishing his Harvard Ph.D. on the gay political and cultural movement in New York City. Together they worked to get their respective academic dissertations rewritten into readable style and published as popular books. Then pursuing Marotta's interest in ethnographic research into urban gay lifestyles, they worked in a federally-funded study of teenage prostitution to produce a Resource Manual for social service agencies struggling to address issues raised by the "sexual revolution" of the 1960s and '70s. Originally published as *In Search of God in the Sexual Underworld: A Mystical Journey*, this book recounted Johnson's discoveries and adventures in the hustler study, told from his perspective as a scholar of myth and religion and a seeker on a spiritual path. Now re-released as *Finding God in the Sexual Underworld: The Journey Expanded*, this second edition adds more details of the author's personal life and again

demonstrates how to weave a tapestry of meaning out of seemingly random and sometimes harrowing events. *A Vow Called Tenderness* - Maria A. T. Maier 1999 This is hopefully a humorous book, which deals with our many ailments, minor and major, which afflict us as we age. The book offers suggestions as to how to deal with these afflictions. It is written from the perspective of an ordinary man and the understanding of much of the conflicting medical information, that is presented to us on a daily basis. It is hoped that it entertains a little. Thanks much.

### **Sexuality and Seduction -**

Vladimir Živković

Short guide about human sexuality and sexual relationships. Learn true about seduction and manipulation in contemporary love relationships. How to live positive sexuality? What is seduction and why people like to be seducers? The answers are here, in this book. This text is written to disperse misconceptions about human sexuality and seduction. As always, I advise people to check the legitimacy of the creation. Nothing is accidental, and no action is without the consequences. This text should help the reader realize that there is no coincidental happiness, but only deserved one. That also means that happiness related to sexuality can't be arbitrary. It is the result of a pure, innocent and human sexuality. Who doesn't believe such claims, my advice is to check for validity of this reading at least. Still, it's

always better to live properly and humanely, than to check for errors, faults, and sin. The results of errors are always: the waste of time and misery. That's the truth that modern man has forgotten. Even worse thing is that there are a few of those a man can learn from the laws of Universe, which are happening every second faultlessly. And why is that so? It's because a man feels lonely and lost in Space. It's time to change this situation.

### **The Way of Tenderness -**

Zenju Earthlyn Manuel

2015-02-17

"What does liberation mean when I have incarnated in a particular body, with a particular shape, color, and sex?" In The Way of Tenderness, Zen priest Zenju Earthlyn Manuel brings Buddhist philosophies of emptiness and appearance to bear on race, sexuality, and gender, using wisdom forged through personal experience and practice to rethink problems of identity and privilege. Manuel brings her own experiences as a bisexual

black woman into conversation with Buddhism to square our ultimately empty nature with superficial perspectives of everyday life. Her hard-won insights reveal that dry wisdom alone is not sufficient to heal the wounds of the marginalized; an effective practice must embrace the tenderness found where conventional reality and emptiness intersect. Only warmth and compassion can cure hatred and heal the damage it wreaks within us. This is a book that will teach us all.

**An Introduction to Tantra and Sacred Sexuality -**

Michael Mirdad 2008-11  
An Introduction to Tantra and Sacred Sexuality offers insights into how to awaken and experience your sensual self, moment-by-moment. This book is exciting and enticing, as well as, powerful and healing. You do not have to be in a relationship to enjoy, explore, and apply sacred sexuality. Sacred sexuality opens you to experiencing levels of ecstatic bliss and unconditional love

and, most importantly, bringing these experiences into your daily life. Ultimately, it opens you to living bliss, not just feeling it. This ecstatic vibration translates into consistently feeling unconditional love for all people and things. Michael Mirdad wisely integrates both Tantric and Taoist perspectives and practices in the loving, passionate, and respectful framework of sacred sexuality.

*Living Tantra* - Jan Day

2021-11-09

Tantra originated in India many centuries ago but it's uniquely placed to help people use real life as grist to the mill for spiritual transformation. The purpose of the book is to articulate what Tantra can be in our modern times and how it can be applied to all aspects of our everyday life. Traditionally Tantra was a path that brought

spirituality out of the caves and monasteries and into the life of householders. It didn't seek to separate sexuality and spirituality and to force people to make a choice but rather to integrate the life of family and relationship with spirituality. This includes sexuality but it's not all about sexuality, and this is a rare book that applies Tantra to every aspect of life. *Living Tantra* is a body of work that aims to bring the essence and core message of tantra into relevance for our contemporary life and society as a path of spiritual growth and human development. It's based on her legendary workshops which book up via word of mouth and attracts attendees from across Europe and North America, especially Sweden, Austria, USA, Germany, Spain and the Czech Republic. The exercises here come out of these workshops and mean that we can benefit from this work in our own homes. The principles of *Living Tantra* are to use all life, all experience to learn and become more conscious of ourselves and the

**The Sacred Female** - Art Noble 2007

In his radical and sensitive book, *The Sacred Female*, Art Noble both enlightens and enthralls his readers with a novel that explores the intimate connection between a man and a woman. Noble brilliantly shows how sexual love manifests into a shared magical experience. "Most men will stand with club and spear in hand, facing the hordes of Attila the Hun, but run like a scared rabbit when a woman says, I love you," explained Noble. "When this happens, they must reach down into their guts, and check it out. Is

this a typically repressed woman who is using her sex to trade for security, or is this a woman with a gift to give so that I may fully give in return?" At just over 200 pages, Noble depicts a powerful saga of fascinations and magical implications of intimacy. The Sacred Female tells the story of Rich and Jeanne. A relationship that entails a series of six o'clock dinners, eventually becomes an extremely intimate and very sensual relationship between the couple. "They travel this path together as Rich unknowingly skirts involvement in a dangerous criminal enterprise, and Jeanne's business grows beyond her expectations," stated Noble. "At times, erotic and sensual, The Sacred Female is about intimate connection between partners and explores both arcane aspects of female anatomy and physiology as well as the significance of finding a mutually spiritual path through sexuality." Breathtaking and utterly convincing, The Sacred Female delivers a combination

of erotica, romance, and even adventure. The book depicts the suppressed parts of a man's and woman's emotional entities and brings them to light.

Intimate relationships as we know them, take a new and even more exciting, direction. *Intimate Spirituality* - Gordon J. Hilsman 2007

Issues relating to sexuality are and will be a primary concern for Catholics at all levels for the foreseeable future.
