Part two presents a series of examples of handwriting in photocopyable form, aimed principally at the pupils but with full teacher support, designed to show pupils a range of handwriting problems, helping them them to self-diagnose and work towards improvement. Each page offers practical tips and help for pupils with difficulties. All of the photocopyable material is also provided in electronic format on the companion website. Each approach is outlined in detail, offering advice on effective observation, procedures to follow in giving appropriate practical help to pupils, and how to assess progress. Part three also offers guidelines for designing checklists, and the role of surveys and research.
