The Beauty Myth - Naomi Wolf 2013-08-31

The bestselling classic that redefined our view of the relationship between beauty and female identity. Every day, women around the world are confronted with a dilemma - how to look. In a society embroiled in a cult of female beauty and youthfulness, pressure on women to conform physically is constant and all-pervading. In this iconic, gripping and frank exposé, Naomi Wolf exposes the tyranny of the beauty myth through the ages and its oppressive function today, in the home and at work, in literature and the media, in relationships between men and women, between women and women. With pertinent and intelligent examples, she confronts the beauty industry and its advertising and uncovers the reasons why women are consumed by this destructive obsession. 'Essential reading' Guardian 'A smart, angry, insightful book, and a clarion call to freedom. Every woman should read it' Gloria Steinem

Modern Romance - Aziz Ansari 2015-06-16

The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation's sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort

through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

A Sunday Times bestselling debut from Melinda Gates, *The Moment of Lift* is a timely and necessary call to action for women's empowerment. The right to: Spend your own money. Go to school. Earn an income. Access contraceptives. Work outside the home. Walk outside the home. Choose whom to marry. Get a loan. Start a business. Own property. Divorce a husband. See a doctor. Drive a car. All of these rights are denied to women in some parts of the world. 'How can we summon a moment of lift for human beings - and especially for women? Because when you lift up women, you lift up humanity.' In this moving and compelling book, Melinda shares the stories of the inspiring people she's met during her work and travels around the world and the lessons she's learned from them. equality in her own marriage. Throughout, she shows how there has never been more opportunity to change the world - and ourselves. When we lift others up, they lift us up, too.
