Taxes for Small Businesses 2023 Nicholas Regan, 2022-10-31 First time business owners Don't file your taxes until you've read this book twice Just starting a new business and looking for the basics on taxes Feel like you're missing out on special tax deductions for small business owners Want to know how you can use an LLC to pay less taxes If you want to get a handle on taxes for your small business then this guide may help you save over 100 hours per year in administrative work That's if you're one in 3 small businesses that spend more than two workweeks just on federal taxes according to survey data from the US National Small Business Association NSBA It's no wonder then why almost every small business owner in the NSBA's survey said that doing taxes is their least favorite part of running a business Because while 67% of small businesses are spending over 1 000 annually on filing federal taxes They could be spending all that money effort and time on actually growing their business The problem is taxes tend to appear complicated and difficult to navigate You may have been warned that you need a CPA to hold your hand or that you should just let someone take care of your taxes for you completely And though it may be helpful to consult with a tax professional the truth is managing taxes for your small businesses is much easier than you think All you need are proven tactics and strategies to help you minimize your taxes and maximize the amount of hard earned money you get to keep In this book you'll discover What exactly S Corps are and the tax savings you can gain from this kind of taxation What qualifies for business travel deductions and what you can't include Little known taxes that affect lots of business owners How small business owners can earn more by paying themselves a lower wage Which tax election is right for your business How business income taxes work and how you can use this to your advantage How to leverage your investments to limit your taxes and the 5 different tax flavors that can apply to your investment accounts 8 exit strategies you can use to maximize your earnings from selling your business The 3 most business friendly states in the US plus 9 other states where it's easy to launch a new venture And much more You don't need to be a chartered accountant to figure out taxes for your business As long as you have a strong grasp on the fundamentals of how taxes work for small businesses you can cut back on the amount you're paying to Uncle Sam So you can devote more of your money to growing your business and becoming more successful But the choice is yours You can keep watching your tax bill grow bigger every year without understanding why or you can conquer all the ins and outs of small business taxes and legally lower your tax bill If you're ready to finally catch a real tax break for your business then scroll up and click the Buy Now button right now

Taxes for Small Business Greg Shields, 2018-03-02 Say goodbye to scratching your head in confusion This book on taxes could be the answer you're looking for Filing taxes is something every business in America needs to do and there is a lot that needs to be learned in this process It does not matter if you are self employed or own a limited liability company LLC You need to know what the difference is regarding taxes and how to get the most out of your return Payroll taxes may seem scary However you will start to see how simple they are as you read through Chapter 2 of this book Do you know what deductions you can make as an individual taxpayer and as a business There are so many tax breaks for a small business that you need to consider You will see the updated information for deductions and credits that are available to you based on the new GOP tax bill Best of all learn how to make the new tax bill work for you so you can maximize your deductions With the help of this book you will learn how you can get through those grueling audits and survive the pressure of Uncle Sam and his squad of tax informants If you have not filed the previous year's taxes then you may want to check out Chapter 5 as we discuss IRS survival and this particular issue In chapter 6 you will learn how to make your business taxes work for your business As a special bonus in chapter 7 you'll get examples of each of the IRS forms discussed throughout the chapters so you can see what they look like and their purpose Here are just some of the topics that are discussed in this book Differences Between LLC and Self Employed Taxes Payroll Taxes and How to Best Manage Them Knowing Your Tax Deductions Exemptions and Credits Capital Gains and Losses Your Business and the IRS Making Your Business Taxes Work for You Forms for Success So what are you waiting for Get the book now and start your learning

Helping newly registered businesses meet their tax obligations Great Britain: National Audit Office, 2006-12-06 There are around 700 000 new businesses starting up each year all of which are required to register with HM Revenue the process of registering for a tax the guidance and advice provided by the Department The report also highlights a number of conclusions and recommendations including the Department should target those newly registered businesses which are likely to benefit most such as those entirely new to business and have least understanding of their tax obligations new businesses should be encouraged to use the email alert service provided by Business Link the Department should make guidance forms easier to understand and complete and also work more closely with other organisations such as tax agents Business Link and financial institutions to coordinate help for new businesses in general the introduction of a single online tax registration for businesses would be beneficial and the Department should work towards a one stop telephone information system to cover all taxes
