**Spy** - 1993-12

Smart. Funny. Fearless."It's pretty safe to say that Spy was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine

journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.

**500 Dates** - Mark Miller 2015-02-03

Now several years post-divorce, relationship expert and humorist Mark Miller has experienced more than five hundred first dates. In *500 Dates*, composed of fifty-five humor essays, Miller features the highlights and lowlights of those dates. Among the true dating tales and revelations you will find in this book are:

- How Miller and his date learned the limitations of a man being too emotionally expressive. ("Most guys consider revealing more about themselves emotionally and communicating on a deeper level nearly as enjoyable as falling face-first onto an ice pick—or spending the rest of eternity listening to Celine Dion music.")
- Miller's realization that sometimes men have to pay a heavy price for their dates' previous relationship behavior. ("At least six different times, God has matched me up with a woman who has had a long history of wild, impulsive, passionate, no-holds-barred sex. She invariably finds something lacking in that lifestyle and decides to make a change. Starting with the very next man she dates. Who is invariably me.")
- Miller's misguided social experiment to separate dating from status by spending less than \$20 on the date, purchasing everything at a 99¢ store, and what he learned, as a result, about his date and himself. ("I realize now that on the journey of romance, thrift and creativity will take you only so far - for the rest of the trip, you'll need MasterCard.")
- Revealed for the first time the inner workings of a man's brain. ("Cerebellum. Responsible for coordinating movement and maintaining balance. Used primarily when a man has had eight beers and is endeavoring to make his way to the bathroom without tripping over the dog and pulling the fish tank over on top of them.")
- How Miller took his date to his ex-wife's holiday party only to find his date and his ex-wife bonding like high school girlfriends. ("Pam would take Amy aside and present to her a list of all 273 of my failings, most of which, she confides to Amy, won't become noticeable until month three of Amy's being with me. Amy is stunned; she'd only been aware of 149 of my failings.")

But *500 Dates* is about much more than dating. Its humor essays also cover romance, relationships, breakups, attraction, the nature of love, and how both men and women view the art, science, expectations, and reality of courtship and turning courtship into something deeper and longer lasting in the twenty-first century. Throughout these essays, a portion of which were previously published in various media, Miller provides a sense of hope about one's romantic prospects. Readers will find that the end of a marriage, even a long-term one, does not mean the end of romance—or one's sense of humor.

**Erotic Humor - Volume Four** - CreateSpace Independent Publishing Platform 2016-11-11

Eight sexy hot, funny stories by four authors that will make you smile as you squirm. Over 500 Pages Over 76000 words AUTHORS: Lexington Manheim, V. A. Gyna, Dee Dawning, Little Dickins What is Erotic Humor? Erotic humor is where the author tells his erotic story in a humorous manner. Usually humor permeates the entire story. Alternatively the author may use humor only in the sex scenes or he/she may withhold it from the sex scenes. STORIES 1.Swap by V. A. Gyna: Lisa's hunky boss is the bait as she devises a plan for a partner swap aboard his yacht with her best friend and her husband. 2.Seducing a Geek by Dee Dawning: Three sorority roommate cheerleaders find themselves simultaneously unattached-something that has never happened since they've known each other. Having no love life now and for the foreseeable future, they share another characteristic-they are all horny. So when one of them jokingly suggests they find a good-looking well-endowed stud to share, to her surprise, her roommates jump on the idea and the hunk hunt is on. 3.Oh Johnny by Little Dickins: BLURB The Tammy & Johnny series continues with Tammy's hot 33 year old Aunt getting in the Gang Bang action. 4.Dare - Sleeping with the Band by Dee Dawning: Carol

can't work. She can't even think. Everything's closing in on her. She needs to get away, so she gets in her Thunderbird-a gift from someone she doesn't even want to think about-and starts driving up the Pacific Coast Highway. After playing the set of their life, at the Monterey Pop Festival, the five members of the Maidenhead become mesmerized by Carol, a mysterious beauty who shows up at their motor home asking to use the restroom. As the night moves on they toke a little grass, shed a few clothes and get to know each other. It's The Summer of Love and they want her for sure and it's looking more and more like she wants them. Will she? Dare she? 5.My New Mom by Little Dickins: Candy and Drew meet initially at her wedding to his father. Drew's drawn to Candy like a moth to a flame and she seems equally smitten. When his father leaves on a three-week book signing and speech tour, will they behave or give in to deep-seated desires? 6.Alice in Eroticland by Dee Dawning: Ten years after her initial visit to Wonderland, Alice returns on her Twenty-first birthday. Only it's no longer Wonderland or Crazyland as she originally thought of Wonderland. Now, it was Eroticland and the prurient Ruby, the Queen of Diamonds is now in charge. Follow Alice as she winds her way through the sensual experience of a lifetime. 7.100 Women Vol 2 by Lexington Manheim: The story begins when, he decides he'd like to become skilled on the manual manipulation of women's genitals. Heck, he may even write a how-to book, How to Masturbate Women & Give Them Mind Blowing Orgasms or something like that. To that purpose, using the pseudonym Troy, he brazenly places an ad, in the local newspaper, seeking women for his study in the art of female masturbation. After promising absolute anonymity and total control, he waits with crossed fingers for volunteers to take him up on his generous offer of sexual bliss in the name of "science." Though slow going at first, ultimately our lucky hero is rewarded with a parade of eager beavers, volunteering for his enjoyable services. 8.Cunnylicking 101 - Mary Jane by V. A. Gyna: Oral sex is Jimmy Love's passion. Jimmy is a self-proclaimed cunnylicker. Follow him as he spreads joy through womanhood as he spreads their legs. Cunnylicking 101 - Mary Jane is the story of Jimmy Love's second adventure of pleasing womanhood, where Mary Jane, Jimmy's long time girlfriend is the recipient of Jimmy's 'magic tongue'

[Ha! Ha! Very Funny](#) - Tom Garrison 2019-11-21

Ha! Ha! Very Funny is available in paperback and ebook format. The book contains more than 500 (507 to be exact) jokes, riddles, and puns divided into 18 subject categories. We all share a similar experience: standing in a slow-moving line at the Department of Motor Vehicles, or Walmart, or at a popular restaurant. Most people find it the very definition of boring and a waste of time. However, with a bit of effort, you can turn this negative happening into an endorphin festival. How? For decades, when stuck in a snail-paced line, I have taken direct action to transform a dreary time into a fun time. Speak to the person in proximity and tell them a simple joke. What surpasses getting a perfect stranger to laugh at a corny joke? You brighten their day, even if for just a few seconds. I love doing that. Or, be the life of a dull party by spinning a few jokes/tales. Is there a better sound in the universe than human beings sharing a laugh? The book's introduction discusses the mental and physical benefits of joke telling and laughter. Then an examination of what a joke is and why they, hopefully, are funny. Next is an analysis of different forms of jokes-stories, one-liners, puns, and riddles. The chapter also covers why this book does not contain "naughty" (overtly sexual or mean spirited) jokes. Also included is a chapter on "The Art of Joke/Story Telling." Like many skills, joke telling is an art with some rules. Take drawing, for example. Anyone can draw stick figures and they may suffice for most uses. However, drawing with precision, flair, and creativity is much more than stick figures. The same with telling a joke/story. It can be bare bones and maybe work, or a Picasso of storytelling. Joke/story telling is simply effective communication. Joke telling guidelines include: knowing the material (and knowing when and when not to change parts of a joke); knowing your audience; engaging the audience; body language; and being creative. Memorize one joke (of the 500+ in this book) a day, and you are set for about 1 1/2 years. That should keep you amused, and amusing your friends, for a while. Have fun! Did you hear the one about ...?
