*Wisconsin Family Albums & Photographers' Imprints and Biographies 1800s to early 1900s* - Scott W. Raether 2013-10-24

Scott W. Raether enjoys collecting family albums containing cabinet cards, cartes de visite or cdvs, and tintypes. An amateur researcher or genealogist always hoping to run into ancestors

and discovering new photographers from 1800's to early 1900's. He has enjoyed filling the void in the history of photography in Wisconsin and would greatly appreciate more information on photographers and the family albums contained in this book.

**More Dating Old Photographs, 1840-1929 - 2004**

Contains hundreds of pictures which should help with establishing the date within a few years. Features an introductory essay by renowned old-photograph expert Maureen Taylor, and sections on unusual pictures and hand-tinted photos. A number of books have already been published that describe how to date old photographs. They rely almost entirely on descriptions: More Dating Old Photographs are almost all reproductions of old photographs of known date. Contains over 650 pictures covering the period from the 1840s to the 1920s. By comparing your unknown pictures to those in our book, you will be able to compare clothing and hair fashion, the poses adopted by the subject and the background settings. The book provides convincing evidence that our ancestors were at least as fashion conscious as we are today and that those fashions changed just as frequently. T3034HB - \$15.95
