**Meditations on Rising and Falling** Philip Pardi 2008-02-29 Winner of the 2008 Brittingham Prize in Poetry, selected by David St. John From tumult to catharsis, the poems in Philip Pardi's first collection, *Meditations on Rising and Falling*, explore the emotional tug-of-war that is the human experience. Present at every turn are people searching for meaning and sense in an elusive world: a doorman who plans to punch the senator who never speaks to him, a son who discusses ornithology with his father's dying friend, a roofer who copes with his past as he senses his imminent fall to the ground. While the poems are witness to the turmoil of both body and soul, they are not without hope. Pardi finds grace in noise, and happiness in the mourning doves, showing us that often, the reasons for disbelief become precisely the reasons for belief. Pardi's collection is a testimony to faith and resistance in a world where "falling is the given." Winner, Award for Poetry and Literary Criticism, The Writers' League of Texas Finalist, 2008 Norma Farber First Book Award, Poetry Society of America

'Her talent seemed so effervescent, so unstoppable, that there was no predicting where it might take her' - Hilary Mantel, author of Wolf Hall

Falling Slowly Anita Brookner 2013-01-24 'She hoped one day to find the image she unconsciously sought, without knowing why she sought it, something to lift the spirits, to transport her on an imaginary journey, to give a hint of the transcendence which was so blatantly lacking in her everyday life of words and paper.' **Avala Is Falling** Biljana Jovanović 2020-10-13 In *Avala Is Falling*, Jovanović's breakout success in 1978, a young woman challenges the expectations that teachers, parents, bus drivers, and doctors have for her. The "Avala" of the title refers to a mountain south of Belgrade which is home to some of Serbia's most important nationalist monuments and shrines; it is also the site of the main mental hospital for the region, and its "falling" is the unexpected fulfillment of a prophecy from a traditional Serbian folk song. Jovanović's use of stream of consciousness in her characters' thinking and speaking, as well as of intertextuality in description and plot advancement heralded the arrival of an innovative new writer who was determined to break with the of traditional concerns of earlier women writers. This book is now recognized as much more than "jeans prose," although the fame the book achieved under that characterization eventually pushed it to cult status. Jovanović is now considered a major avant-garde writer, whose stylistic innovations were as challenging as her women-centered themes.

*Catching Up and Falling Behind* David A Dyker 2004-07-05 In this collection of essays David A Dyker explores some of the most difficult and fascinating aspects of the process of transition from autocratic "real socialism" to a capitalism that is sometimes democratic, sometimes authoritarian. The stress is on the economic dimension of transformation, but the author sets the economic drama firmly within a political economy framework and a historical perspective. Trends in key economic variables are analysed against the background of the struggle between different social and political groups for power and command over resources. While the book pays due attention to topical issues like EU enlargement, the underlying perspective is a long-term one. Transition is viewed not as a set of once-and-for-all institutional changes or a process of short-term stabilisation, but as a historic opportunity to solve the inherited problem of poverty and underdevelopment in Central-East Europe and the former Soviet Union. The book ends with a critical assessment of how economics, as a discipline, has coped with the challenge of that historic opportunity. Contents: The Political Economy of Transition Transition and the Global Economy The East European Countries and the European Union Technology and Transition Patterns and Prospects By Way of Conclusion Readership: Social scientists with interest in transition countries; transition and East Europe specialists; public policy bodies and international aid communities; undergraduates who major in social science. Keywords: Nomenklatura Nationalism; Transition; Post-Socialist; Russian R&D; Former Soviet Union; Social Capability; Technology Absorption; EU Enlargement; Economic Development; Supply

**The Art of Falling** Deborah Lawrenson 2005 In 1944 Tom Wainwright, a British soldier, arrives in the small Italian town of Petriano. The war is nearly over, and in the lull before the Allied troops move further north to capture Florence Tom forges a friendship with the Parini family — and in particular with the eldest daughter, Giuliana. When the war ends he chooses to stay in Italy, planning to build a life with the woman with whom he has fallen deeply in love, but in the chaotic, tragic fallout of the end of the Second World War his hopes are dashed. Fifty years later Isabel Wainwright, Tom's daughter, sets off for Petriano herself, to attend a ceremony naming a piazza in the small town in her father's honour. But Isabel isn't so much going to represent her father as to find him — for she and her mother have heard nothing of him since, nearly twenty years earlier, he went out one day and never returned. She doesn't even know whether her father is dead or alive, but hopes that by discovering something of his past, she can build a picture of the man she hardly knew.

**Sector 12 and the Art of Falling** Joseph Kainz 2018-01-10 It's a hard life being a Frontier Corps Ranger in Sector 12. Operating outside human-controlled space, dealing every day with hostile alien governments, criminals, anti-Frontier Corps paramilitary groups and the like while serving simultaneously as soldier, scout, operative, spy and roving law enforcement officer. Still Red (or Rab, or Rubicon, or a lot of other less polite names, ) manages to stay on top of things. Sure his methods might be just a mite, err, dynamic, garnering (wholly baseless) charges of being terminally insane, but at least he's always gotten the job done. So far. His current assignment might break that streak. A Frontier planet is the victim of extremely barbaric raiders, and the Ranger they've sent a distress call to is unavailable. In order to fulfill his mission Red might have to be polite to the settlers, maintain cordial relations, and worst of all, perhaps even compromise here and there. To die trying no longer seems like the worst possible outcome.

**FALLING Through Dance and Life** Emilyn Claid 2021-01-14 This is a book about falling as a means of reconfiguring our relationship with living and dying. Dancer, choreographer, educator and therapist, Emilyn Claid, draws inspiration from her personal and professional experiences to explore alternative approaches to being present in the world. Contemporary movement based performers ground their practices in understanding the interplay of gravity and the body. Somatic intentional falling provides them a creative resource for developing both self and environmental support. The physical, metaphorical and psychological impact of these practices informs the theories and perspectives presented in this book. As falling can be dangerous and painful, encouraging people to do so willingly might be considered a provocative premise. Western culture generally resists falling because it provokes fear and represents failure. Out of this tension a paradox emerges: falling, we are both powerless subjects and agents of change, a dynamic distinction that enlivens discussions throughout the writing. Emilyn engages with different dance genres, live performance and therapeutic interactions to form her ideas and interlaces her arguments with issues of gender and race. She describes how surrender to gravity can transform our perceptions and facilitate ways of being that are relational and life enhancing. Woven throughout, autobiographical, poetic, philosophical, descriptive and theoretical voices combine to question the fixation of Western culture on uprightness and supremacy. A simple act of falling builds momentum through eclectic discussions, uncovering connections to shame, laughter, trauma, ageing and the thrill of release.

**Falling for my Brother's Best Friend** Piper Rayne 2019-02-20 Let's say you're an independent, self-sufficient woman who runs the family company and you find yourself falling for your little brother's best friend. Now, more than ever, you need to count all the reasons why you need to abandon falling. Abandon Falling #1 - He's a womanizer. Hasn't had a serious relationship a day in his life and changes women more often than he changes his sheets. Abandon Falling #2 - He's never serious. He cracks one-liners, mostly at your expense. Abandon Falling #3 - When things go wrong, he seems unfazed and always remains in control. It's so annoying. Abandon Falling #4 - He has tattoos. Lots of them. Everywhere. Not to mention, he owns a tattoo parlor. (Damn it! Why doesn't that sound like a bad thing anymore?) Abandon Falling #5 - There's a growing list of how different you two are. You can't get along for fifteen minutes—a lifetime together would land one of you in prison. Keep repeating those reasons and drown yourself in work. Pretend you don't notice his good qualities or how enticing he looks without a shirt, and do not, I repeat, do not agree to live with the man while your place is being repaired from flood damage. Trust me, even the strongest of us can only forego temptation for so long.
