Mastering the Art of French Cooking, Volume 1 - Julia Child 2011-10-05

NEW YORK TIMES BESTSELLER • The definitive cookbook on French cuisine for American readers: "What a cookbook should be: packed with sumptuous recipes, detailed instructions, and precise line drawings. Some of the instructions look daunting, but as Child herself says in the introduction, 'If you can read, you can cook.'" —Entertainment Weekly "I only wish that I had written it myself." —James Beard Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way, *Mastering the Art of French Cooking* offers something for everyone, from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine. Julia Child, Simone Beck, and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes—from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations—bound to increase anyone's culinary repertoire. "Julia has slowly but surely altered our way of thinking about food. She has taken the fear out of the term 'haute cuisine.' She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique, and she has elevated our consciousness to the refined pleasures of dining." —Thomas Keller, *The French Laundry*

The Settler's Cookbook - Yasmin Alibhai-Brown 2012-07-05

"An unexpected joy of a book . . . it follows an emotional and culinary journey from childhood in pre-independence Uganda to London in the 21st century."—*The Sunday Times* Through the personal story of Yasmin Alibhai-Brown's family and the food and recipes they've shared together, *The Settler's Cookbook* tells the history of Indian migration to the UK via East Africa. Her family was part of the mass exodus from India to East Africa during the height of British imperial expansion, fleeing famine and lured by the prospect of prosperity under the empire. In 1972, expelled from Uganda by Idi Amin, they moved to the UK, where Yasmin has made her home with an Englishman. The food she cooks now combines the traditions and tastes of her family's hybrid history. Here you'll discover how shepherd's pie is much enhanced by sprinkling in some chili, Victoria sponge can be enlivened by saffron and lime, and the addition of ketchup to a curry can be life-changing . . . "Alibhai-Brown paints a lively picture of a community that stayed trapped in old ways until it was too late to change . . . [a] brave book."—*The Guardian* "For many of us food is the gateway experience into other cultures and lives. Yasmin's personal story intertwined with the foods which mean so much to her touched me deeply. And made me hungry. You can't ask for more."—Gavin Esler, author of *Brexit Without the Bullshit: The Facts on Food, Jobs, Schools, and the NHS* "It's beautifully written, as you would expect, and utterly fascinating. There are some wonderful dishes here too."—*Tribune*
