

# Gender And Sex In Society

**Sex and Gender in Society** - Jean Stockard 1992

With a sociological theoretical framework, the authors examine recent research on gender. This second edition places more emphasis on men and multi-ethnic issues, and focuses attention on basic research findings in the variety of fields that produce work related to gender.

**Encyclopedia of Women and Gender** - 2001

**Sex/Gender and Self-Determination** - Zowie Davy 2021-06-17

This book presents a poignant account of the current policy approaches to self-determining sex and gender in the UK and beyond, showing how legal, medical and pedagogical policy developments are interconnected, and how policy is affected by transgender and diverse gender experiences and activism.

**The End of Gender** - Debra Soh 2021-08-31

"International sex researcher, neuroscientist, and frequent contributor to The Globe and Mail (Toronto) Debra Soh [discusses what she sees as] gender myths in this ... examination of the many facets of gender identity"--

Sex/gender - Anne Fausto-Sterling 2012

Anne Fausto-Sterling's *Sex/Gender* is the only interdisciplinary book for undergraduate courses to explain sex and gender from a biological, social, and cultural perspective.

*Sex, Gender and Society* - Ann Oakley 1987

Sex, Politics and Society - 2014-05-22

A pioneering study which has become an established classic in its field, *Sex, Politics and Society* provides a lucid and comprehensive analysis of the transformations of British sexual life from 1800 to the present. These changes are firmly located in the wider context of social change, from industrialization and the experience of Empire through the establishment of the welfare state to the rise of new social movements, such as feminism and gay liberation, and new forms of social conservatism. Now fully revised and updated, and with a new chapter bringing the story right up to date, this new edition considers: the transformation of the sexual world through globalization and the internet the changing impact of the AIDS pandemic over the last thirty years the influence of new currents in social and cultural theory on the study of sexuality the gradual depoliticization and mainstreaming of sexuality within historical study Combining rich empirical detail with innovative theoretical insights, *Sex, Politics and Society* remains at the cutting edge of the subject and this third edition will inspire and provoke a whole new generation of readers in history, sociology, social policy, and the study of sexuality.

Sexuality and Gender in Society - Addison-Wesley Educational Publishers, Incorporated 1995-12

**Sexuality and Gender in Society** - Janell L. Carroll 1996

An undergraduate text incorporating the 1994 NORC study on American sexuality and updates on contraceptive research and infertility techniques. Chapters on subjects including gender roles, biology, STDs and AIDS, and power and coercion contain learning aids such as Q&A sections throughout; boxed features

*Sex, Gender and Society* - Ann Oakley 2016-12-05

What are the differences between the sexes? That is the question that Ann Oakley set out to answer in this pioneering study, now established as a classic in the field. To answer it she draws on the evidence of biology, anthropology, sociology and the study of animal behaviour to cut through popular myths and reach the underlying truth. She demonstrates conclusively that men and women are not two separate groups: rather each individual takes his or her place on a continuous scale. She shows how different societies define masculinity and femininity in different and even opposite ways, and discusses how far observable

differences are based on biology and psychology and how far on cultural conditioning. Many books have discussed these vital issues. None, however, have drawn on such an impressively wide range of evidence or discussed it with such clarity and authority. Now newly reissued with a substantial introduction which highlights its continuing relevance, this work will continue to inform and shape dialogues around sex and gender for a new generation of scholars and students.

**Encyclopedia of Women and Gender, Two-Volume Set** - Judith Worell 2001-10-16

The study of gender differences began in earnest in the 1970s and has since increased dramatically to infiltrate virtually all fields of study in the social and behavioral sciences. Along the way, it was discovered that while women very often think and behave differently than do men, industrialized societies cater to masculine perspectives. The "Psychology of Women" emerged as a field of study focusing on just those areas in which women most often butted against assumed roles. And similarly, in the 1990s, the "Psychology of Men" emerged to focus on the same issues for men. The *Encyclopedia of Gender* covers all three areas under one cover, discussing psychological differences in personality, cognition, and behavior, as well as biologically based differences and how those differences impact behavior. Coverage includes studies of these differences in applied settings such as education, business, the home, in politics, sports competition, etc. Key Features \* Over 100 In-depth chapters by leading scholars in the psychology of women and gender \* Addresses critical questions of similarities and differences in gendering across diverse groups, challenging myths about gender polarization and the "Venus/Mars" distinction \* Broad coverage of topics from theory and method to development, personality, violence, sexuality, close relationships, work, health, and social policy \* Sensitive attention to multicultural and cross-cultural research \* Clearly written, readable, comprehensive, with helpful guides (outline, glossary, reference list) \* Raises difficult questions related to power, inequality, ethics, and social justice \* Challenges the reader to revise established "truths" and to seek further information \* Maintains a feminist and woman-centered focus

Gender and Sexuality in Ghanaian Societies - Martha Donkor 2021-09

This book studies the diversity of Ghanaian women's sexual expression in a patriarchal society that prioritizes heteronormativity and analyzes the ways Ghanaian women negotiate the patriarchal system to make meaning of their sexual lives.

**Sexuality and Society** - Gargi Bhattacharyya 2005-07-08

In this broad-ranging introduction to the study of sexuality, Gargi Bhattacharyya guides students through the key theoretical debates in the area from the early history of sexology, through Foucault's technologies of self to Judith Butler on the performance of identity. Bhattacharyya shows how these theoretical positions apply to sexuality as it is experienced in contemporary society, and covers key topics such as: \* the ideology of heterosexuality \* sex and the state \* sex, race and 'the exotic' \* age and sexuality \* sex education and pornography. The book argues that the study of sexuality is an essential part of broader debates on gender, race, citizenship and community. Topical and original, it provides a systematic overview of theory combined with up-to-the minute discussion of social and race issues. It gives students a lucid map of the terrain, and an exciting starting point for their own investigations.

Gender and Power - Raewyn W. Connell 2014-05-15

This book is an important introductory textbook on sexual politics and an original contribution to the reformulation of social and political theory. In a discussion of, among other issues, psychoanalysis, Marxism and feminist theories, the structure of gender relations, and working class feminism, Connell has produced a major work of synthesis and scholarship which will be of unique value to students and professionals in sociology, politics, women's studies and to anyone interested in the field of sexual politics. Visit [www.raewynconnell.net](http://www.raewynconnell.net)

*Sexuality and Gender in Society* - Celebration Press 1997-01

*Sex and Gender in Philippine Society* - 1994

*Gender and Sex in Society* - Lucile Duberman 1975

**Gender, Sex and Children's Play** - Jacky Kilvington 2016-08-11

Does gender, sex and sexuality influence children's play, and their learning? Can/should professionals try to influence children's gender and sexual concepts? Can/should professionals try to prevent gender stereotyping? These and other questions are explored in a lively and thought-provoking text that looks at why and how children inhabit or develop their gender and sexuality. Written in an approachable way and illustrated with case studies and linked to current research and theory, the book helps students, teachers and playworkers understand the debates about biology versus culture and social learning and how these impact on children's expression of gender and sexuality. Engaging the reader in a thorough reflection of their own views and approaches to the genderized and sexualized behaviour of children at play, this text is an invaluable guide for all those interested in the importance of play, gender and sexuality and how they relate to children's lives. Topics include: play and the behaviour of boys and girls within particular social contexts; play and girls' and boys' sexual behaviour and their associated feelings; play and children's self-concepts and expectations; the professional adult workers' role and the manifestation of genderized and/or

sexualized play behaviour both in and outside a setting.

**Sex and Gender in Society** - Joyce McCarl Nielsen 1990

**Legislating Gender and Sexuality in Africa** - Lydia Boyd 2020-05-26

In recent decades, a more formalized and forceful shift has emerged in the legislative realm when it comes to gender and sexual justice in Africa. This rigorous, timely volume brings together leading and rising scholars across disciplines to evaluate these ideological struggles and reconsider the modern history of human rights on the continent. Broad in geographic coverage and topical in scope, chapters investigate such subjects as marriage legislation in Mali, family violence experienced by West African refugees, sex education in Uganda, and statutes criminalizing homosexuality in Senegal. These case studies highlight the nuances and contradictions in the varied ways key actors make arguments for or against rights. They also explore how individual countries draft and implement laws that attempt to address the underlying problems. *Legislating Gender and Sexuality in Africa* details how legal efforts in the continent can often be moralizing enterprises, illuminating how these processes are closely tied to notions of ethics, personhood, and citizenship. The contributors provide new appraisals of recent events, with fresh arguments about the relationships between local and global fights for rights. This interdisciplinary approach will appeal to scholars in African studies, anthropology, history, and gender studies.
