Love To Meet You - Jay E. Tria 2022-08-30

Expectations vs. Reality At 33, career woman Sol Trinidad wasn't really looking for anything other than a fun evening when she attended the fan meet of hot Korean celebrity Nam Jihun. She certainly wasn't expecting to get up close and personal with the actor—like rolling-in-the-sheets-

until-dawn personal. It was just one night after all. She will never see him again and he'll forget about her soon enough. Right? Manila was supposed to be just one of the many cities in 30-year old Nam Jihun's work itinerary. Just like in any other city, he was excited to greet his fans. Then he met Sol, someone who had a knack for throwing all his

expectations out the window. Romance wasn't in his schedule, but he wants to keep seeing her again, if only she and his celebrity trappings would let him.

Songs to Get Over You - Jay E. Tria 2016-02-29

It's harder to get over someone who was never really yours. They say rock stars get all the girls. But Miki knows that's not always true. He, for one, though the guitarist of popular indie band Trainman, just can't seem to get the girl. It's kind of his fault, really. No one told him to fall in love with Jill. No one told him to stand still and watch as she moved on from a terrible breakup into the arms of another guy—a Japanese celebrity with the face of an angel and the body of a god. So when someone else comes along, someone who finds him cute, smart, and funny (sometimes in the haha sort of way), will Miki finally move on? Or will he continue to pine for Jill?

Better Than the Movies - Lynn Painter 2022-07-26

A USA TODAY and New York Times bestseller Perfect for fans of Kasie West and Jenn Bennett, this "sweet and funny" (Kerry Winfrey, author of Waiting for Tom Hanks) teen rom-com follows a hopelessly romantic teen girl and her cute yet obnoxious neighbor as they scheme to get her noticed by her untouchable crush. Perpetual daydreamer Liz Buxbaum gave her heart to Michael a long time ago. But her cool, aloof forever crush never really saw her before he moved away. Now that he's back in town, Liz will do whatever it takes to get on his radar—and maybe snag him as a prom date—even befriend Wes Bennet. The annoyingly attractive next-door neighbor might seem like a prime candidate for romantic comedy fantasies, but Wes has only been a pain in Liz's butt since they were kids. Pranks involving frogs and decapitated lawn gnomes do not a potential boyfriend make. Yet, somehow, Wes and Michael are hitting it off, which means Wes is Liz's in. But as Liz and Wes scheme to get Liz noticed by Michael so she can have her magical prom moment, she's shocked to discover that she likes being around Wes. And as they continue to grow closer, she must reexamine everything she thought she knew about love—and rethink her own ideas of what Happily Ever After should look like.

The Playlist - E Nigma 2020-07-22

The year is 1990, and 12-year-old, Ken is at that awkward stage in his life where girls are becoming his only reason to exist. Being one of the few black students in his school, Ken battles to overcome his shyness to gain the attention of the opposite sex. He finds minor success as he works through several middle school relationships that, unknowingly to him at the time, change the course of his life. Just as things are starting to settle down for him, his family relocates from the safe haven of the Kansas military life to the grim inner-city life of New Orleans, forcing Ken to grow up a lot more quickly. His innocence and worldly outlook change with the move as he deals with racism, stereotypes, and puberty, all while trying to adjust to the new culture he's faced with. As Ken works through his struggles in high school and beyond, each new experience in life adds a song in Ken's songbook, which he started back in Kansas. Each crush and each girlfriend are all represented in the book by a song that best describes moments. Such as his first heartbreak, his first kiss, and his first sexual encounter. Music is his way of dealing with the world and can take him back to any moment in his life, good or bad. Taking place throughout 9 years, this is a coming of age story. Look at the life of a once young, innocent teen, who is not only trying to find his way in the world, but also trying to connect to that special someone amidst all the death and racial tension that surrounds him.

Ember of Night - Molly E. Lee 2021-05-04

"What to read after A Court of Thorns and Roses! Full of twists you'll never see coming!" -UppercaseYA I've never been a stranger to the darkness. But when darkness comes knocking and looks that good, who wouldn't invite him in? Draven is mysterious, evasive, and hot as sin. The only thing more infuriating than his silence is how obnoxious he is every time he does open his mouth. But when a group of strangers attacks me and he fights back—causing them to vanish into a cloud of black dust—I know Draven is more than he seems. Now I know the truth. There's a veil separating the world I know from a world of demons living all around us. Turns out, good and evil are just words. Some of the demons don't fall into either category. And I'm realizing just how easily I fit in among the ancient warlocks, the divine soldiers, and the twisted supernaturals... There's so much more to me and my past that I don't know—let alone what I am truly capable of. So when all signs point to me having the ability to unleash Hell on earth? I'll have to decide if I want to do the world a solid and save it...or give it one hell of a makeover. The Ember of Night series is best enjoyed in order. The Accidental Crush - Mia Heintzelman 2024-02-06

Dante Fortemani's family never takes his ideas seriously during business meetings, so he zones out. That is, until the agenda includes selling his late grandfather's struggling vineyard. Desperate, he appeals to his mother and siblings, and buys himself two months to protect their legacy. Business consultant Morgan Forster is constantly connected to anything with a digital pulse. Her friends believe she's a stressed-out workaholic in need of an intervention: a Galentine's Day getaway in wine country, an electronic detox, and hopefully, Mr. Right feeding her grapes. The Fortemani Vineyard Galentine's brunch is a smashing success for Dante. Except for the woman hiding in a corner with her phone...who's convinced he's an escort hired by her helpful Sister Circle. Soon, laughter, undeniable chemistry, and an unforgettable night, lead Dante to hire Morgan to help save the vineyard. She accepts under one condition: it's strictly business. As they tread through an inconvenient attraction to create a proposal before the next meeting, though, their focus yields to blossoming feelings. Is it a mistake for them to mix business with pleasure? Or is a chance at love worth the risk?

Taylor's had his own share of challenges, including a life-altering accident that has brought his hopes of competing at the Winter Olympics to a halt. Isolde responds to Taylor, to be polite. But what starts out as heartbreak-themed Spotify playlists and shared stories of exes quickly becomes something more. And as Taylor and Isolde start to lean on each other, the distance between them begins to feel not so distant after all ... A boy. A girl. A one-of-a-kind friendship.
