[Sex at Dawn](#) - Christopher Ryan 2021-01-05

The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology,

primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do. [The History of Independent Cinema](#) - Phil Hall 2009

From the flickering silent images of the nickelodeon to the roaring vibrancy of today's digital video productions, independent cinema has always challenged the way films are created, released and viewed. *The History of Independent Cinema* presents an extraordinary journey that revisits the innovative men and women who stood up to the status quo and brought revolutionary new ideas and technologies to the motion picture world. *The History of Independent Cinema* celebrates the pioneers who introduced color, sound, widescreen projection and videography to the filmmaking process. You will meet the brave individuals who tore down racial and gender barriers behind the camera, challenged censorship taboos imposed on film production, formulated new strategies for film distribution, and created many of the greatest movies ever made. Spanning the full spectrum of the U.S. film experience, *The History of Independent Cinema* is a tribute to the legendary filmmakers and landmark films that reshaped - and continue to reshape - American popular culture.

**Gotta Have It** - Rachel Kramer Bussel  
2011-02-01

Every word counts in each of these stories that get right to the point. Rachel Kramer Bussel has gathered together a plentitude of short, original erotica stories spanning every way you can "get it on" in every kind of setting, with a wild and wide variety of sexual orientation -- quickie sex threesomes, sex toys, public sex, BDSM, fetishes, fantasies and MUCH more. These stories aren't all about quickie sex, though there's plenty of that. There are strangers who meet and know right away they must have each other, neighbors, travelmates, coworkers, as well as long-term couples such as those in "After Ten Years" and "Remembering the Wrinkles" who are looking for ways to hold on to that spark. There are stories of sex in libraries, vacation sex, and lots of outdoor sex, in the rain, in the street—all over. There are pecan rolls dripping in caramel, and meals where lovers feast on nothing but each other. There are even a few stories with no actual sex in them at all and readers will have plenty of fun finding them!

**Don't Be Stupid, Idiot - Helping Idiots Be Less Idiotic** - Yann Somou 2023-01-29

Do you think the world is going to shit? And that manners are being thrown out the window? And that common sense and common courtesy are becoming uncommon? And that you are now dealing with idiots that bit too often? You are not alone. We are all collectively treating each other worse than ever before. We talk to each other like dickheads. We drive like wankers. We leave piss on the toilet seat. We shake hands as if they've turned into floppy fish. We treat money as the be-all and end-all. Yann thinks this is down to us slowly losing touch with our own humanity. In other words, we care more about ourselves than the person next to us. Sure, capitalism and technology are partly to blame. But at the end of the day, if we don't start treating each other a little better, we're all truly fucked. There's no way in hell we'll be able to work together long enough to resolve the catastrophic problems coming our way. To that end, 'don't be stupid, idiot' is chock full of 120+ hilarious, swears, sarcastic, hard-hitting rants about everyday things that everyday idiots do, with quasi-serious, tongue in cheek exercises to help idiots be less idiotic. Each rant also has a QR code or link to share with that idiot of a friend who needs to read it! Rants include: Queue cutting Cancel culture Buying rounds Splitting the bill Holding the door open Ignoring reserved seating Treating pets as humans Tailgating Reclining plane seats Taking the mick Conspiracy theorists & many more! No one is innocent of being an idiot, including you. It is impossible to read this book and not realise at least one or two ways in which you've started to not give a shit about your fellow human. Yann hopes that, instead of being a little bitch about it, you'll use all the reality checks you'll receive to become a better person who is more aware of how their actions affect others. Entertainment: Guaranteed Fucks Given: Zero Legitimate Reviews "Brilliant!! But it can't go on our best seller's list because most of our readers are idiots" - Some shit newspaper "Bought for my idiot friend. Was a prick, still is but at least he knows it now!!" - An idiot "The perfect stupid gift for my boyfriend/husband/dad/brother!! They can be a right wanker!" - Wanker-loving idiot Get the book now, you muppet. Yann

doesn't care whether you buy it as a Secret Santa piss-take for colleagues, a really stupid gift for Christmas, a birthday present for people you don't like, for bloody Mother's and Father's day, or just because you like books taking the mick. Just buy the thing and start your journey towards being less of a prick. Still don't know if 'don't be stupid, idiot' is for you? If you enjoyed Mark Manson's, 'The subtle art of not giving a f\*ck', Laura Clery's, 'Idiots', Thomas Erikson's, 'Surrounded by idiots' or Karl Pilkington's, 'An idiot abroad', you'll love this! You'll also feel right at home if you relate to the logic and pull no punches style of outspoken people like Ricky Gervais, Jeremy Clarkson, Piers Morgan and James Haskell.

yourself and your history How “restorying” the old myths about sexual trauma survivors can set you free If you have read books such as Julia Cameron’s *The Artist’s Way*, Natalie Goldberg’s *Writing Down the Bones*, or Louise DeSalvo’s *Writing as a Way of Healing*, you will want to read *Writing Ourselves Whole*. Sudden Sex - Alison Tyler 2013-04-08  
 Maybe one of the hidden benefits of everyone being so darn busy is the rise of the quickie! No one writes fresh fiction on quick sex better than Alison Tyler who has probably inspired more time-efficient trysts than any other eroticist. Whether at the office with your boss, in a restaurant restroom or naughty nooners with your long-time love, Tyler's *Sudden Sex* will have you dialing up a booty call stat! Alison Tyler says: "My favorite short stories brand new. Crisp and focused, taut and tight. The pieces in this collection are waiting for you to slide them on, button the fly, then turn and admire how well they fit your kink. Because—as everyone who knows me understands by now—I’m all about the kink. This collection features BDSM, spanking, toys, tools, girls gone bad and men who need it just as bad. I’ve assembled stories from writers I’ve worked with for nearly two decades as well as wordsmiths who are new to me. What do the pieces have in common? Each one maxes out at 1500 words. That’s not a lot of small talk. We’ve cut the awkward getting to know you phase and

instead parked you right up at the point. We’re past first base, past second, on our way to third. His hand is under your skirt; her palm is on your cock—we’re all adults here—no need to fight the fact that sometimes what we crave is simple: sudden sex." Take a breath. Bite your lip. Get ready to get off.

The Subtle Art of Not Giving a F\*ck - Mark Manson 2016-09-13

#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all

the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F\*\*k positivity," Mark Manson says. "Let's be honest, shit is f\*\*ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F\*\*k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f\*\*k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle

Art of Not Giving a F\*\*k is a refreshing slap for a generation to help them lead contented, grounded lives.

**44 Chapters About 4 Men** - BB Easton  
2019-11-19

One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series SEX/LIFE. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. Sex/Life: 44 Chapters About 4 Men is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.
