Religion and Spirituality - Don Bell 1992

Gay Catholics Down Under - B R Simon Rosser
1992-07-30

Sexuality and spirituality are two of the most powerful and creative forces we experience as human beings. This work examines how men of Roman Catholic background have come to understand and integrate their homosexuality into daily life. Homosexuality is still a topic immersed in myth and mystery. As well as providing accurate information about intimate aspects of gay men's lives such as coping with HIV and practicing safer sex, *Gay Catholics Down Under* seeks to raise awareness about spiritual issues for gay men. Each story told provides a unique perspective of what it means to be of Catholic background in Australasia and attracted to men. Several of those interviewed

spoke of having no role models and of the isolation growing up not knowing of other gay people. A final chapter reviews the psychosexual implications of the study, including a model of integration of sexual and religious identification, and implications for the gay community and the Church.

Books in Print - 1991

In Pursuit of Love - Vincent J. Genovesi 1996

While retaining the basic structure of the original book, this new edition has been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986. The Catechism of the Catholic Church, Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae*, and the 1986 and 1992 statements of the Congregation

Homosexuality And The Magisterium Documents From The Vatican And U S Bishops 1975-1985

for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text. This edition also contains several new sections: the misuses of sex (adultery, pornography, prostitution, sexual violence); four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse; marriage as a sacrament and marital sexuality and love as embodiments of commitment, intimacy, and passion; and public policy and the civil rights of homosexuals. This edition also includes an expanded discussion of topics such as sexism, sexually transmitted diseases especially HIV/AIDS and the moral questions raised by new family-planning methods (Norplant, Depo-Provera), RU-486, postcoital hormonal interventions against pregnancy, the start of human life, and abortion. Vincent J. Genovesi, SJ, received his PhD in Christian ethics from Emory University. He is a professor

at St. Joseph's University in Philadelphia. His articles have appeared in such journals as The Thomist, The Way, America, and Review for Religious.

Homosexuality in the Church - Jeffrey S. Siker
1994-01-01

Outstanding authorities on scripture, tradition, reason, biology, ethics, and gendered experience discuss one of the most divisive debates in the church today: the place of homosexuals in the community of faith. The balanced treatment of the issues and the contrasting insights of the essays make this a valuable resource for reflection individually or in groups.

The Silence of Sodom - Mark D. Jordan
2002-05

The past decade has seen homosexual scandals in the Catholic Church becoming ever more visible, and the Vatican's directives on homosexuality becoming ever more forceful, begging the question Mark Jordan tries to answer here: how can the Catholic Church be at

Homosexuality And The Magisterium Documents From The Vatican And U S Bishops

19751985

once so homophobic and so homoerotic? His analysis is a keen and readable study of the tangled relationship between male homosexuality and modern Catholicism. "[Jordan] has offered glimpses, anecdotal stories, and scholarly observations that are a whole greater than the sum of its parts. . . . If homosexuality is the guest that refuses to leave the table, Jordan has at least shed light on why that is and in the process made the whole issue, including a conflicted Catholic Church, a little more understandable."—Larry B. Stammer, Los Angeles Times "[Jordan] knows how to present a case, and with apparently effortless clarity he demonstrates the church's double bind and how it affects Vatican rhetoric, the training of priests, and ecclesiastical protectiveness toward an army of closet cases. . . . [T]his book will interest readers of every faith."—Daniel Blue, Lambda Book Report A 2000 Lambda Literary Award Finalist

Another Kind of Love - Richard Woods 1988

~~Rethinking Celibacy, Reclaiming the Church~~

- Michael H. Crosby 2003-07-02

In this courageous work Michael Crosby offers a trenchant analysis of mandatory celibacy in the Roman Catholic Church. He shows how the imposition of celibacy has now revealed a deeper issue: the abuse of power as well as the abuse of women and homosexuals in the Church. Crosby asserts that: --to argue that the present discipline of mandatory celibacy is based on the New Testament is a misuse of scripture; -- imposed celibacy continues to be used as a means of maintaining clerical control through fear and intimidation; -- a religious system demanding celibacy exposes a deeper control: the abuse of power endemic throughout the system; --while difficult to live out even when freely chosen, enforced celibacy can result in dysfunctional behaviors at all levels. Integrating his personal experience as a celibate and cleric with biblical exegesis, historical study and the behavioral sciences, Crosby believes that: --

Homosexuality And The Magisterium Documents From The Vatican And U S Bishops 19751985

healthy celibacy demands intimacy with God and others; --a healthy church will reorder its current power dynamics in a way that mitigates sexual abuse; --this will once again reveal Roman Catholicism to be a religion with an inspiring model of evangelical life and witness. This updated revision of Crosby's award-winning 'Celibacy: Means of Control or Mandate of the Heart?' also addresses the abuse of power in the Catholic Church by those male, clerical celibates who control it. He convincingly points the way to a Church that will be--with all its ministers--healthier and holier.

LGBTQ Catholic Ministry - Steidl Jack, Jason
2023

The author has spoken with countless Catholics who are passionate about LGBTQ ministry but feel stymied by a lack of resources. Fr. Martin's book, *Building a Bridge*, is a helpful conversation starter, but what does community and pastoral care look like in the real world? How do ministers navigate the complexities of church

teaching and institutions? Sometimes, the history of these relationships is hard to recount. The church's mistreatment of LGBTQ Catholics is heartbreaking. Nevertheless, this painful history opens up to hope for the future. LGBTQ Catholics and their allies are tenacious. Decades of ministry provide a vision for what is possible in communities committed to justice and mercy. This book will amplify their stories to inspire LGBTQ people and allies today.

What's Left? - Mary Jo Weaver 1999

"What's Left? employs a thoroughly in-house approach in which self-identified liberal Catholics examine various facets of liberal Catholicism.... this book explores some of the most prominent threads of leftist Catholic aspiration and dissent." —Choice
What's Left? is the most comprehensive study to date of liberal American Catholics in the generation following the second Vatican council (1962-65). The main features of liberal American Catholicism—feminist theology and practice,

Homosexuality And The Magisterium Documents From The Vatican And U S Bishops 1975-1985

contested issues of sexual conduct, new social locations of academic theology, liturgy, spirituality, ministry, race and ethnicity, and public Catholicism—are presented here in their historical and social contexts.

The Homosexual and Society - Robert B. Marks Ridinger 1990-04-23

This bibliography pulls together a scattered literature of popular periodical articles, monographs, and sources from the legal press to create a picture of the treatment of the homosexual in both contemporary and past societies. Subject coverage has been limited to eight areas of society in which homophobic attitudes have been frequently expressed: the military, child custody, adoption and foster care, religion, censorship, employment, and police-community relations. This arrangement facilitates access to information on the desired topics. Sources cited in this work are those which are most accessible. Annotations expand the scope of entries and are cross-referenced.

Both legal and alternative press sources are included for greater scope. A pioneering work, The Homosexual and Society opens up a subfield of research in the social sciences that has been neglected and merits wider consideration. This bibliography is suitable for college and research libraries, state historical associations, public libraries of all sizes, law libraries and specialized research facilities in the social sciences.

The Catholic Lawyer - 1988

Know My Name - Richard Cleaver 1995-01-01
The place of gay men and women in the community of faith has become one of the most divisive debates in the church today. Writer and activist Richard Cleaver takes a fresh approach to this issue by examining the struggles of gay men and lesbians in the church through the lens of liberation theology. He offers a "gay" reading of scripture, but one that is also spiritually challenging to all readers. Cleaver interweaves biblical reflections with historical, social,

Homosexuality And The Magisterium Documents From The Vatican And U S Bishops

19751985

political, and personal commentary. He discusses personal identity issues and "coming out," the development of class consciousness as members of an oppressed group, and solidarity with other oppressed groups. This provocative book brings a new voice to the debate about the place of gays and lesbians in our churches.

Gay and Lesbian Rights - Richard Peddicord 1996

'This book is unique in setting the question of homosexuality in its historical, legal, political, and religious contexts in North America. It is no longer possible in Catholic ethics to address sexual morality with a model of absolute moral norms, immune from the ambiguities and complexities social justice issues introduce.

Peddicord looks at the personal and social sides of homosexuality, and fairly examines all sides of the Roman Catholic response.' --Lisa Sowle

Cahill, Boston College

Against Nature? - Pim Pronk 1993

Cutting through the confusing rhetoric on all

sides, this discerning book serves to clarify the issues involved in arguments on homosexuality. Viewing the issues from three perspectives-- biology, ethics, and theology--Pronk focuses on nature, a vague and confusing term, and shows how the different meanings of the term have brought about many unresolvable disagreements.

Intrinsically Catholic - Leonard Norman Primiano 1993

Facing Ethical Issues - Patrick T. McCormick and Russell B. Connors, Jr.

In-depth explorations of five contemporary issues in Christian ethics using case studies. Used along with the authors' *Character, Choices & Community*, readers have the perfect combination to make moral theology come alive. *The New Dictionary of Catholic Social Thought* - Judith A. Dwyer 1994

The New Dictionary of Catholic Social Thought brings together writers from around the

Homosexuality And The Magisterium Documents From The Vatican And U S Bishops 1975-1985

world, writing on present-day social issues as well as historical issues and movements that have shaped our current views. Included are articles on the great social encyclicals, from Leo XIII's *Rerum Novarum* to John Paul II's *Centesimus Annus*, and the Vatican II documents and various episcopal documents that relate to social concerns and the field of social ethics. The articles on fundamental human rights include such issues as poverty, homelessness, exploitation, and feminism. Also included are articles dealing with economics, industry, labor, political systems, and environmental concerns, as these impact and influence modern Catholic social thought. Theological concerns, liturgical movements, and scriptural foundations are well represented. The *New Dictionary of Catholic Social Thought* will be the reference work for anyone involved in social outreach or connected with the field of social ethics. Entries include: Abortion (Social Implications) by James J. McCartney, OSA Arms Race by Joseph Cardinal
