She Likes Sugar Jo Dinage 2021-05-03 *She Likes Sugar* is a romantic coming-of-age novel. At seventeen, Jen has yet to recover emotionally from the death of her parents eight years ago. All at Sea with Truffles Sheila Collins 2011-06-20 *Truffles*, the celebrity tabby cat of mature years (it would be far too impolite to

state her exact age here), puts pen to paper once again to share her unique and delightfully amusing observations of the human world around her, this time embarking on a totally new adventure on the ocean waves, finding her sea paws as she sets sail on a luxury (as befits a superior and sophisticated feline) ship with cruise aficionado Sheila, her long-term carer and provider of every possible need. New sights, sounds, smells, tastes and experiences face Truffles at every turn, from the tiresome car journey and undignified customs procedures to the mystifying and sometimes frightening onboard facilities and activities. Allowed to leave her stateroom to peruse all the non-eating areas - on a lead with matching collar, of course, and wearing a purrfectly preened catsuit - Truffles revels in being the centre of attention, maintaining an outward air of decorum at all times, even when her nine lives are tested to the core. A fantastic insight into the mind of a cat and the puzzles and mysteries created by events and practices that we all take for granted without question, and also a tantalising taster for those humans that haven't yet been tempted by the cruising lifestyle. One thing's for sure: Truffles can highly recommend it (oh, and Sheila, too)!

interactive guide takes up where Dateable left off and walks teens through the Bible's insights about men and women. Guys will learn that God loves adventure and that there's a difference between a spiritual and a physical adventure. They'll also learn how to be a gentleman (open her door and carry the box of leftovers from dinner, etc.) Girls will learn that beauty is defined by God, not supermodels, and that if they talk too much, they lose. They learn the secrets of staying confident and letting a guy lead. How It Works: Bible Study: a study that can be used by an individual couple or a whole youth group. Focus Group: a time when guys and girls get the lowdown on each other's gender. Guys and girls or groups can talk about what they learned in the week's study and discuss the truths of Scripture. Workbook: offers lots of things for readers to do, from writing down all the bad things they have said about another person and confessing them to God to going back to the point in time when their femininity or masculinity was squashed and allowing Jesus to redefine that moment. Each section is filled with interactive activities that help students better understand God's plan for men and women. The Dateable Rules isn't about teens getting more dates; it's about learning to understand the opposite sex and making good choices based on the truth!

couldn't help but think of John Green's novels - I think his fans will eat this up." Publishers Weekly "Heartbreaking and hilarious. I have no doubt that girls everywhere are going to fall madly, deeply, hopelessly in love with Ezra Faulkner." Sarah Mlynowski, NYT bestselling author. "Maybe it's time to expand your list of literary crushes to include someone other than Augustus Waters." MTV.com "This is one of the most literary teen books I've read for a long time - up there with John Green - and it's a delight to read... the ending absolutely blew me away, being unpredictable, powerful, and altogether fantastic." The Bookbag Golden boy Ezra Faulkner believes everyone has a tragedy waiting for them - a single encounter after which everything that really matters will happen. His own tragedy waited until he had everything to lose - in one night, a reckless driver shatters Ezra's knee, his athletic career, and his perfect life. No longer part of the popular crowd, Ezra finds himself at the table of misfits, where he encounters Cassidy Thorpe. Intelligent, effortless and wonderfully weird, she is unlike anyone Ezra's ever met before. Together they discover flash mobs, buried treasure, secret movie screenings and a poodle with a questionable history. But as Ezra dives into new friendships and new love, he is forced to ask: if you've managed to survive disaster, what happens when it strikes again? Robyn Schneider's Severed Heads, Broken Hearts is a lyrical, witty and heart-wrenching novel about how difficult it is to play the part that people expect, and how new beginnings can stem from abrupt and tragic endings.

Daddy Dates Greg Wright 2012-09-26 One day motivational leader Greg Wright realized that the four set of pretty young eyes under his own roof were looking to Dad to be strong, fearless, and wise. The reality was, the lone male in an all-girl household ("heck, even the dog was female") was only thirty years old and felt like he had been shoved into the deep end of the estrogen pool without swimming lessons. That's when the love-struck father of four gorgeous pre-teens started searching for a plan for how to be a successful Dad, and did what any sensible guy would do. He bailed. Not only on his family, but into the woods, to seek a "solution." Daddy Dates is an entertaining and practical look at how one American father found his sea legs and is navigating through the tricky waters of parenting girls. In this game-changing book, Greg shares his easy-to-follow secrets for how married and single dads can go beyond high-fiving to bridge the gender gap and become the clued-in man who knows his daughter best. what makes your daughter tick, how to talk to her effectively and connect more profoundly, at any age. If being their hero is your mission, it's not impossible. Daddy Dates is your road map to get there. "Hi honey. It's Daddy. I'm calling to see if you'd like to go on a date with me tonight." "Um, yes, Daddy I think I would." It's a phone call Greg Wright has made over and over again. By age thirty, Greg was the overwhelmed father of four beautiful little girls, with one thought running through his mind over and over again: Don't Screw Up. Daddy Dates is about a guy taking his best shot at being a successful dad by trying to know his girls?really know their fears, dreams, and opinions?and how he stumbled across an incredible strategy to do that with daughters of any age or stage. This funny, insightful, and relatable book poses the wildly original concept that should be a "duh" for most dads?but isn't. In order to raise a confident woman-to-be, show your daughter what it feels like to be treated with love, respect, and true interest by a man who loves her. Daddy Dates is not another "how to" book from a parenting expert. It's a personal, eye-opening, often humorous look at an Average Joe's intentional pursuit of his daughter's hearts and minds, and the love-inspired steps he is taking to solidify Dad's place in each of their lives, forever. Whether married or single, Daddy Dates can help you better connect with virtually all of the females in your life. Using Greg's communication cues, you'll be blown away by what you'll learn about your child, and how you can make a powerful, lasting difference?especially during her rocky teenage years. Daddy Dates is about one thing?becoming her hero?one date at a time.

A Return to Sanditon Anne Toledo 2011-02-15 For real lovers of Jane Austen "s work, a completion of her unfinished Sanditon as she might possibly have envisaged it herself. No zombies or other anachronistic gimmicks, but a number of interlaced love stories set against a gently satirical picture of the fads and fancies of the times, above all the rising fashion for sea bathing and the greed and folly that accompanied it. When Charlotte Heywood leaves her large and conservative family of Kentish landowners to stay with the Parkers in the new resort of Sanditon, she expects nothing more than a tranquil seaside holiday. She soon however becomes involved in the life of the little town, and is challenged to measure her own traditional values and tastes against those of financial speculators, affected social climbers, fashionable hypochondriacs, and followers of the new romantic ideas in the arts and human behaviour. Her initial attitude is that of an amused spectator, but soon, to her own surprise, she finds herself falling in love with her host "s younger brother, the witty and fascinating Sidney Parker. Sidney however leaves Sanditon abruptly in the company of Charlotte "s beautiful and enigmatic friend Clara Brereton, with whom Sir Edward Denham, penniless nephew of the town "s patroness and Sgreat lady , is in love, to his avaricious aunt "s displeasure, and the town buzzes with rumours of an elopement Anne Toledo has taught English Literature at university level for many years, specialising in the nineteenth-century novel in general, and in Jane Austen in particular. She is a devoted Janeite, and hopes that this story will appeal to those who share her love and appreciation of Jane Austen "s work at all levels â€œ as romance, as humorous observation, and as moral satire, and also as a fascinating picture of daily life in middle-class England in the years immediately following the Napoleonic wars.
