*Win Your Partner Back After A Break Up? -*

Louisa Jackson 2021-05-08

Those that go searching for love only make manifest their own lovelessness - D.H. Lawrence  
If you're going through the agony of a break up and you long, desperately, to reunite with your partner - this book is for you. Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions, some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This triggered a long and intense period of study. Immersed in quantum physics, spirituality

and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety and bulimia came to an end. Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and principles outlined in this book. The focus here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or

**Beyond Order** - Jordan B. Peterson 2021-03-02  
The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. *Beyond Order* therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that

can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides vivid stories of couples who have struggled with them, as well as simple tests that help you to:

- Identify the core master conflict that is causing your relationship problems
- Understand the origins of your conflict and how it drew you to your partner
- Diagnose how the conflict is now pushing you apart
- Come to new terms with the conflict to save your relationship

As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience. *Partners*

**Attraction Explained** - Viren Swami  
2021-02-11

When it comes to relationships, there's no shortage of advice from self-help 'experts', pick-up artists, and glossy magazines. But modern-day myths of attraction often have no basis in fact or - worse - are rooted in little more than misogyny. Based on science rather than self-help clichés, psychologist Viren Swami debunks these myths and draws on cutting-edge research to provide a ground-breaking and evidence-based account of relationship formation. At the core of this book is a very simple idea: there are no 'laws of attraction', no fool-proof methods or strategies for getting someone to date you. But this isn't to say that there's nothing to be gained from studying attraction. Based on science rather than self-help clichés, *Attraction Explained* looks at how factors such as geography, physical appearance, reciprocity, and similarity affect who we fall for and why. With updated statistics, this second edition also includes new content on online dating, queer relationships, racism in dating, shyness, and individual differences. It remains an engaging and accessible introduction to attraction relationship formation for professionals, students, and general readers.
