and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your

boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Power of Poetry: If Not Spoken Then It Won't Be Heard -

Lovelace 2006-10-03

This book contains poetry and spoken word that will shock, captivate, and stir up the emotions of its readers. It breaks down thoughts and feelings on love, lust and everyday events that a lot of people deal with. This book can be controversial to some and passionate to others. It is meant to be real and raw. I tried to capture most of the aspects of love and lust. These

are topics that people tend to walk around and avoid due to the levels and limits that discussion might take them. That is why I put this book together. I have also included pieces in this book that will inspire and aid in growth by enhancing your awareness of not only love but of life. The title of my book definitely says a lot if you do not talk about what is happening in your head and in your heart; you are not fully accepting yourself and what you are feeling.
