I wasn't just her boyfriend; I was her number one fan ... That day, my world came crashing down with those words, written in my beloved's handwriting. After placing the letter down, a song I heard on the radio jogged to the front of my mind, "When a woman is fed up, there's nothing you can do about it." I was crushed and alone ...

Sometimes men see women so difficult to get, the only reason for that is because men have not understood them. Believe me, no woman is too hard to get, no matter how brilliant and

beautiful she is, all you have to do is to just know how to play your keys well, they will be the ones to go after you. I have observed that so many guys are single today not because they don't need a girl in their life or they don't want to be in any relationship, but because they don't know how to get a girlfriend. They lack the confidence and words to use in wooing a woman they want. So many things could be the factors depriving some men getting any woman they want. These factors include: Lack of confidence, Lack of words to use, Mode of approach, When to approach her, and lots more. In this book, I have emphasize on those factors. So after reading through, you will then be a professional in getting any woman of your choice.

### **A Practical Handbook for the Boyfriend -**

Felicity Huffman 2006-11-07

Most dating books are written for women -- what a mistake that is. Women know how to date . . . It's men who need the help! At last: a blithe, bold, and bawdy guide to building a better boyfriend At some point, every guy -- player, geek, mama's boy, "regular Joe" -- meets a woman who makes him want to be a boyfriend. A good boyfriend. Problem is, unless he's had some first-rate training (by a previous girlfriend,

a sister, a mom), he probably doesn't even know what that means. Felicity Huffman and Patricia Wolff come to the rescue with a rollicking -- and whip-smart -- handbook to navigating the minefield of male-female relationships. Directed at men (though of course it's women who'll buy it, then leave it at their boyfriend's place -- accidentally on purpose), *A Practical Handbook for the Boyfriend* lays out the many steps involved in becoming a good boyfriend, while still maintaining guy-dignity. It covers issues like: Who decides when you become a boyfriend (answer: She does.) How to look like you're listening, even when you're not (If you're busted, just say "You're so pretty, I'm distracted.") Ten things never to say on the first date (#4: "I just did that to freak you out.") Finding the middle ground between too cool (think third grade) and too eager (think surprise visits) Why becoming a good boyfriend is a lot like training for the A team Filled with humor, ribaldry, common sense, and assorted outdoor skills, *A Practical*

would try to avoid at all cost. Rejection bounces from left and right and the good ones are usually hard to find. Most men worry about being stuck in the friend zone and other men worry about being straight up rejected without being given a chance to show who they are. In addition, the thought of constantly looking for someone new isn't as pleasing as it sounds, especially when you're too shy to approach them. Though the thought might sound frightening, you have nothing to lose. If you want to know how to attract the woman that you've been interested in then you have to take the first step into talking to her. For the methods that comes afterwards, feel free to look inside this book.
