The Other End of the Leash - Patricia McConnell, Ph.D. 2009-02-19

Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-

legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wannabes!”

Fascinating, insightful, and compelling,

The Other End of the Leash is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

Canine Caper - Rose Block 2002-10-25

This true story of Block's quest to rescue dogs from abusive and violent owners and the dangers of the streets is an awe-inspiring tale of her compassion and determination to help these animals, putting her job, her marriage, and even her life at risk. More like an adventure novel than a memoir--Publishers Weekly.

Meaningful Male and Female Dog Names - Arih Inam 2023-01-10

Choosing a perfect name for your pet is a big responsibility. This will be his essential identity for the next 10 to 15 years. It is just like having the name of a member of your family and using it every day. More than thirteen thousand male and female names are given in this book. From these, you can easily choose a good name for your lovely dog. Choose a name that is two or

four letters long. Your dog will learn it quickly, and it will be easy to train. It would not be a good idea to give the dog a long and complicated name and a nickname for daily use. Your pet may be confused by these two names. You also use the name in public places, so don't choose a name that makes you feel embarrassed to say it. That is, while the choice of a rude name may seem strange, it should be avoided. Also, be careful with trendy names. In choosing a name, consideration should also be given to the dog's appearance, height, breed, etc. Don't be in a hurry to name the dog as soon as you get it; take some time to get to know its nature and personality. The naming comes after that. In this way, by naming it, you are emotionally attached to it in a way.

Beware of the Female Dog - Jennifer Primous
2016-06-05

If she's barking or biting, she's NOT ready for what love can bring. This book will help get a muzzle on those with bad 'Love Habits' and

assist in training women to prepare themselves for successful companionship and be unleashed in True Love.

Suburban Watchdogs - Tiffany Andrea
2022-02-20

Longtime friends, Justin, Morrie, Brendon, and Josh, live in a small farming town north of the big city. When crime starts making its way onto

their streets, the group of men brought together by circumstance, rather than choice, band together to keep their town safe. One movie night watching a good ol' gangster film is all they need to motivate them to take action, thereby forming the Suburban Watchdogs. If criminals think they can just waltz into the Suburban Watchdogs' territory without resistance, they are mistaken. Justin takes matters one step further by adopting Karma. Karma is a... female dog, and she'll make sure you get what's coming to you. Join the group of unlikely friends and their canine companion on their hilarious vigilante mission and laugh at the chaos and mayhem that ensues.
