Astrology for Real Relationships - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin.

Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about

how you feel and what you really need from a partner?

- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Break The Glass Slipper - Crista Beck
2019-11-19

In this paradigm-shifting dating guide, love and dating expert, Crista Beck shows us how to stop Hollywood and Disney from ruining our love lives so we can find love in real life. For decades, we've been told that love just magically happens when we least expect it. "How's love going to happen for you if you're just sitting on the couch watching Netflix?", Crista Beck says. "Let's be honest, love is not happening for you because you believe the societal fantasies about dating and relationships." Beck doesn't sugar coat the reasons why we are still single. She tells it like it is - a strong dose of raw and honest truth that is sorely lacking today. *Break The Glass Slipper* is her antidote to the myths about the process of dating that have infected modern society and the minds of single women, sabotaging our ability to attract a healthy and happy long-term relationship. Beck makes the argument, backed by her 10+ years working with single women seeking men, that improving our love lives hinges on our ability to let go of these outdated mindsets that are preventing us from receiving our future partner into our life. Once we distinguish the fairy tales we have been telling ourselves about love, we can then choose a new path (based on reality), and find a real connection with a quality man that can evolve into a long-term relationship. This much-needed dating advice, *Break The Glass Slipper* is a

refreshing and powerful nudge for a generation to break our own glass slippers and lead healthy and powerful love lives.

The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a

parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? *The Book of Questions* may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

Book after book were filled with detailed instruction on how to be and how not to be. The more she read and compared notes, the stronger these questions became: When is it okay to stop pretending? Do we ever get to just be ourselves? In this cutting-edge book, Dating and Relationship Specialist, Collette Gee reveals the true meaning behind living "happily ever after". "Most dating and relationship books advise women to follow every tip and trick out there in order to 'capture the heart' of Mr.

Instead, what this book offers that no other book does is a deeper introspection as to what real relationships look like. "While life can be challenging; dating and relationships don't have to be." Therefore, what you will not find in this book are cookie-cutter instructions on how to "catch and keep a man." Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it--and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable,

and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.
