Norwegian Wood - Haruki Murakami 2011-10-10  
'A masterly novel' New York Times 'Such is the exquisite, gossamer construction of Murakami's writing that everything he chooses to describe trembles with symbolic possibility' Guardian  
Read the haunting love story that turned Murakami into a literary superstar. When he hears her favourite Beatles song, Toru Watanabe recalls his first love Naoko, the girlfriend of his best friend Kizuki. Immediately he is transported back almost twenty years to his student days in Tokyo, adrift in a world of uneasy friendships, casual sex, passion, loss and desire - to a time when an impetuous young woman called Midori marches into his life and he has to choose between the future and

the past. \*Murakami's new book *Novelist as a Vocation* is available now\* 'Evocative, entertaining, sexy and funny; but then Murakami is one of the best writers around' Time Out 'Poignant, romantic and hopeless, it beautifully encapsulates the heartbreak and loss of faith' Sunday Times 'This book is undeniably hip, full of student uprisings, free love, booze and 1960s pop, it's also genuinely emotionally engaging, and describes the highs of adolescence as well as the lows' Independent on Sunday

**Eat the Elephant** - Jen Crosswhite 2019-11-17

How do you write a novel? Just like eating an elephant. One bite at a time. There are a lot of books on individual aspects of writing, but how do you translate that to your own

work? How do you know if you are applying it correctly? Creating a novel is a huge undertaking. How do you juggle the forest and the trees? After having shared this method with many writers at every level of writing skills over my fifteen years as an editor and an author, what I've discovered is that the Novel Blueprint method covered in *Eat the Elephant* addresses these common problems. Each time I write a book it feels like I'm starting from scratch. How do I write a book without reinventing the wheel each time? There are so many pieces to juggle. Where do I even begin? I can't finish a book. I get partway through and then I get stuck. How do I write faster and better? There's a lot to remember about writing a book. How do I make sure I hit all the important things? How do I write a book that readers rave about and tell their friends to buy? The Novel Blueprint method gives you all the major components you need to construct your novel while still allowing for the

element of surprise and the joy of creativity. It helps you write faster because you won't have to be rewriting and deleting. When you sit down to write, you'll know what you're going to write. It will help you write a better book, rich with characters that are believable and story arcs that are compelling. And it gives you a method you can use on book after book so you know exactly what you need to do each time you sit down to write. How do you write a book? Using the Novel Blueprint method in *Eat the Elephant*. Buy now and start writing your novel today! *Get Over Yourself!* - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect

match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula:

- Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back.
- Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way.
- Over It Learn the do's and don'ts of the first date, the second date,

and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

**Breakup Bootcamp** - Amy Chan 2020-12-03

'The literary equivalent of a hug from a wordly big sister when you are at your lowest ebb' - Sunday Times 'A new kind of relationship guide for women' - Arianna Huffington A self-affirming, holistic guide to transforming heartbreak into healing Amy Chan hit rock bottom when she discovered that her boyfriend cheated on her. Although she was angry and broken-hearted, Chan soon came to realize that the breakup was the shakeup she needed to redirect her life. Instead of descending into darkness, she used the pain of the breakup as a bridge to self-actualization. She devoted herself to learning various healing modalities from the ancient to the scientific, and dived into the psychology of love. It worked. Fast forward years later, Amy completely transformed her life, her relationships and founded a breakup bootcamp helping

countless of women heal their hurt. In Breakup Bootcamp, Amy Chan directs her experience into a practical, thoughtful guide to turning broken hearts into an opportunity to break out of complacency and destructive habits. Dubbed 'the Chief Heart Hacker,' Amy Chan grounds her practical advice and tried and tested methods rooted in cutting-edge psychology and research, helping readers heal and reclaim their self-love.

Relatable, life-changing, and backed by sound scientific research, Breakup Bootcamp can help anyone turn their greatest heartbreak into a powerful tool for growth [The Complete Paragraph Workout Book](#) - Carolyn H. Fitzpatrick 1993

series full of Southern charm—starring bookish sleuth Quinn Caine and her quirky sidekicks: a lock-picking nun and her dog, Ruff Barker Ginsburg. In small-town Virginia, bookbinder Quinn finds herself in a major bind when she's blamed for the murder of her ex's fiancée . . . Quinn Victoria Caine is back in her quirky town of Vienna, Virginia, starting her new life as a bookbinder in her family-owned, charm-for-days bookshop, Prose & Scones. With her trusty German Shephard, RBG—'Ruff Barker' Ginsburg—by her side, what can go wrong? Okay, sure, bumping into her ex, Scott, or her former high school nemesis, Tricia, is a drag. It certainly doesn't help that they have acquired the new hobby of shoving their recent engagement in her face every chance they get. But that doesn't mean Quinn wanted to find Tricia dead in the road. So why does half the town think she may have done it? Quinn is determined to find Tricia's killer, even if it means

partnering with her cousin-turned-nun, Sister Daria, and Detective Aiden Harrington, her older brother's 'too-movie-star-handsome-for-his-own-good' best friend. They believe she's innocent, but of course that doesn't influence the police, who peg her as their prime suspect. Or, at least until she's poisoned. But there is no way Quinn is going to stop now. Vienna is her town and—for better or worse—Tricia was one of their own. Someone may have killed the mocking girl, but no one's going to stop the notorious QVC.
