

How To Use Sex Toys

Sex toys: good or evil? - Gabriel Agbo 2019-04-20

Dealers of sex toys rake in billions of dollars every year. Their products are so diversified and today are available in every part of the world. Now, it looks like this business of artificially or technologically satisfying sexual desires is in vogue. The single, married, old, young today patronise sex toy shops and the manufacturers, wisely too, are steadily churning out more alluring and sophisticated ones. It seems like there will be no end to their innovative ingenuity to inventing these new instruments of sexual pleasure. Today some of these toys act and behave exactly like opposite sex partners in the act. True. But here, we want to look at the origin, intentions, and effects of these toys on the users, especially the spiritual and psychological implications. Sex toys are not new. They have a long history that started with the use of carved objects that represented the penis. The ancient Roman, Greek, Chinese, Asian, Indian had these objects carved out of stones, iron, gold, wood and other materials that were used to drive masturbation. Some of them (like the Greek) also had worship of sex gods and goddesses where these objects are displayed, used and other sexually immoral acts were extensively promoted, including sex with demons and spirits. So, we can rightly say that the foundation of sex toys was that of the desire for 'unlimited' pleasure and the worship of demonic gods. This invention metamorphosed into other objects and in the 20th century, we saw the first electric vibrator invented. Since then, it has been a deluge of these manual and later sophisticated instruments of sexual pleasure. Some of them winking and talking! Wow! Now, is sex toy in the original plan of God? And since sexual relationship is a physical, emotional and spiritual connection, does it have any spiritual and emotional side effect?? First, sex toys were not in the original plan of God. What is the connection

between using these toys and encounters with sex demons - Incubus and Succumbus, 'spirit wives and husbands' demonic and dream sex attacks, problems in relationship and life, etc. This book will open your eyes to all these. Translator: Gabriel Agbo PUBLISHER: TEKTIME

Sex Toys - George Boxlicker

For whatever reason, lack of men or lack of the right men or for something else, some men and women feel the need to provide their own orgasms. Here are 14 short stories of women who use toys or other methods to accomplish this. The writing is explicit so these stories are all intended for adults only. ~~~~~ PG Excerpt ~~~~~ Excerpt from ?Samantha and the Wind?: Samantha felt really good about herself when she walked out of her apartment building and onto the sidewalk that breezy spring morning. Wearing a light sweater and a pair of shorts and walking shoes, she exited through the front door and turned left. The shorts hung slightly below her bottom, with a very loose fit, and the dark

green material was so thin that she could feel the wind cutting right through it. Other gusts swirled up the legs of the shorts, which were so loose, they flapped around her hips. In itself, that wasn't unusual, but she felt the wind more acutely than she otherwise would have, because Samantha was completely naked under her outer garments. She had chosen that day to go outside without her usual panties and bra, and she felt deliciously naughty, as the breeze penetrated the light fabric, tickling her bare crotch, which she had shaved just minutes earlier. Samantha was glad she was wearing her glasses; otherwise the strong breezes would have made her eyes water. Walking slowly, wanting to receive the maximum pleasure, she headed fully into the breeze, which fondled her in that most sensitive place, or found its way up the legs of the shorts to reach her from a different angle. A few of the other blasts of wind caressed her breasts under their almost non-existent covering, turning her nipples hard, and not just from the chill. Within a few minutes of starting her trek, Samantha could feel the wetness trickling from her, warm and pleasant at first, but cooling quickly when the wind focused on it. Immensely relishing her walk, especially what the breeze was doing, she turned left at the corner and hurried down the short block to the next intersection, where she would turn left again. Samantha couldn't feel any breeze tantalizing her sexually when she was on the narrow side street that connected the two main thoroughfares, and she wanted, as quickly as possible, to get to a place where she could. That breeze, and the effect it was having on her private parts, was her reason for being out on the street wearing such skimpy clothing with nothing but her bare skin under it. Once she had made the second left turn, the breeze began sending thrills through her body again. This time it was blowing directly against her ass, which was just as bare under the shorts as her mound was. A few tendrils of more adventurous air even whooshed between her cheeks, teasing her rear end and contributing to the feeling she had of being wicked and wanton, as well as adding to the flow from her body. The wind and that feeling of wickedness were so erotically pleasing that she bent slightly from the hips, reveling in how much better the strong breeze blew through the fabric and worked its way up the legs of her

shorts, to feel the way she wanted.

Instruments of Pleasure - Rachel Kramer Bussel 2012-11-15

I can't think of a better way to add more fun to sex than sex toys—after all, the word "toy" is right there, and today's sex toys come in all sorts of playful designs, from Hello Kitty vibrators to sparkly harnesses, light smackers to heavy paddles. Whatever you can dream of, you can probably find—or make your own! The very special stories in *Instruments of Pleasure* highlight the many ways we use sex toys to make our fantasies come true. Sometimes, there's a lesson involved, such as "Like This," where a woman uses what many consider the "Cadillac of vibrators," the ultra-powerful plug-in vibe Hitachi Magic Wand (or "electric miracle," in the story), to show her lover exactly what she does when she's alone. For others, toys are part of BDSM play, especially spanking, and you can read about the intense strokes of a cane in "Getting It Right" and the power of "The Spanking Machine." The dildo in "A Girl, Two Guys, and a Sex Toy" almost makes it a foursome, while in "The London O," using a pair of remote controlled panties with a built-in vibrator in public brings new heights to the thrill of sightseeing. In "Strapped" and "The Inner Vixen," women take charge, using a strap-on dildo and harness and a whip, respectively, exulting in the power they hold, and the delight their partner gets in being on the receiving end. Other times, rather than adding sensation, we take away a sense, such as the use of a blindfold in "Princess." Without being able to see, the heroine can simply feel. In "The Apiary," there are multiple toys, including a collar and chains, but the main "toy" is a chair, a piece of furniture that can be surprisingly erotic, if you use your imagination. I hope these stories serve as their own kind of sex toy for you, and inspire you to break out your favorite toy, or perhaps discover a new one. You can never have too many sex toys, or have too much fun with them!
