But it's time we start. In this urgent and groundbreaking book, Laura Bates, bestselling author and founder of The Everyday Sexism Project, goes undercover to expose vast misogynist networks and communities. It's a deep dive into the worldwide extremism nobody talks about. Interviews with former members of these groups and the people fighting against them gives unique insights on how this movement operates. Ideas are spread from the darkest corners of the internet - via trolls, media and celebrities - to schools, workplaces and the corridors of power, becoming a part of our collective consciousness. Uncensored, and sometimes both shocking and terrifying - this is the uncomfortable truth about the world we live in. And what we must do to change it.

**Cyberfeminism** Susan Hawthorne 1999 An international anthology by feminists working in the field of electronic publishing, electronic activism, electronic data delivery, multimedia production, virtual reality creation, developing programs or products electronically, as well as those developing critiques of electronic culture. the medium. The book, however, does not assume that the technology in itself is negative, but rather how it is used is open to critique. This leaves open the possibility of feminists having an impact on the way the technologies develop. The book includes connecting HTML with poetry, developing resources for Women's Studies and libraries, on-line, CD-ROM and VRML developments. The book has markets across trade and educational sectors and could be used at secondary and tertiary levels.

**Harris's List of Covent Garden Ladies** Hallie Rubenhold 2012 "If you ever wondered what Jane Austen's Mr Darcy and his 'fellows' got up to on their numerous trips to London, here is the book they would certainly have carried around ... HARRIS'S LIST OF COVENT GARDEN LADIES was a bestseller of the Eighteenth Century, shifting 250,000 copies in an age before mass consumerism. An annual 'guide book', and published at Christmas time, it detailed the names, attributes and 'specialities' of the capital's prostitutes. During its heyday (1759 -95) HARRIS'S LIST was the essential accessory for any serious gentleman of pleasure. Hallie Rubenhold has collected the funniest, rudest and most bizarre entries penned by Jack Harris, Pimp-General-of-all-England' into this mischievous little book."

Women and the Politics of Representation in Southeast Asia Adeline Koh 2015-06-03 Singapore and Malaysia are rapidly modernising, globalising Asian states which, although being distinct nations since 1965, share common elements in the on-going struggle over the meaning of gender and sexuality in their societies. This is the first book to discuss a range of discourses around gender in these two countries. Women and the Politics of Representation in Southeast Asia: Engendering Discourse in Singapore and Malaysia seeks to give an overview of how gender and representation come together in various configurations in the history and contemporary culture of both nations. It examines the discursive construction of gender, sexuality and representation in a variety of areas, including the politics of everyday life, education, popular culture, literature, film, theatre and photography. Chapters examine a range of tropes such as the Orientalist "Sarong Party Girl," the iconic "Singapore Girl" of Singapore Airlines, and the figure of pious Muslim femininity celebrated by Malaysian NGO IMAN, all of which play important roles in delineating limitations for gender roles. The collection also draws attention to resistance to these gender boundaries in theatre, film, blogs and social media, and pedagogy. Bringing together research from a variety of humanistic and social science fields, such as film, material culture, semiotics, literature and pedagogy, the book is

a comprehensive feminist survey that will be of use for students and scholars of Women's Studies and Asian Studies, as well as on courses on gender, media and popular culture in Asia.

**Global Citizenship and the Legacy of Empire** April Biccum 2012-08-06 This book investigates the parallels between mainstream development discourse and colonial discourse as theorized in the work of Homi Bhabha, Gayatri Spivak and Edward Said. Aiming to repoliticize post-colonial theory by applying its understandings to contemporary political discourses, author April Biccum critically examines the ways in which development in its current form has recently begun to be promoted among the metropolitan public. Biccum contends that what has begun is a sustained marketing campaign for development that is a repetition, augmentation and ultimately much greater success of the work of the Empire Marketing Board of 1926. Demonstrating how this marketing campaign for development attempts to facilitate support for neo-liberal globalization, Biccum contends that this theatre of legitimation is emerging in response to growing critical voices and counter-hegemonic activity on the international stage. Featuring in depth analyses of the UK, cultural values, DfID, the commemoration of the slave trade and campaigns including Live8 and Make Poverty History, this book will be of interest to students and scholars of postcolonial studies, development studies, and international political economy. It will also offer insights valuable to a wider range of subjects including critical theory and globalization studies.

An Agency of Their Own Gregory Gall 2012 This book concerns the projects and processes of sex worker unionisation and more widely forms of sex worker self-interest representation. Since the late 1980s, sex workers have unionised themselves as collective associations of workers in their worksites in many countries. The term 'sex workers', chosen by sex workers themselves, is a generic one covering all those who sell sexual services and comprises prostitutes, exotic dancers, porn actors and sex chat line workers.

**Hidden in Plain Sight** Kimberly Mehlman-Orozco 2017-10-27 Pimp-controlled sex workers, exploited migrants, domestic servants, and sex trafficking of runaway and homeless youth are just a few of the many forms of sex trafficking and labor trafficking going on all around the world-including in the United States. This book exposes both well-known and more obscure forms of human trafficking, documenting how these heinous crimes are encountered in our daily lives. What types of human trafficking crimes are being committed here in the United States? Who are the victims of traffickers? How do we all unknowingly consume the services and products of slavery? And why are human traffickers able to maintain their illicit operations with relative impunity-indeed, with less than .01 percent of human traffickers ever being held accountable for their crimes? *Hidden in Plain Sight: America's Slaves of the New Millennium* documents how human trafficking and its byproducts touch every community in America, from impoverished inner-city neighborhoods to middle-class suburbs and alcoves of wealthy estates. It presents information derived from narrative accounts of real-life trafficking cases, interviews with convicted human traffickers, empirical research, and criminal case files to expose the grim realities of human trafficking in America, perpetrated by Americans. Readers will grasp the origins, evolution, and extent of the problem; understand how trafficking plays an unrecognized role in our day-to-day lives; and see why advancements in awareness and anti-trafficking resources have not changed the status quo. The victims of trafficking continue to be criminalized by law enforcement, and the offenders continue to exploit and profit from new recruits. This book equips readers with the knowledge needed to identify human trafficking cases and advocate for policy changes to

end this scourge in America.

*Prostitution et traite des êtres humains, enjeux nationaux et internationaux* Richard Poulin 2009 Chaque année, des millions de femmes et de fillettes sont mises sur les marchés du sexe du monde entier. Les inquiétudes grandissantes de la communauté internationale face à l'ampleur de la criminalité internationale et au développement de la traite des femmes et des enfants ainsi que du trafic des migrants ont abouti à l'adoption de plusieurs conventions multilatérales (ONU) et régionales (Europe et Amériques). Du point de vue de la lutte contre l'oppression des femmes et l'exploitation de la prostitution d'autrui, quels sont les forces, les faiblesses, les avancées ou les reculs de ces conventions ? C'est l'objet de la première partie du livre, qui bénéficie, entre autres, de la collaboration de Sigma Huda, ancienne Rapporteuse spéciale de l'ONU sur la traite des êtres humains. Dans la deuxième partie, des chercheurs livrent les résultats de leurs enquêtes sur les clients de la prostitution, les gangs de rue et la prostitution des mineures, le tourisme sexuel ainsi que la lutte de la société civile contre la traite des femmes au Cambodge et au Mexique. Enfin, dans la troisième partie, des organisations non gouvernementales canadiennes impliquées dans la lutte pour l'abolition de l'exploitation sexuelle des femmes et des enfants proposent leurs analyses et pistes d'action. Fruit d'une collaboration internationale, premier livre en français sur les conventions internationales et régionales qui encadrent juridiquement la traite à des fins de prostitution, cet ouvrage collectif est également un outil de lutte contre l'exploitation sexuelle des femmes et des enfants.

**A Crime So Monstrous** E. Benjamin Skinner 2013-03-22 Two hundred years after Parliament passed the Abolition of the Slave Trade Act, over 27 million people worldwide languish in slavery, forced to work, under threat of violence, for no pay. In Africa, hundreds of thousands are considered chattel, while on the Indian subcontinent millions languish in generational debt bondage. Across the globe, women and children, sold for sex and labour, are already the second most lucrative commodity for organised crime. Through eviscerating narrative, *A Crime So Monstrous* paints a stark picture of modern slavery. Skinner infiltrates trafficking networks and slave sales on four continents, exposing a flesh trade never before portrayed with such vivid detail. From mega-harems in Khartoum to illicit brothels in Bucharest, from slave quarries in India to urban child markets in Haiti, he lays bare a parallel universe where lives are bought, sold, used and discarded. The personal stories related here are heartbreaking but in the midst of tragedy Skinner also discovered a quiet dignity that leads some to resist and aspire to freedom. He bears witness for them and for the millions that are held in the shadows - all victims of what is the greatest human-rights challenge facing our generation.

*Sex, Love and Money in Cambodia* Heidi Hoefinger 2013-07-04 Dealing with the complex and discomforting 'grey' area where sex, love and money collide, this book highlights the general materiality of everyday sex that takes place in all relationships. In doing so, it draws attention to and destigmatizes the transactional elements within many 'normative' partnerships - be they transnational, inter-ethnic or otherwise. Focusing on Cambodia, and on a subculture of young women employed in the tourist bar scene referred to as 'professional girlfriends', the book shows that the resulting transnational relationships between Cambodian women and their foreign partners are complex and multi-layered. It argues that the sex-for-cash prostitution framework is no longer an appropriate model of analysis. Instead, a new vocabulary of 'professional girlfriends' and 'transactional sex' is used, with which the nuanced complexities of these transnational partnerships are analysed. Interdisciplinary in nature, the book inspires new understandings of gender, power, sex, love, desire, political economy and materiality within everyday relationships around the globe. It is a useful contribution for students and scholars of Anthropology, Sociology, Southeast Asian Studies, Gender and Sexuality Studies, and Cultural Studies.

*The Quest for Sexual Health* Steven Epstein 2022-03-23 "Since the 1970s, health professionals, researchers, governments, advocacy groups, and commercial interests have invested in the pursuit of something called 'sexual health'. Programs were launched, organizations founded, initiatives funded, products sold-and yet, no book before this one asks: What does it mean to be sexually healthy? When did people conceive of a form of health

called sexual health? And how did it become the gateway to addressing a host of social harms and the reimagining of private desires and public dreams? Offering an entryway into the distinctive worlds of sexual health, this book traverses the distance from the research and treatment domains where sexual health is assessed, measured, and improved to the "sex expos" that invite attendees to "leave their inhibitions at the door and explore today's top intimacy products" and beyond. Sexual health encompasses wildly disparate agendas and speaks to innumerable concerns—from sexual dysfunction to sexual violence, from HIV prevention to reproductive freedom, to the practicalities of sexual contact during a global pandemic. Rather than a thing apart, sexual health is intertwined with nearly every conceivable topical debate—and more of them every day. Through his wide-ranging exploration, Steven Epstein provides the critical tools needed to bring into focus the different faces of sexual health and parse the debates that swirl around it"—

*Men and Masculinities in Southeast Asia* Michele Ford 2012-10-12 This book brings together extensive recent innovative research on the study of men and masculinities in Southeast Asia. Drawing on rich ethnographic fieldwork from Vietnam, Cambodia, Thailand, the Philippines, Singapore, Indonesia and Timor-Leste, the book examines both dominant and marginal constructions of heterosexual masculinity and the ways in which these

are performed in different localized contexts in insular and mainland Southeast Asia. Through the presentation of detailed ethnographic studies on topics ranging from the professional practices of Filipino merchant seafarers to the sex lives of Thai migrant workers to the stand-over tactics of Indonesian gangsters, the authors in this collection challenge the idea of emerging globalizing forms of masculinities. Where existing studies of gender in Asia tend to concentrate on women, East Asia and gay men, this book fills a significant gap and demonstrates, overall, how gender, ethnicity, class, sexuality and nationality shape contemporary understandings of what it means to be a 'man' in contemporary Southeast Asia.

**Frontier Mosaic** Richard Humphries 2007 To the long-suffering Burmese people and particularly for Burma's frontier minorities, the Thai border represents a potential escape from poverty and government repression, and a chance for a better life. Despite the natural hospitality of many Thai people and the efforts of individuals and NGOs involved in support programs, the reality of life in the frontier region rarely matches the dream. In *Frontier Mosaic*, author Humphries provides first-hand accounts and his own observations of the personalities he encounters, on both sides of the border, as he traverses the length of the Thai-Burma frontier. We are introduced enroute to the insurgent soldier, the mother, the migrant and the artist, among many other typical inhabitants. In tales of hope and dashed dreams, certainties and ambiguities, conflict, exploitation and coexistence, Humphries paints an informative and empathetic picture of life in the region, of interest to specialists and general readers alike.

Women's Rights and Bioethics Lorraine Dennerstein 2000-01-01 Advances in the biomedical sciences have raised pertinent, and often paradoxical, questions concerning the relationship between women's health and their rights. This book, based on the Round Table on Bioethics and Women held at UNESCO during the Fourth Session of the International Bioethics Committee (IBC), presents the experience of field workers and actors in areas as diverse as health, legal affairs, governance, education and psychology. It takes into account both the various stages of the biological life span and the insertion of women in a particular socio-economic and cultural context. Although the book does not claim to be exhaustive, it shows to what extent the specificity of issues related to women in relation to bioethical issues has sometimes been underestimated. Based on numerous socio-cultural experiences throughout the world, it also provides a useful general view for readers who wish to pursue research or studies in this field. [UNESCO website]
