Karmic Relationships - Rudolf Steiner 2009-02-15

9 lectures, Breslau, Jun 7-15, 1924 (CW 239) During 1924, before his last address in September, Rudolf Steiner gave over eighty lectures on the subject of karma to members of the

Anthroposophical Society.

These profoundly esoteric lectures examine the underlying laws inherent in reincarnation and karma, and explore in detail the incarnations of specific historical figures. In Rudolf Steiner's words, the study of karma is "...a matter of penetrating into the most

profound mysteries of existence, for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world existence..." Volume 7 in the *Karmic Relationships* series focuses on human experiences after death and before a new birth; karma in world history; the cosmic nature of Christ; waking, dreaming, and sleeping; and the physical effects of karma. This book is a translation from German of 9 lectures (of 16) from *Esoterische Betrachtungen karmischer Zusammenhänge*, in 6 Bdn., Bd.5 (GA 239).

During 1924, before his last address in September, Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society. These profoundly esoteric lectures examine the underlying laws of reincarnation and karma, and explore in detail the incarnations of certain named historical figures. In Rudolf Steiner's words, the study of karma is '...a matter of penetrating into the most profound mysteries of existence, for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world-existence...' In this second volume of the series, Rudolf Steiner considers individual karmic relationships in history - for example Marx and Engels - as well as surveying karma in human life, the shaping of karma after death, and the "cosmic form" of karma.

The Imagination of Pentecost -
Richard Leviton 1994

Carlo Pietzner speaks, out of his own ego-directed, inner experiences, about several motifs inherent to inner striving: the problem of self in relationship to the world, the disintegration of the three soul forces, the transition from sense perception to spiritual perception, the reality of evil, the condition of loneliness, and more.

Christ and Sophia - Valentin Tomberg 2011-03-01

In these astounding meditations on the true Christian nature of the scriptures, Tomberg shows how the central story of entire Bible is really a history of the Christ being. He describes the cosmic and earthly preparations for the Mystery of Golgotha, its significance and results for humanity and the world as a whole, and the central role of the Sophia being and her relationship to the Christ, the Holy Spirit, the Disciples and Pentecost, and all of humanity. He also imagines the Grail nature of the Christ's involvement in earthly history. All of Valentin Tomberg's

profound studies are finally available in a single volume! Drawn from four difficult-to-find and out-of-print editions, this completely revised and updated text includes Tomberg's anthroposophic meditations on the Old Testament, the New Testament, and the Apocalypse, while the appendix contains his final, unfinished work, "The Four Sacrifices of Christ." Christ and Sophia contains all of Valentin Tomberg's essential anthroposophic works on the scriptures, providing an invaluable resource for anyone who wishes to gain a deeper understanding of Rudolf Steiner's spiritual scientific approach to esoteric Christianity, as revealed by a close, meditative reading of the Bible--from Genesis to John's Revelation. This volume contains English translations of these works by Valentin Tomberg: "Anthroposophisch Betrachtungen uber des Alte Testament; Anthroposophische Betrachtungen uber das Neue Testament;

Geisteswissenschaftliche Betrachtungen uber die Apokalypse des Johannes.""

Paths of the Christian Mysteries - Virginia Sease 2003

In recent decades, there has been an upsurge of interest in "the Camino," the pilgrim's route to Santiago de Compostela in northern Spain. But where does this fascination in the spiritual exploration of the Middle Ages come from, and what is its significance? Virginia Sease and Manfred Schmidt-Brabant assert that we live in a time of spiritual quest, discovery, and change. Humanity is becoming increasingly sensitive, and primal memories are beginning to emerge in people's consciousness. Within this dynamic context of inner transformation, the Camino's historic importance is being reechoed in human souls. Rudolf Steiner explained that people need to live not only with outer history, but also with the esoteric, hidden narrative behind it--the history of the mysteries. Today, at the

beginning of the twenty-first century, the authors suggest that it is increasingly necessary for us to live consciously with this veiled history of humanity's continual search for communion with the divine world. Based on long research and contemplation, the authors present a survey of extraordinary breadth and depth. Focusing on the spiritual history of humankind, they begin with the cosmic origin of the Grail Mysteries and culminate with the suprasensory Michael cultus and the being of Anthroposophia. Topics also include: the school of Athens; early Christian art and its Gnostic impulses; the Grail initiation in northern Spain; the role of the Cathars and Troubadours in the Manichean spiritual stream; the Camino to Santiago de Compostela and the esoteric aspect of music for the pilgrims; the Music of the Spheres and the Elders of the Apocalypse; the Templars as emissaries of the Holy Grail; the initiations of Christian Rosenkreutz and his relation to

~~anthroposophical art, the early Rosicrucian impulses in America and Europe; and much more.~~

Journal for Star Wisdom 2016 - Robert Powell 2015-10-01
Journal for Star Wisdom 2016 includes articles of interest concerning star wisdom (Astrosophy), as well as a guide to the correspondences between stellar configurations during the life of Christ and those of today. This guide comprises a complete sidereal ephemeris and aspectarian, geocentric and heliocentric, for each day throughout the year. Published yearly, new editions are available beginning in October or November for the coming new year. According to Rudolf Steiner, every step taken by Christ during his ministry between the baptism in the Jordan and the resurrection was in harmony with—and an expression of—the cosmos. *Journal for Star Wisdom* is concerned with these heavenly correspondences during the life of Christ. It is intended to help provide a foundation for

cosmic Christianity, the cosmic dimension of Christianity. It is this dimension that has been missing from Christianity in its two-thousand-year history. Readers can begin on this path by contemplating the movements of the Sun, Moon, and planets against the background of the zodiacal constellations (sidereal signs) today in relation to corresponding stellar events during the life of Christ. In this way, the possibility is opened for attuning, in a living way, to the life of Christ in the etheric cosmos. This year's journal begins with an article by Robert Powell on the relationship between the galactic center and Christ's miracle of the healing of the man born blind, followed by an article by Estelle Isaacson about the life of the man born blind, whose name was Celidonius. She has also written on the "star of Lazarus and reading the starry script." Claudia McLaren Lainson's article "The Towers We Build" relates to the planet Uranus and events of our time against

the background of the position of Uranus—in 2016, the same as shortly after Christ's Ascension. She also honors psychologist and astrophysicist William Bento, who died on June 5, 2015, with her "In Memoriam." David Tresemer's article, written with Robert Schiappacasse, expands on a short contribution from William Bento. Brian Gray's article focuses upon the birth of Jesus—in terms of a stellar imagination—in relation to the three kings on the one hand and the shepherds on the other. Nicholas Kollerstrom contributed "Position of the Ancient Star Zodiac," presenting his research into the original scientific definition of the zodiac. The article "Specters" by Kevin Dann takes a unique approach to "The Fall of the Spirits of Darkness," the subject of David Tresemer's article. The monthly commentaries for 2016 by Claudia McLaren Lainson are supported by monthly astronomical previews by Sally Nurney, offering opportunities to observe and

experience physically the stellar configurations during 2016. This direct interaction between the human being on Earth and the heavenly beings of the stars develops the capacity to receive their wisdom-filled teachings.

The Archangel Michael -

Rudolf Steiner 1994

"The Michael age has dawned. Hearts begin to have thoughts. Enthusiasm no longer flows from mystical obscurity, but from the inner clarity that thought conveys. To grasp this is to receive Michael into one's soul. Thoughts that today seek to grasp the spirit must spring from hearts that beat for Michael as the fiery cosmic prince of thought." --Rudolf Steiner For centuries, the tradition of the "mystical chronology" of the world's seven archangelic regents has been part of Western esoteric teaching. According to this tradition, 1879 marked the return of the solar spirit Michael--the archangel of the Sun--to oversee earthly evolution. Steiner always placed his life and work in the

service of Michael's evolutionary task. And he recognized that, at the beginning of the twentieth century, humanity emerged from the Kali Yuga--the Dark Age--and entered the Age of Light. Against this background, Steiner described the ascent of Michael as cosmic ruler, his battle with the "dragon" of the spirits of darkness, and his roles as the countenance of Christ and the guardian of cosmic intelligence. He also gave many profound indications of how Michael's evolutionary task depends on the free and independent collaboration of human coworkers. Speaking on behalf of Michael, Steiner laid out the essentials for a new Michaelic path to full humanity. Among the elements of this path are the development of selfless individuality; cosmopolitanism; the practice of the presence of Christ; fearlessness; the transformation of thinking and perception in a new synthesis of science, art, and religion; the spiritualization of space; and the separation of thought

from language. The Archangel Michael gathers most of Steiner's statements on this subject, making it an important source for coming to terms with today's political, social, psychological, and spiritual crises.

Rudolf Steiner, Life and Work (vol. 7) - Peter Selg 2019-03

In this final volume of his comprehensive biography of Rudolf Steiner, Peter Selg describes Steiner's final months on Earth. Although his health was beginning to decline, 1924 might have been his most productive and fruitful years. It saw a new beginning for the Anthroposophical Society and the beginning of the Esoteric School and the School for Spiritual Science. The year began with the "Christmas Conference," during which the Anthroposophical Society was reborn). That year also witnessed Rudolf Steiner's "Karmic Relationships" lectures, as well as the serialized "Leading Thoughts," summarized Anthroposophy in

a series of aphoristic guidelines for meditation, supplemented by essays on the Michaelic nature of Anthroposophy. Also serialized in the Goetheanum newsletter were autobiographical chapters in Rudolf Steiner's life up to 1907. He also defined his important spiritual relationships with Ita Wegman, Marie Steiner, and Lili Kolisko, as well as their significant connection to the Society and his spiritual legacy. New initiatives were also planted in the world during this time, including anthroposophically extended medicine and biodynamic agriculture. From his sickbed in the Goetheanum carpentry shop, Steiner also formed plans and a model for the new Goetheanum in Dornach, Switzerland. Also included in this volume is a lecture by Rudolf Steiner on June 4, 1924, "The Festival of Pentecost." Book jacket.

Rudolf Steiner, Life and Work Volume 2 (1890-1900) - Peter Selg 2015-08-01

The first chapter of this volume looks at Rudolf Steiner's years

in Weimar, beginning with his work at the Goethe Archives editing Goethe's scientific works. It was in this capacity that Steiner was able to comprehend the great spiritual depth of Goethe's life and work, which became the foundation for his own lifework. This chapter also looks at his social circles and the writing and publication of his works *Truth and Knowledge* (CW 3) and *The Philosophy of Freedom* (CW 4). It also highlights his encounter with the work of Friedrich Nietzsche, his visits to the Nietzsche Archives in Naumburg, and the writing of his book *Friedrich Nietzsche: Fighter for Freedom* (CW 5). Rudolf Steiner's time in Weimar comes to a close with the creation of his second book on Goethe: *Goethe's World View* (CW 6), a fruit of his work at the Archives. The second chapter focuses on Rudolf Steiner's time in Berlin, where he worked as editor of a cultural periodical, *Magazin für Litteratur*, and accepted a position as lecturer at the

~~Workers' School. There he was~~ able to grow into his capacity as a teacher and where, although he encountered many ideological challenges, his insight into historical development found wide appreciation among students. The third chapter covers the turn of the century and Rudolf Steiner's inner transition to speaking and writing more openly of his esoteric observations on the evolution of consciousness, the "I," and the training of cognition. His decisive 1899 essay, *Individualism in Philosophy*, marked this impulse, followed by invitations to lecture freely before the Theosophical Society, where Rudolf Steiner presented the esoteric nature of Goethe's fairy tale and the content of what later became his own books *Mystics after Modernism* (CW 7) and *Christianity as Mystical Fact and the Mysteries of Antiquity* (CW 8).

Speaking to the Stars -

A New Star Wisdom developed
by Willi Sucher from the
insights of Rudolf Steiner
"...the great paradox is that the
loss of direct spiritual
perception of the gods was
necessary in evolution so that
human beings could fulfill their
great task in world evolution.
According to Rudolf Steiner,
this task is that we become
beings of freedom and of the
love that is born out of that
freedom. This means that the
experience of separation from
the divine, unique to humanity
among all beings, has the
possibility, not the
predetermination, to establish
something new in the cosmos:
a rank of beings who freely
choose to participate with the
divine plan out of the love born
from that freedom." (from the
book) Based on the author's
comprehensive video course on
star wisdom (astrosophy), this
book presents a thorough
introduction to star wisdom as

~~inaugurated by the spiritual~~
philosopher Rudolf Steiner and
the pioneer of astrosophy Willi
Sucher, whose work and
methods Jonathan Hilton has
studied, practiced, and
developed for many years.
Beginning with the basics,
Hilton takes the reader
through an introductory course
on astrosophy--from
understanding and working
with the zodiac and planetary
spheres to actual chart
construction and to the
spiritual significance and
deeper meaning behind
practical astrosophy and its
potential for one's own inner
development. In the process,
he also brings a historical
perspective and carefully
draws important distinctions
between today's popular
astrology and the esoteric basis
for an approach to star wisdom
as viewed and developed
through spiritual science. Also
included in this course on
astrosophy are numerous
statements from the works of
Rudolf Steiner on our human
relationship to the stars,
zodiac, and cosmos. This is an

essential guide for anyone who wants to begin a study of this discipline and spiritual path through the stars. Liberally illustrated with more than seventy color and black-and-white images.

Time of Decision with Rudolf Steiner - Friedrich Hiebel
1989-12

This fascinating recollection of the early days of the Anthroposophical Society offers a unique perspective on Rudolf Steiner's work and his relationship to his students. Of particular interest to our readers will be the chapters on the Christmas Conference of 1923 for the foundation of the Anthroposophical Society. Hiebel attended the meeting, and his lively descriptions and warm style let those solemn events rise up again in our souls. He recreates the solemn, sacred mood of the laying of the Foundation Stone, and provides insights into the structure and meaning of the Foundation Stone verses.

A Western Approach to Reincarnation and Karma - Rudolf Steiner 1997

The soul's immortality and its repeated earthly births are not new ideas in Western thought. They are implicit in the Pythagorean and Platonic traditions, as well as in some branches of esoteric Judaism and Cabbala. But it was not until the early years of this century that the West was given a detailed, modern, evolutionary philosophy of human life based on the reality of reincarnation and karma. This turning point occurred when Rudolf Steiner began to make public the results of his spiritual scientific researches. He viewed the revelation of reincarnation and karma as one of his most important life tasks. Steiner's contribution, however, remains unique in its understanding of the human being as an evolving,

developing being of body, soul, and spirit. On the basis of his researches--presented in numerous books and lectures--we begin to understand how the complex interaction of human lives between birth and death and between death and a new birth gives new meaning not only to individual lives lived on Earth in community with others, but also to human history and evolution and to earthly and cosmic events. This book collects many of Steiner's major statements on reincarnation and karma. The primary purpose of this volume is to help readers meet the challenge of spiritual research in the area of individual evolution of the soul and spirit in the context of cultural and universal evolution. Such a study can be tremendously revealing and provide spiritual understanding in a time of increasing intellectual confusion and spiritual poverty. The notion of reincarnation and karma is generally associated in most minds with spiritual

~~traditions of the East,~~ especially Hinduism and Buddhism. Ren Querido's in-depth, sixty-page introduction, however, places these concepts within the context of Western spiritual development and esoteric tradition, showing us a panoramic view of how such ideas have developed over the centuries in the West.

Contents: Introduction by Ren Querido: 1 Our Present Dilemma 2 Historical Survey of Reincarnation and Karma 3 Rudolf Steiner's Original Contributions The lectures: 1 Natural and Chance Illnesses in the Human Being 2 Elemental Events, Volcanic Eruptions, Earthquakes & Epidemics in Relation to Karma 3 Death and Rebirth in Relation to Karma 4 Knowledge of Reincarnation and Karma 5 Examples of Karma Working between Two Incarnations 6 Vital Questions in the Light of Reincarnation and Karma 7 The Formation of Karmic Forces 8 Reincarnation of the Spirit and Destiny
