The Red Millionaire - Sean McMeekin
2008-10-01

Willy Münzenberg—an Old Bolshevik who was also a self-promoting tycoon—became one of the most influential Communist operatives in Europe between the World Wars. He created a variety of front groups that recruited well-known political and cultural figures to work on behalf of the Soviet Union and its causes, and he ran an international media empire that churned out enormous amounts of propaganda and raised money for Communist concerns. Sean McMeekin tells Münzenberg's extraordinary story, arguing persuasively that his financial chicanery and cynical propaganda efforts weakened the non-Communist left, enraged the right, and helped feed a cycle that culminated in Nazism. Drawing extensively on recently opened Moscow archives, McMeekin describes how Münzenberg parlayed his friendship with Lenin into a personal fortune and how Münzenberg's mysterious financial manipulations outraged

Social Democrats and lent rhetorical ammunition to the Nazis. His book sheds new light on Comintern finances, propaganda strategy, the use of front organizations to infiltrate non-Communist circles, and the breakdown of democracy in the Weimar Republic. It is also an engrossing tale of a Communist con man whose name once aroused fear, loathing, and admiration around the world.

The Millionaire Fastlane - MJ DeMarco 2011-01-04

10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold

you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

The Naked Millionaire - David Taylor

2010-08-26

This is a book about becoming a millionaire. Not through investment, although you may invest the money that you make. Not through savings, although you will be able to have some of those. And not through betting on the 4.10 at your local race track. This is a 'how to' book like no other, with seven possible paths, all leading to the same outcome. This is your book, not mine. If you do the things in this book you will become a millionaire - it's that simple. So what do you want to do? Be an authentic millionaire? Design a global brand? Start and grow your business? Avoid pitfalls? See what others don't? Become a professional speaker? Write a bestseller? Your book, your choice. This is a work of fact - if, and only if, you do something with it. Otherwise, it's a work of fiction.
