Liquid Modernity - Zygmunt Bauman 2013-07-10

In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and un-reachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. Liquid Modernity concludes the analysis undertaken in Bauman's two previous books Globalization: The Human

Consequences and In Search of Politics. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today.

Integrating scientific research, clinical experience, and his own insights, Dr. Jacob Liberman has worked effectively with more than 15,000 individuals, from the learning disabled and physically/emotionally traumatized to business executives and Olympic athletes. The book discusses the use of light in the treatment of various cancers, depression, stress, visual problems, PMS, sexual dysfunction, learning disabilities, and the human immune system.

The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

The Mayan Code - Barbara Hand Clow 2007-03-29

Bestselling author Barbara Hand Clow shows how the Mayan Calendar is a bridge to galactic wisdom that fosters personal growth and human evolution • Unearths the meaning behind the calendar, its message for modern civilization, and what will happen when the calendar ends • Reveals how time acceleration is a manifestation of the acceleration of consciousness • By the author of *The Pleiadian Agenda* *The Mayan Code* is a deep exploration of how, as we approach the end of the Mayan Calendar, time and consciousness are accelerating, giving us a new understanding of the universe. Using Carl Johan Calleman's research, as well as the ideas of other Mayan Calendar scholars, Barbara Hand Clow examines 16.4 billion years of evolution to decode the creative patterns of Earth--the World Mind. These great patterns culminate in 2011, and then during 2012 major astrological influences will inspire us to attain oneness and enlightenment. *The Mayan Code* shows how the time cycles of the Calendar match important periods in the evolutionary data banks of Earth and the Milky Way Galaxy. These stages of evolution are converging during the final stage of the Calendar, the period between 1999 and 2011. War and territoriality, resource management and

separation from nature, are all part of daily events we must process during these few short years: evidence of the tightening spiral of time that we experience as time speeding up. Barbara Hand Clow counsels that our own personal healing is the most important factor as we prepare to make this critical leap in human evolution--now referred to as the awakening of the World Mind.

Sex at Dawn - Christopher Ryan 2021-01-05

The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been

told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.

Liquid Light of Sex - Barbara Hand Clow 2001-09-01

A nationally known astrologer explores the connection between spiritual emergencies at age 30, 40, and 50 and key astrological passages of Saturn, Uranus, and Chiron. • Provides techniques for directing the kundalini energy released during planetary passages for optimal personal and psychic development. • Includes charts for birth years starting in 1930 so that readers can determine the timing of their planetary passages. • By Barbara Hand Clow, author of the bestselling *Pleiadian Agenda* (60,000 copies sold). Kundalini--the energy of eros that lies at the base of the spine--can be overwhelming once activated. Times of activation coincide with the key astrological passages of Saturn, Uranus, and Chiron in one's birth chart and are often experienced as periods of spiritual emergency, confusion, and imbalance. In *Liquid Light of Sex*, Barbara Hand Clow opens up new dimensions for understanding what occurs during these key life passages, which most of us experience three times in our lives. In the author's words, "we form at age 30, we transform at age 40, and we transmute at age 50." Focusing on the

transformation at age 40--the time of imbalance and spiritual confusion often referred to as the "midlife crisis"--she explores how kundalini energy, the liquid light of sex, can be creatively channeled by unblocking the chakras. Offering effective methods for achieving physical, emotional, and spiritual growth during this important life passage, *Liquid Light of Sex* presents a roadmap for using celestial cycles to navigate positively and productively in times of great life change.
