Twelve Years A Slave, Illustrated Edition - Solomon Northup 2014-04-08

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

*International IDEA Handbook on Democracy Assessment* - Iain Kearton 2021-11-15

The International IDEA Handbook on Democracy Assessment is a robust and sensitive guide to assessing the quality of democracy and human rights in any country around the world. The Handbook introduces an easy-to-use and universal methodology for assessing the condition of democracy in any country, or its progress in democratisation, that has been developed in a three-year action programme at IDEA, the inter-governmental Institute for Democracy and Electoral Assistance in Sweden. The Handbook provides a means to measure systematically the full range of values, institutions and issues relating to modern democracy that is sensitive to the underlying principles and democracy and the differences between democracies themselves. It is therefore both universal in application and capable of responding to particular aspects of any one nation's democratic arrangements. The animating principle of the Handbook is that only citizens of a nation themselves are qualified to assess the quality of their own democratic arrangements. Thus, it provides a self-help guide, which gives academics, lawyers, political practitioners, journalists and interested citizens the tools to assess the state of their democracy, or any key aspects of their democracy. The Handbook is above all a practical working document that draws on the actual experience of assessing democracy in different countries, comparative knowledge and research, and democratic principles and practice. It gives a step-by-step guide to the purposes and methods of democracy assessment; who to involve; how to use the research tools; how to validate the findings; what standards of practice to adopt; and how to present and publicise a finished assessment. It contains extracts from completed assessments, guidance on the use of qualitative and

quantitative data, examples of codes of democratic practice and international and regional standards, and a vast list of accessible data sources. The methodology was created by a team of political scientists assembled from all regions of the world by International IDEA and has been tried and tested in a variety of countries, including Bangladesh, El Salvador, Italy, Kenya, Malawi, New Zealand, Peru, South Korea and the United Kingdom. International organisations like the World Bank and UNECA are adapting it for in-country use. The four main authors and editors have been directly involved from the inception of the project - in developing and refining the methodology and participating in and advising on the nine country studies that form the essential practical core of experience on which this invaluable Handbook is based.

Miloš Gregor is Assistant Professor at the Department of Political Science, Masaryk University, Czech Republic. **Tamara de Lempicka** - Tamara de Lempicka 2011

The definitive catalog on the first woman artist to become a glamorous star. A cosmopolitan painter and icon of the art deco movement, Tamara de Lempicka created images that became the symbols of an era, the "crazy" 1920s and 1930s. She was possibly that period's most brilliant exponent. Driven by an iron will to achieve, Tamara not only cultivated her artistic talent, she also consciously built an image, that of an elegant and sophisticated woman, the extravagant protagonist of the European high life. Published to mark the exhibition in Rome from March 11-July 3, 2011, the monograph traces the entire career of this fascinating Polish artist who lived in Europe, the United States, and Mexico and catalogs the sum of her works. Through scrupulous scientific analysis of 120 paintings and works on paper, the publication recreates the artistic atmosphere of the time, suggesting unique parallels and comparisons with contemporary works. It also offers the reader a cross section of the artist's life, which was filled with glamour but at the same time marked by the great and terrible historic events of the twentieth century.

**Adulterous Nations** - Tatiana Kuzmic 2016-11-15

In *Adulterous Nations*, Tatiana Kuzmic enlarges our perspective on the nineteenth-century novel of adultery, showing how it often served as a metaphor for relationships between the imperialistic and the colonized. In the context of the long-standing practice of gendering nations as female, the novels under discussion here—George Eliot's *Middlemarch*, Theodor Fontane's *Effi Briest*, and Leo Tolstoy's *Anna Karenina*, along with August Šenoa's *The Goldsmith's Gold* and Henryk Sienkiewicz's *Quo Vadis*—can be understood as depicting international crises on the scale of the nuclear family. In each example, an outsider figure is responsible for the disruption experienced by the family. Kuzmic deftly argues that the hopes, anxieties, and interests of European nations during this period can be discerned in the destabilizing force of adultery. Reading the work of Šenoa and Sienkiewicz, from Croatia and Poland, respectively, Kuzmic illuminates the relationship between the literature of dominant nations and that of the semicolonized territories that posed a threat to them.

Ultimately, Kuzmic's study enhances our understanding of not only these five novels but nineteenth-century European literature more generally.

**A Glossary of Berkshire Words and Phrases** - Barzillai Lowsley 1888

Reason to Return - Ericka Andersen 2023-01-17

Do you really need church to have a relationship with God? Church can produce all kinds of automatic reactions depending on your past experiences. Perhaps your family was actively involved in church, or maybe your experience was limited to attending on the occasional holiday. Is it a place you associate with feelings of shame or joy? Does it bring anxiety, or do you have fond memories? Few people are neutral on the subject of church. Are you one of the 16 million American women who have left the church in the last decade? There are many reasons for this exodus. Many women who leave the church--especially those who still consider themselves to be Christians--desire a closer relationship with God and a deeper spiritual life. What they may not realize is that the imperfect churches of their pasts might be keeping them from meeting those deep spiritual longings today. In *Reason to Return*, Ericka Andersen delves into the reasons why women are leaving church in droves. With gentle insight and thoughtful research, she invites Christian women who are hurt or disillusioned by the churches of their pasts to fulfill their unmet spiritual longings for God and community--and consider what the church might still have to offer them.

**I, Rhoda** - Valerie Harper 2013-01-15

As Mary Richards's lovable and self-deprecating best friend Rhoda Morgenstern on *The Mary Tyler Moore Show*, Valerie Harper, too, turned the world on with her smile. Viewers could relate to Rhoda, native New Yorker and struggling working girl, who was unlucky in love and insecure about her weight but who always kept her sense of humor. Valerie was an unknown actress when she won the part that made her famous, and by the time Rhoda, her popular spin-off show, ended, she had won four Emmys and a Golden Globe. The role was groundbreaking. On-screen, she represented a self-reliant new identity for women of the 1970s while off-screen she fought alongside feminists Gloria Steinem and Bella Abzug for equal rights, among other issues that were important to her. Valerie's showbiz journey has taken her from Broadway, where she performed as a dancer and eventually found herself onstage with Lucille Ball and Jackie Gleason, to Hollywood, where she went down in history as one of television's best-loved characters, and back to the Great White Way, where she recently won a Tony Award nomination for her critically acclaimed role as Tallulah Bankhead. Her inspiring story is laced with triumphs and a few transformative obstacles along the way, but she remains upbeat and funny throughout, always confident that no matter what, she's going to make it after all.
