[A Well-Rounded Love Affair - Danny & Rhoda Whitfield 2014](#)

In America, there is one divorce every thirteen seconds. That's 6,646 divorces per day and 46,523 divorces

per week. Why is the divorce rate so high? Are people getting married too soon and not getting to really know each other first, or are couples throwing in the towel on their marriage without truly trying? When

God ordained the marriage of a man and a woman, He never said it would be easy, because it involves the union of two imperfect people, blending together with their own imperfections. Marriage is not a fairy tale, with a "happily ever after" ending. However, it is a union that requires two people working together daily at becoming one and developing the ability to recognize the attacks of the enemy. In *A Well-Rounded Love Affair*, you will learn how to focus on specific areas to help your relationship blossom. Some of the important areas are:

- Covering your marriage with prayer
- Learning to forgive
- Realizing selfish love can't thrive
- You and your spouse working together to become one

Through your reading, you will further see that it will take more than intimacy to hold your marriage together.

[The Love-Shy Survival Guide](#) - Talmer Shockley 2009-05-15

"In his groundbreaking book, Talmer Shockley (himself a love-shy individual) presents a thoroughly accessible and motivating read for those suffering from love-shyness... Pay attention to his words of wisdom. They will help you find the partner that you so richly deserve" - Nick Dubin, author of *Asperger's Syndrome and Bullying* For many people, romantic and sexual relationships are complex and cause feelings of anxiety. For people who are love-shy, this anxiety is so overwhelming that it can make finding a partner feel like an impossible dream. Although relatively unrecognised, and therefore often undiagnosed, love-shyness is a condition which causes an intense phobia of romantic and sexual situations. This book is designed to help Love-Shys overcome this fear and allow themselves to meet, date, and eventually maintain romantic relationships with members of the opposite sex. A self-confessed Love-Shy, Talmer Shockley explores the condition, its links with Asperger's Syndrome and how it differs from normal shyness. He gives candid advice on how to deal with being love-shy, make dating an enjoyable experience, and survive the "relationship jungle". While love-shyness is predominately a male problem, it can also affect women, and the book offers tips on relationship success for both sexes. Refreshingly honest and insightful, *The Love-Shy Survival Guide* provides essential advice for love-shy people wanting to overcome their anxiety and form successful romantic relationships.

[New Approaches in History and Theology to Same-Sex Love and Desire](#) - Mark D. Chapman 2018-02-15

This book offers a range of interdisciplinary evaluations of the history of same-sex relationships in the Church as they have been understood in different periods and contexts. The relationships between diverse forms of religious and sexual identities have been widely contested in the media since the rise of the lesbian and gay liberation movement in the 1970s. One of the key images that often appears in public debate is that of 'lesbians and gays in the Church' as a significant 'problem'. Research over the past forty years or so into queer theology and the history of same-sex desire has shown that such issues have played an important role in the story of Christianity over many centuries. The contributors to this volume have all been inspired by the challenges of such revisionist study to explore religion and same-sex desire as a field of opportunity for investigation and debate. They uncover some of the hidden histories of the Church and its theologies: they tell sometimes unexpected stories, many of which invite serious further study. It is quite clear through history that some in the churches have been at the vanguard of legislative and social change. Similarly, some churches have offered safe queer spaces. Overall, these essays offer new interpretations and original research into the history of sexuality that helps inform the contemporary debate in the churches as well as in the academy.

Why Love Will Always Be a Poor Investment - Kurt Armstrong 2011-01-01

"Marriage is intimate. Marriage is hard": sober thoughts for a time when movies and television tell us that love is supposed to be romantic and fun. In this eclectic blend of playful and earnest storytelling, social commentary, and fierce argument, Kurt Armstrong offers an up-close look at real-life marriage and the countless ways it differs from what the advertisers tell us it should be. With wisdom, wit, and profound honesty, he explores the aching beauty of love, the ongoing struggle to maintain vows, and the reality of death as the finishing line of covenant. "Even if love one day fills my heart full of grief," says Armstrong, "it is still the only thing worth living for." This moving, honest, heartfelt look at real-life marriage will strike a

chord with single men and women, young couples, and seasoned veterans of married life.

[Love, Sex, and Romance](#) - Sergio Garcia 2002

We spend so much time worrying about the little things in life, money, objects, bills, insignificant things really. We give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like love, health, family, and friends. We allow these trivial things to constantly overwhelm us and worry us sick. We always wish for the future, as opposed to rejoicing in the present and appreciating life for what it truly is, a gift, an opportunity to love and to be loved and by doing so opening our eyes to a truly beautiful reality, a reality we fail to see without love. We fail to see the true beauty of life, the beauty of a brand new morning, the beauty of a butterfly resting in a rose, or the sweet melodies the bird sing. Instead, we focus on the petty things, and by so doing we keep ourselves from achieving the true happiness we seek. Time and time again I have encountered unhappiness in life and particularly in relationships. People do not understand why their relationships are not going in the right direction. People wonder why they are not as happy as they wish they could be, and usually the reason for this is not an insurmountable one. This unhappiness is mostly caused by a lack of communication, lack of trust, lack of honesty, lack of attention or understanding. Sometimes a combination of these prevents us from achieving true happiness, but they can be overcome, and with my help and your willingness to change, you will achieve just that. These problems, unfortunately, are very common, but there is a solution, a simple solution I want to share with you. I want to change the status quo by providing you with the tools you will need to overcome these problems. I want to provide you with the tools you need to more successfully approach your love interest, to better deal with your significant other, and to even improve your marriage and everyday life. I will show you how to communicate, appreciate, and better understand your partner; above all, I will help you love again. The reason behind this book being written is the beautiful feeling one feels as soon as one falls in love, a feeling that should never disappear. It should evolve and become more objective, but no less beautiful; the flame of love should never vanish. The honeymoon period, whether you are married or have just entered into your first relationship, should not fade and pass; it should just transform and it can! It will require a little effort and awareness of each other's preferences, but remember all worthwhile endeavors do. The origin of this book then rests in the predominant lack of understanding between the sexes, in the predominant complaint, "My boyfriend pays more attention to his car than to me," as well as "My wife is always nagging; no matter what I do, she's never happy." The origin of this book is due to the strong belief that I can change that, that I can provide you, the reader, with a happy medium. I strongly believe that I can show you how to meet halfway, and become a happier person and a happier couple in the process. I believe that I can help change those statements to something more positive. I believe I can change those statements to something like: "my boyfriend enjoys spending time working on his car, but he loves me; I'm the most important thing in his life" or "my wife is the greatest - she knows how much I love her, and she knows any opportunity I get I want to be with her because I'm the most important person in her life." Maybe you noticed the use of "thing" and "person" and that is a purposeful mistake, as you will soon learn.

[Love, Sex and Long-Term Relationships](#) - Sarah Hendrickx 2008-02-15

What are the motivations and desires behind relationship choices and sexual behaviour? Are they very different for those with Asperger Syndrome (AS) than for anyone else? Does having extreme sensitivity to physical touch or an above average need for solitude change one's expectation of relationships or sexual experience? Many people on the autism spectrum have limited knowledge of how to establish or conduct sexual relationships: drawing on extensive research with people on the autism spectrum, the book openly explores such questions. For the first time people with AS discuss their desires, needs and preferences in their own words. AS attitudes to issues such as gender, sexual identity and infidelity are included, as well as positive advice for developing relationships and exploring options and choices for sexual pleasure. This accessible book is an invaluable source of information and support for those with Asperger Syndrome and couples in which one or both partners has Asperger Syndrome, as well as counsellors and health and social care professionals.

To Everyone That Is Seeking a Long Term Relationship - LeShawn R. Mckenzie 2009-10

So many people have become lost because of bad relationships. Each separate person that has experienced

relationship difficulties has hidden their true expression about their hurts and their thoughts pertaining to love now. This true factor now holds the foundation of love in its bare hands because there is always someone wanting love from the opposite sex and there is always someone willing to fulfill the request. Both of them get their wishes fulfilled but they also get more added on pain because neither of them were for sure of the reasons they fell in love with each other. Because of the failure to learn of the reasons they fell in love this created bad health for the person in love with the person that was not in love. Once the reasons were seen, one of the lovers became severely hurt in health by the actions of the other lover. This is why you should not walk away from self to satisfy no one, not even your spouse.

Living in Love and Faith - The Church of England 2020-11-09

Issues of gender and sexuality are intrinsic to people's experience: their sense of identity, their lives and the loving relationships that shape and sustain them. The life and mission of the Church of England - and of the worldwide Anglican Communion - are affected by the deep, and sometimes painful, disagreements about these matters, divisions brought into sharper focus because of society's changing perspectives and practices, especially in relation to LGBTBI+ people. Living in Love and Faith sets out to inspire people to think more deeply both about what it means to be human, and to live in love and faith with one another. It tackles the tough questions and the divisions among Christians about what it means to be holy in a society in which understandings and practices of gender, sexuality and marriage continue to change.

Commissioned and led by the Bishops of the Church of England, the Living in Love and Faith project has involved many people across the Church and beyond, bringing together a great diversity and depth of expertise, conviction and experience to explore these matters by studying what the Bible, theology, history and the social and biological sciences have to say. After a Foreword from the Archbishops of Canterbury and York, the book opens with an invitation from the Bishops of the Church of England to embark on a learning journey in five parts: Part One sets current questions about human identity, sexuality, relationships and marriage in the context of God's gift of life. Part Two takes a careful and dispassionate look at what is happening in the world with regard to identity, sexuality, relationships and marriage. Part Three explores current Christian thinking and discussions about human identity, sexuality, and marriage. In the light of the good news of Jesus Christ, how do Christians understand and respond to the trends observed in Part Two? Part Four considers what it means for us as individuals and as a church to be Christ-like when it comes to matters of identity, sexuality, relationships and marriage. Part Five invites the reader into a conversation between some of the people who have been involved in writing this book who, having engaged with and written Parts One to Four, nevertheless come to different conclusions. Amid the biblical, theological, historical and scientific exploration, each part includes Encounters with real, contemporary disciples of Christ whose stories raise questions which ask us to discern where God is active in human lives. The book ends with an appeal from the Bishops to join them in a period of discernment and decision-making following the publication of Living in Love and Faith. The Living in Love and Faith book is accompanied by a range of free digital resources including films, podcasts and an online library, together with Living in Love and Faith: The Course, a 5-session course which is designed to help local groups engage with the

resources, also published by Church House Publishing.

The Last Relationship Book You Will Ever Need (Censored) - Jeremiah Dotson 2016-08-28

The 13th book from highly controversial author Jeremiah Dotson. The Last Relationship Book You Will Ever Need does more than tell what men and women secretly want from the opposite sex. It examines how and why your relationship is more than likely a fraud. It tells why everybody in a relationship will face infidelity in one form or another and it truthfully explains how society and its' good seeming intentions will always ruin your relationship.

The Emerging Lesbian - Tze-Lan D. Sang 2003-01-15

In early twentieth-century China, age-old traditions of homosocial and homoerotic relationships between women suddenly became an issue of widespread public concern. Discussed formerly in terms of friendship and sisterhood, these relationships came to be associated with feminism, on the one hand, and psychobiological perversion, on the other—a radical shift whose origins have long been unclear. In this first ever book-length study of Chinese lesbians, Tze-lan D. Sang convincingly ties the debate over female same-sex love in China to the emergence of Chinese modernity. As women's participation in social, economic, and political affairs grew, Sang argues, so too did the societal significance of their romantic and sexual relations. Focusing especially on literature by or about women-preferring women, Sang traces the history of female same-sex relations in China from the late imperial period (1600-1911) through the Republican era (1912-1949). She ends by examining the reemergence of public debate on lesbians in China after Mao and in Taiwan after martial law, including the important roles played by globalization and identity politics.

Living in Love and Faith: The Course - 2020-11-09

Living in Love and Faith: The Course aims to help Christians think more deeply about what it means to be human. It provides a structured and accessible way for local groups to engage in and reflect on Living in Love and Faith, a major exploration of Christian teaching and learning about identity, sexuality, relationships and marriage. The five sessions of the course each address a key question: • What does it mean to learn together as followers of Jesus Christ? • How does our identity in Christ relate to sex and gender? • What kinds of relationships does God call us to? • Where do our bodies and sex fit in to all of this? • How do diversity and difference affect our life together as a church? Each session includes an opening reflection about learning together, followed by teaching, time for discussion and Bible study. The sessions end with an invitation to reflect on our learning, bringing it to God in prayer. As well as providing notes for those leading groups, the course also signposts the relevant sections of the Living in Love and Faith book as well as recommending films, podcasts and other digital resources available.

The Smart Love Parent - Martha Heineman Pieper 2005

Should you feed your baby whenever she wants or put her on a schedule? Do you impose consequences on children who don't do their homework or clean up their room, or do you help them with chores and homework? Should you respond to the difficult adolescent with tender love or tough love? Parents are faced every day with a multitude of decisions, and they worry about making the right choices. The Smart Love Parent offers a breakthrough method to parenting created and tested by the husband-and-wife team of Dr. Martha Heineman Pieper and Dr. William J. Pieper. The Piepers offer a new understanding of the entire sweep of child development, allowing you to view the process of growing up through your child's eyes. Their patient and caring approach avoids the extremes of permissiveness and of the old reward-and-punishment style of parenting that turns parents into disciplinarians. By offering a relaxed and realistic timetable for your child's development, they identify some previously unrecognized developmental milestones and show you how to help your child reach them through guiding, not punishing. If you understand your child's point of view, you can better know how to love her and how to respond to her actions. The Smart Love Parent helps parents cultivate a child's inner happiness, which is the best means of ensuring your child will grow up well behaved, responsible, self-confident, and able to reach his or her fullest potential. This is How Love Works - Steven Carter 2002-09-04

Perhaps love itself will always be a mystery. Why a relationship works or doesn't work, however, is not a total mystery. It is only a challenge that you can easily meet if you have the tools, starting with awareness as the key.

Dating in the Millennium - Alicia S. Walker 2013-07-12

What therefore God has joined together, let no man separate, Matthew 19:6 Good communication openly and honestly is ideal when it comes to dating and marriage. Many women aspire to share a covenant relationship with the opposite sex, and really don't bargain for being labeled as girlfriend #2, friend, baby momma, or any other label or title that is given to them other than wife or fianc . As young girls and young adults most aspire to be married, have a family, and be in a one-on-one committed relationship. A relationship is like any living plant that requires sunlight, nurturing, and water. If you don't water it and provide it with enough sunlight, water and care, it dries up and dies. This holds true for any relationship between a man and a woman. Love makes the world go round. When cultivating a healthy and fruitful relationship, the relationship should be a win-win for both parties involved. It is important to begin a relationship with honesty, integrity, respect and trust. Ask God daily to lead, guide, and advise you so that you can make sound decisions when it comes to dating and marriage. He always give us signs when things are not right so pay attention to the things that are going on around you and in your life. Take time to do

some soul searching and get in tuned with yourself and start asking yourself some very important questions. What truly makes you happy? And what is the real definition of love and what does it mean to you? Remember, you cannot make someone else happy if you're not happy with yourself. Live for you and do what makes you feel the happiest whether your family and friends agree or disagree. At the end of the day whatever choice or decision you make, you are the one who have to live with it.

Shyness & Love - Brian G. Gilmartin 2012-11-29

Shyness & Love covers the only major study conducted to date on social anxiety disorder as it is manifested in informal, unstructured, male/female dating and courtship situations. It focuses on the causes—both biomedical as well as situational—of “love-shyness” and the consequences for those afflicted with it. Gilmartin also discusses promising treatment modalities and what schools and communities can do to prevent severe love-shyness from developing in the first place. *Shyness & Love* examines the early family life as well as the peer group interactions of love-shy men. The book provides many statistical comparisons between the sampled love-shys and a comparison group of non-love-shy males of normal (but not superior) social self-confidence levels. These statistical comparisons allow for some informed speculations regarding the numerous interacting causes that underlie social phobia in informal, unstructured, heterosexual social situations. These statistical comparisons also provide the reader with some powerful suggestions regarding ways the American social structure (e.g., schools, family life, and communities) might be rearranged so that severe and intractable forms of love-shyness would never have an opportunity to develop in growing boys and teenagers in the first place. Since the publication of the first edition of this book, it has been determined that as many as forty percent of men afflicted with love-shyness are simultaneously comorbid for Asperger's Syndrome, also known as high-functioning autism. As many as half of all love-shy males are comorbid for the “male lesbian syndrome,” sometimes also referred to as the “passive, non-competitive male syndrome.” This second edition contains a new foreword that presents the latest findings in love-shyness research. It is more concise than the original *Shyness & Love*, yet retains the most significant chapters.
