*BIBLICAL KEYS FOR SUCCESSFUL REMARRIAGE AND BLENDED FAMILIES* Dottie Klein 2023-01-18 The timing of this book presents a sense of urgency. Who can find a family today without the scars of divorce? What God intended from the beginning, the family, has become completely distorted in today's society. This book is about real answers and solutions to the family crisis today. The biblical keys presented here may not be new but have rarely been followed or adhered to. The premarriage classes Dottie and her husband Dan formed over thirty years ago were birthed from A Biblical Portrait of Marriage by Bruce Wilkinson through the Bible ministries. Bruce proposed together with local clergy and court authorities to come into a covenant agreement to not join a couple in marriage before completing a structured premarriage course or counseling. The result of this agreement adhered to over a ten-year period produced a drop in the divorce rate by 40 percent. This was significant! Because of this testimony, Dottie and Dan formulated premarriage classes in every church they attended from that point on. Their results have been equally rewarding, having

very few divorces because of these marriage preparation classes. From these classes birthed the need for inclusion of "blended family" classes also, and because Dottie and Dan had firsthand knowledge of blending their own family, it was only natural to include their personal experiences. The finished book in your hands now is their journey toward a successful long-term marriage and workable family unit. Hopefully, the keys given here will prevent future family separation through divorce and become a building block for future generations. Successful marriages begin with God and His foundational principles. Until we are secure in Him, our journey will always be unsure. Trust, faith, perseverance, and love are the only foundational principles that last. Learning how to incorporate these principles is just the beginning of a secure foundation.

*Avoiding Pastoral Pitfalls* James Osterhaus 2021-10-05 James P. Osterhaus offers pastors tangible and much-needed advice to help them at work and in their personal lives—advice that they do not often hear in seminary. More and more, men and women who minister find themselves depressed. Their marriages are often in trouble. Their families are negatively affected. Often, they have few if any close friends. Over the years, Osterhaus has coached and counseled hundreds of these ministers from various traditions on four continents. As he sat with ministers who have been nearly crushed by the burdens of ministry, he came to learn that the average training of ministers across the globe is woefully deficient in the very areas that allow ministers to avoid many of the pitfalls. This guide is a result of those countless conversations. *Avoiding Pastoral Pitfalls* is an attempt to fill some of the void left in the training of pastors. It offers down-to-earth, practical guidance in areas of ministry that are often neglected: understanding yourself (both strengths and weaknesses), what effective leadership looks like, the complicated organizational makeup of the church, how to deal with conflict effectively, how to make sense of your governing board, and how to both enter a new ministry and leave a ministry effectively.

The world is perishing, they need you to help reveal the love, mercy, grace and kindness of Jesus Christ to them, in a real and personal way. How? **Preventing Ministry Failure** Michael Todd Wilson 2013-12-16 Great ministers don't just happen. Great falls from ministry don't just happen either. A complex mix of factors both internal and external test the limits of your ability to minister wholeheartedly over the long haul. Senior pastor Brad Hoffmann and licensed professional counselor Michael Todd Wilson work with pastors removed from their place of service. The common experiences of these pastors revealed patterns that consistently contributed to burnout, ineffectiveness and moral failure. If such patterns can be predicted, the authors reasoned, can they be prevented? Preventing Ministry Failure is a personal guidebook for pastors and other caregivers to prepare them to withstand common pressures and to flourish in the ministry God has called them to. Work through the exercises and reflections individually or in conversation with your peers, and you'll find yourself better equipped for the challenges of vocational ministry, and more conscious of the presence of God leading you on and restoring your soul.

**The Servant-Steward's Handbook** Larry and Susan Gay 2019-11-09 Servant-leadership is really servant-stewardship. The term "servant-steward" describes effective leaders who: follow the wise counsel in 1 Kings 12:7: If today you will be a servant to these people and serve them...they will always be your servants; and recognize that the individuals they lead are not "their" people, but people for whom they have been given a stewardship responsibility. Whether you are a team leader, shift manager, sales executive, school principal, pastor, CEO of a Fortune 500 company or leader of volunteers, you have a servant-stewardship responsibility for the people you lead. Your job as a leader is to steward the skills, gifts and interests of each person under your supervision, helping them to be effective in their work and contribute to something that aligns with their sense of purpose in life. This handy desktop reference offers practical tips for dealing with the issues veteran or novice leaders face in any organization, including: selecting good people, evaluating their work, dealing with difficult people, handling criticism, leading multi-generational teams, building unity, managing conflict, supervising cross-cultural teams, building cohesive teams separated by long distances, administering effective corrective action (not just punishment), leading great team meetings, building trust in the organization, using a coaching approach to supervision, and more. The Servant-Steward's Handbook shows how the character and characteristics of servant-stewards, described by the Apostle Paul in his letters to Timothy and Titus, are still relevant today for training effective leaders in any business, industry or ministry in any culture. The most effective leaders and supervisors are servant-stewards who: see their role as more than a job--it is a calling. are persons of integrity, a model for others in their teaching and their practice. continually seek to grow in their own faith and self-awareness of their strengths and liabilities. have an observably close walk with the Lord. define and apply any authority or administer corrective action consistent with a strong biblical foundation. show genuine concern for the people they lead and provide appropriate help for them to flourish. know how to deal appropriately with conflicts. know they cannot do the job by themselves. build trust by showing their trustworthiness. stand up for what is right, even when they stand alone. recognize, respect and submit to

the authority of others over them. focus on positive goals. prepare for succession, gathering the right people to join them in the task. encourage others to work from their strengths with confidence. give honor and recognition for the good work of those they lead. build a culture of people who are not obsessed by the law or policies, but who see the practicality of principles which underlie the law. These are some of the key characteristics drawn from the Letters of Paul to Timothy and Titus. Part Two of the Handbook includes notes from a group exegesis that serves as a commentary on the three letters. If you are new to the role of supervisor, study the context on which these values and principles are built, take personal ownership of what the Handbook is saying and learn to be an effective servant-steward of the people you have been given to lead.
