The Clergy Sexual Abuse Crisis - Paul R. Dokecki 2004-02-27

The story of sexual abuse of children by Catholic priests has sent shock waves around the nation and will not fade from consciousness or the news. We ask, "How could this happen?" And then we ask, "How could the Catholic Church let this continue for so long—in seeming silence and duplicity?" Paul R. Dokecki, a community psychologist at Vanderbilt University, an active Catholic, and a former board member of the National Catholic Education Association, investigates the crisis not only with the eye of an investigative reporter, but with the analytical skills and training of a psychologist as well. Moreover, he lays the foundation for reasonable and practical reform measures. Through the scandal in the Archdiocese of Boston as well as the earlier, if less well known but momentous, case in the Diocese of Nashville, Dokecki reports on and analyzes what is ultimately an abuse of power—not only by the clergy but by church officials. As distasteful as these instances may be, they are compelling reading, enlightened by the author's abilities to contextualize these events through the lenses of professional ethics, the human sciences, and ecclesiology. According to Dokecki, these and other instances of clergy sexual abuse reveal a systemic deficiency in the structure and the nature of the church itself, one that has prevented the church from adequately dealing with its own worst sins. Dokecki may shine a spotlight into the church's dark corners—but he does so in the service of enlightenment, calling the church back toward the vision of Vatican II and the spirit of Pope John XXIII—toward a greater transparency, a more open and participatory governance in the

church, and for a greatly expanded role for the people of God who make up the church. It is in this way, Dokecki believes, the church will be better able to keep the innocent children of the church safe from harm.

Questions and Answers about Clergy Sexual Misconduct - Elisabeth A. Horst 2000

Clergy sexual misconduct not only devastates the lives of its victims but also tears apart the fabric of faith in communities. Available in book form to facilitate its use as an informational resource and counseling tool, "Questions and Answers about Clergy Sexual Misconduct" provides answers to 18 key questions parishioners in this situation will likely have.

Abuse and Cover-Up - Arbuckle, Gerald A. 2019-09-26

Written for readers deeply concerned for the future of the church, this book seeks to answer two questions: Why is the culture of the Catholic Church, despite Vatican II's emphasis on collegiality and transparency, still prone to covering up abuses of power? How can this culture change in order to move forward? A timely book on the sex abuse crisis by a scholar who is adept at weaving insights from the social sciences into a framework of practical theology. *Understanding Sexual Misconduct by Clergy - John A. Loftus 1994*

This guide is written for ministers of all religions to help them to come to terms with the increasing levels of allegations of sexual misconduct. It is a basic introduction to this very complex area. It is also a down-to-earth and practical treatment of the subject based on the author's years of experience in counselling priests, brothers and sisters accused of professional sexual misconduct.

The Clergy Sex Abuse Crisis and the Legal Responses - James T. O'Reilly 2014

Legal disputes over worldwide, including the U.S., sexual abuse by Roman Catholic priests, and over efforts by Roman Catholic bishops to conceal clerical misconduct, have produced many headlines and public discussion. However, the precise legal issues involved remain a mystery to most observers. In this study, James O'Reilly and Margaret Chalmers examine the role of canon law in these cases and the interplay between the global church-based law and the laws of individual jurisdictions where criminal actions and lawsuits are brought.

Understanding Clergy Misconduct in Religious Systems - Candace R. Benyei 2014-10-13

In Understanding Clergy Misconduct in Religious Systems, you'll take an incisive look at why sexual misconduct occurs in religious systems and how to implement proactive strategies for holistic change. Applicable to both Jewish and Christian communities, this illuminating exploration takes a look at the psychology behind scapegoating, why it is perpetuated, and how you can quell the damaging tradition of silence. Understanding Clergy Misconduct in Religious Systems helps you see leaders of religious institutions in a way that the world has been afraid to see them--in a glass clearly. Enriched with metaphoric myths and fairy tales instead of technical jargon, its unique systemic perspective reveals the psychodynamics behind the obsession with family secrets and lets you understand this dysfunction from the perspectives of victim, abuser, and counselor. These specific areas will both inform and aid you in dealing with this difficult subject: the religious institution as a family system the religious system as an illusion of the perfect family the concept of God-transference and the overridealization of clergy clergy personal relationships and clergy congregational relationships vulnerability and the psychology of the victim strategies for healing dysfunctional religious systems Understanding Clergy Misconduct in Religious Systems comes at just the right time--in an era when little has been written on the subject, especially from a systemic perspective, this work comes at a time when the phenomena of clergy sexual misconduct has rocked the very

foundation of religious systems worldwide. Whether you're a lay congregational leader, judicatory administrator, pastoral counselor, psychologist, or seminarian, you'll find that the coping strategies and intervention techniques it outlines will guide you in pinpointing the sickness at its source and restoring felicity and order to your religious leaders and their communities.

The Clergy Sex Abuse Crisis and the Legal Responses - James T. O'Reilly 2014-09-09

The sexual abuse of children and teens by rogue priests in the U.S. Catholic Church is a heinous crime, and those who pray for a religious community as its ministers, priests and rabbis should never tolerate those who prey on that community. The legal disputes of recent years have produced many scandalous headlines and fuelled public discussion about the sexual abuse crisis within the clergy, a crisis that has cost the U.S. Catholic Church over \$3 billion. In The Clergy Sex Abuse Crisis and the Legal Responses, two eminent experts, James O'Reilly and Margaret Chalmers, draw on the lessons of recent years to discern the interplay between civil damages law and global church-based canon law. In some countries civil and canon law, although autonomous systems of law, both form part of the church's legal duties. In the United States, freedom of religion issues have complicated how the state adjudicates both cases of abuse and who can be held responsible for clerical oversight. This book examines questions of civil and criminal liability, issues of respondeat superior and oversight, issues with statutes of limitations and dealing with allegations that occurred decades ago, and how the Church's internal judicial processes interact or clash with the civil pursuit of these cases.

Interdisciplinary Feminist Perspectives on Crimes of Clerical Child Sexual Abuse - Kate Gleeson 2020-04-28

In recent years the sexual abuse of children in religious institutions has gripped the Western world, as churches, governments and civil society attempt to come to terms with the magnitude of widespread historical abuses. Questions continue to be asked about why it is that perpetrators were able to offend repeatedly and with impunity; what is it about institutions that facilitate or foster abuse; and why have

survivors of abuse often been treated inadequately by diverse national and international justice and political systems throughout the last century? This volume makes a significant contribution to international understandings of the vexed and sensitive 'wicked problem' of child sexual abuse in religious institutions. The chapters in this volume are written from a range of feminist disciplinary responses, including law, criminology, anthropology and history. Together, they provide important historical context for the current social and political interest in clerical sex crimes. They examine political and legal avenues for redress for survivors of these crimes and critically examine the ways in which church cultures position clergy and clergy offenders in relation to victims. The chapters originally published in a special issue of the Australian Feminist Law Journal.

Understanding the Impact of Clergy Sexual Abuse - Robert A. Mc Mackin 2014-06-03

The sexual exploitation of a child by one who has been recognized as a representative of God is a sinister assault on that person's psychosocial and spiritual well-being. Many survivors of such abuse present with a range of symptoms consistent with Posttraumatic Stress Disorder as well as common co-occurring problems, including substance abuse, affective lability, and relational conflicts. Yet there are additional themes, particularly the impact of the abuse and institutional betrayal on the family, profound alteration in individual spirituality, and changes in individual and family religious practices, which differentiate this abuse from other traumas. Understanding the profound and multidimensional effects of clergy perpetrated sexual abuse and the betrayal of trust by religious leaders on individuals, families and communities requires the collective wisdom of many voices. This book brings together the perspectives of survivors, practitioners and scholars to examine this unique form of interpersonal violence from theoretical, clinical and spiritual perspectives with consideration given to future research needs. This book was published as a special issue of the Journal of Child Sex Abuse.

Betrayal of Trust - Stanley J. Grenz 2001-09-01
Sexual misconduct by clergy is a devastating

issue that reaches across all denominations, damaging the credibility of the church in its wake. The media regularly reports on the moral failure of leaders and abuse at the hands of those who are supposed to be trustworthy. *Betrayal of Trust* focuses on a common scenario of abuse--sexual involvement between a male pastor and a female congregant--and offers practical solutions on how to respond to and prevent this betrayal of trust. This book presents methods that will help churches respond sensitively to victims and implement policies and procedures to prevent abuse from taking place. For clergy who may be at risk for this behavior, it offers help in establishing appropriate boundaries. This second edition includes a new chapter that offers help for the wandering pastor and a risk-determination questionnaire for pastors who may become abusers.

The Truth about Clergy Sexual Abuse - Bill Donohue 2021-10-05

This work unpacks the history and root causes of the clergy sex abuse scandals in the United States. Building on decades of data and research, author Bill Donohue, who holds a doctorate in sociology, tells the story from a fresh angle and calls us to rethink our assumptions about the Church's handling of these horrific abuses. *The Truth about Clergy Sexual Abuse* challenges many myths about the scandals, demonstrating that the abuse of minors is a problem that haunts virtually every institution—religious and secular—where adults interact with young people. The work also provides compelling evidence of the great progress that the Church has made in preventing abuse, contrary to public perceptions. Indeed, the media, Hollywood, and activist lawyers have poisoned the public mind with tales of old cases, giving the impression that nothing has changed. Donohue investigates at length the central role that homosexuality played in the scandal. While homosexuality does not cause sexual abuse, the prevalence of emotional and sexual immaturity among homosexual clergy explains why they committed most of the molestation. Indeed, all of the educational institutions of the Catholic Church, including the seminaries, have been affected by the sexual revolution that began in the 1960s, and this book explores the pernicious effects of

dissent from Catholic sexual morality.

Betrayed - Richard Scorer 2014-03-27

Since the mid-1980s, the Catholic Church has been embroiled in a profound crisis of clerical sexual abuse. In many Western countries, paedophile priests have been exposed and convicted, and the Church's moral and social standing has suffered deeply. Scandals in Ireland and America have been extensively documented and much debated. The English Catholic Church has also been shaken to its roots by allegations of abuse, but until now the situation in England has not been fully examined. This book, by one of the UK's leading lawyers in the field, is a shocking exposé of Catholic sex abuse cases in England over the past forty years. Exploring the many facets of the crisis, it analyses the ways in which the English Church has responded - and the ways in which it has failed. The author considers the causes of abuse, allegations of cover-ups, campaigns led by victims, battles within the Church, the legal dimensions and the debate around the laicisation ('defrocking') of individual priests. He attempts to answer the following questions: How serious has the problem been in the English Catholic Church? How effectively has the Church responded? Can it hope to recover from this scandal - and, crucially, can it deal credibly and effectively with future allegations of abuse?

Religion and Crime: Theory, Research, and Practice - Kent R. Kerley 2018-11-15

This book is a printed edition of the Special Issue "Religion and Crime: Theory, Research, and Practice" that was published in *Religions Sex and the Spiritual Teacher* - Scott Edelstein 2011-03

Explores the reasons why sexual transgressions between spiritual teachers and student occur, when this type of relationship becomes a problem, and how to avoid it from happening.

Protecting Your Church Against Sexual Predators - Voyle A. Glover

Many unsuspecting and unprepared churches have been financially and spiritually destroyed by child molestation within the church ministries and the resulting litigation. Written by an experienced lawyer, this handbook provides help to any church dealing with these issues.

Child Sexual Abuse and the Catholic Church -

Marie Keenan 2013-07-18

A meticulously researched inside look at child sexual abuse by clergy, this exhaustive, hard-hitting analysis weaves together interviews with abusive priests and church historical and administrative details to propose a new way of thinking about clerical sexual offenders. Linking the personal and the institutional, researcher and therapist Marie Keenan locates the problem of child sexual abuse not exclusively in individual pathology, but also within larger systemic factors, such as the very institution of priesthood itself, the Catholic take on sexuality, clerical culture, power relations, governance structures of the Catholic Church, the process of formation for priesthood and religious life, and the complex manner in which these factors coalesce to create serious institutional risks for boundary violations, including child sexual abuse. Keenan draws on the priests' own words not to excuse their horrific crimes, but to offer the first in-depth account of a tragic, multi-faceted phenomenon. What emerges is a troubling portrait of a Church in crisis and a series of recommendations that call for nothing less than a new ecclesiology and a new, more critical theology. Only through radical institutional reform, Keenan argues, can a more representative and accountable Church emerge. *Child Sexual Abuse and the Catholic Church* is a unique reference for scholars of the Church and therapists who work with both victims and offenders, as well as a forward-thinking blueprint for reform.

Clergy Sexual Misconduct - John T. Chirban 1994

Father, Deliver Us from Evil - Loudon-Hans W. Flisk 2004-07

Father, Deliver Us from Evil: A Study of the Priest Sexual Abuse provides an analysis of the existing problem, answers questions, and draws some conclusions that can be used to generate future investigation of the issues. Specifically, this study examines the topic of sexual abuse by Catholic priests. It also looks at the bishops and their responsibility and lack of it. They were concerned with covering the problem up and protecting themselves, not the child victims. The study also looks at ways of preventing this from happening again.

Clergy Sexual Abuse - Claire M. Renzetti
2013-06-11

An examination of the clergy sexual abuse crisis from diverse scholarly perspectives

Encyclopedia of Religious Controversies in the United States [2 volumes] - Bill J. Leonard
2012-12-05

This book provides a thorough introduction to historical and contemporary issues in American religion, tackling controversial hot-button topics such as abortion, Intelligent Design, and Scientology. Surveying key aspects of the controversial issues, persons, and religious groups of today, Encyclopedia of Religious

Controversies in the United States, Second Edition is a thorough update and expansion of the first edition of this book. This two-volume work contains many new entries that reflect current 21st-century religious controversies. Written by a variety of scholars with varying specializations, the content covers major people, ideas, terms, institutions, groups, books, and events. The A-Z format allows for easy location of materials, a chronology of developments and events enables readers to trace the development of contentious topics over time, and a section of primary document excerpts gives readers further perspective on the issues.
