**Every Child Matters** - Kailash Satyarthi 2018-01-01

Society has celebrated children even as it has denied fundamental rights and dignity to millions of them. Mass movements and social awareness against injustices like child labour, lack of access to health and education, child sexual abuse and trafficking have been catalysed by reformers like Nobel Peace Laureate Kailash Satyarthi. As a result of his untiring efforts, child labour is now universally considered to be a social evil that has to be abolished. Equally important, societies and governments across the world have accepted that access to quality education is the fundamental right of every child. Even as he has fought for justice and dignity for children, Mr. Satyarthi has found time to provoke, inspire and illuminate young minds by writing about children, their dreams and the power of their humanity. This book is a compilation of columns and interviews which highlight the continuing struggle to create safe childhoods. Readers will find much to introspect after going through this collection.

A WALL STREET JOURNAL BESTSELLER! "You can't really know anything if you just remember isolated facts. If the facts don't hang together on a latticework of theory, you don't have them in a usable form. You've got to have models in your head." - Charlie Munger, investor, vice chairman of Berkshire Hathaway The world's greatest problem-solvers, forecasters, and decision-makers all rely on a set of frameworks and shortcuts that help them cut through complexity and separate good ideas from bad ones. They're called mental models, and you can find them in dense textbooks on psychology, physics, economics, and more. Or, you can just read Super Thinking, a fun, illustrated guide to every mental model you could possibly need. How can mental models help you? Well, here are just a few examples... • If you've ever been overwhelmed by a to-do list that's grown too long, maybe you need the Eisenhower Decision Matrix to help you prioritize. • Use the 5 Whys model to better understand people's motivations or get to the root cause of a problem. • Before concluding that your colleague who messes up your projects is out to sabotage you, consider Hanlon's Razor for an alternative explanation. • Ever sat through a bad movie just because you paid a lot for the ticket? You might be falling prey to Sunk Cost Fallacy. • Set up Forcing Functions, like standing meeting or deadlines, to help grease the wheels for changes you want to occur. So, the next time you find yourself faced with a difficult decision or just trying to understand a complex situation, let Super Thinking upgrade your brain with mental models.

They've been together for ten years, surviving everything from college to rave parties to annoying best friends, including Shrey, who has no respect for personal boundaries, and Vernita and Tanmay-the annoying yet enviable 'it' couple who seem to have it all. Now Avantika wants to take the next step. But will Deb be able to catch up? Or will it rip them apart? No matter how hard he tries, Deb

can't convince Avantika that he's the one for her. Not as long as she is broken and her past looms in the background-pushing her, troubling her, goading her to question if their love is enough. Will Deb be able to find their perfect place? The Perfect Us is love's struggle to find a happily ever after. . .

[India in Love](#) - Ira Trivedi 2014

A ground-breaking look at the sexual revolution that is beginning to sweep through urban India. The National Bestseller India in Love: Marriage and Sexuality in the 21st Century is a ground-breaking look at the sexual revolution that is starting to sweep through urban India. Bestselling author Ira Trivedi travelled from Shilling in the northeast to Chennai in the south, Konark in the east to Mumbai in the west and over a dozen other cities and towns in order to gain unprecedented insights into changing sexual habits, marriage and love everywhere in the country. The book explores the mating habits of young Indians on college campuses and in offices, examines the new face of Indian pornography and prostitution, probes India's gay revolution and delves into history, economics and sociology to try and understand how the nation that gave the world the Kamasutra could have become a closed, repressed society with a shockingly high incidence of rape and violence against women the dark underside to the greater sexual freedom that men and women in our cities have begun to enjoy today. Trivedi goes deep into one of the most enduring institutions of Indian society marriage and investigates how it is faring in modern times. She interviews marriage brokers, astrologers, lawyers, relationship counsellors, 'love commandos', parents and nervous young brides and grooms, amongst others, to present a nuanced picture of the state of marriage in the country. She discovers

that love marriages are skyrocketing and even the age-old arranged marriage is undergoing a transformation. Also on the rise are divorces, extra-marital affairs, open marriages, live-in-relationships and the like. Supporting her eye-opening reportage with hundreds of interviews, detailed research, authoritative published surveys and discussions with experts on various aspects of sexuality and marriage, Trivedi has written a book that is often startling, sometimes controversial, but is always entertaining and original.

**Administration and Finance of the East India Company** - Bhimrao R Ambedkar 2019-07-15

The East India Company (EIC), also known as the Honourable East India Company (HEIC) or the British East India Company and informally as John Company, was an English and later British joint-stock company, which was formed to pursue trade with the East Indies but ended up trading mainly with the Indian subcontinent and Qing China. Originally chartered as the "Governor and Company of Merchants of London trading into the East Indies", the company rose to account for half of the world's trade, particularly in basic commodities including cotton, silk, indigo dye, salt, saltpetre, tea and opium. The company also ruled the beginnings of the British Empire in India.

**Leaving India** - Minal Hajratwala 2009-03-18

The PEN Award-winning chronicle of the Indian diaspora told through the stories of the author's own family. In this "rich, entertaining and illuminating story," Minal Hajratwala mixes history, memoir, and reportage to explore the collisions of choice and history that led her family to emigrate from India (San Francisco Chronicle). "Meticulously researched and evocatively written" (The Washington Post), Leaving India looks for answers to the eternal questions that faced not only Hajratwala's own Indian family but all immigrants, everywhere: Where did we come from? Why did we leave? What did we give up and gain in the process? Beginning with her great-grandfather Motiram's original flight from British-occupied India to Fiji, where he rose from tailor to department store mogul, Hajratwala follows her ancestors across the twentieth-century to explain how they came to be spread across five continents and nine countries. As she delves into the relationship between personal choice and the great historical forces—British colonialism, apartheid, Gandhi's salt march, and American immigration policy—that helped shape her family's

experiences, Hajratwala brings to light for the very first time the story of the Indian diaspora. A luminous narrative from "a fine daughter of the continent, bringing insight, intelligence and compassion to the lives and sojourns of her far-flung kin," Leaving India offers a deeply intimate look at what it means to call more than one part of the world home (Alice Walker).

**Exploring Indian Modernities** - Leïla Choukroune 2018-06-04

This book analyses how multiple and hybrid 'modernities' have been shaped in colonial and postcolonial India from the lens of sociology and anthropology, literature, media and cultural studies, law and political economy. It discusses the ideas that shaped these modernities as well as the lived experience and practice of these modernities. The two broad foci in this book are: (a) The dynamism of modern institutions in India, delineating the specific ways in which ideas of modernity have come to define these institutions and how institutional innovations have shaped modernities; and (b) perspectives on everyday practices of modernities and the cultural constituents of being modern. This book provides an enriching read by bringing together original papers from diverse disciplines and from renowned as well as upcoming scholars.

**Amma and Other Stories** - Omprakash Valmiki 2008

This is an English translation of fifteen stories of the leading Hindi dalit writer, Omprakash Valmiki, best known for his autobiography Joothan. Together these stories vocalise the anguish and anger of the lowliest of the low in the caste hierarchy. More specifically, they deal with their sufferings at the hands of the dominant high castes and their questioning of their oppressors; their slender hopes and their small dreams; and their problems of identity as they try to make their way up the social and economic ladder. Omprakash Valmiki lists women of all classes among the dalits and there is a story in the collection that shows a high caste woman suffering at the hands of her male relatives. Softer emotions of love and longing are also not left out. Valmiki is acutely aware of the caste hierarchy among the dalits themselves and his story 'Shavayatra' makes for a deeply poignant reading. 'Amma' of the title is almost an epic tale of a dalit woman's resolve to keep her progeny away from the broom and the canister. At their best the stories are not merely dalit stories but a deeply human collection that will compel attention, engage the sympathies of the readers and make them ask inconvenient questions. The stories will also add a new dimension to dalit discourse. The English translation is being published in the hope that the stories will reach a much wider audience and will sensitise readers to the travails of the dalits and their efforts to make a space for themselves, and help prepare the climate for social change.

**The Rumor of Globalization** - Bhāskara Mukhopādhyāya 2012

Drawing from recent theories of virtuality, performativity, and governmentality, and on post-colonial activist scholarship from the global south, this book presents a series of ethnographic and archival studies of what Mukhopadhyay terms 'vernacular globalisation' in India. The book's six provocative but substantive chapters of the book engage a wide range of events, objects, histories, narratives and episodes with the intent of interrogating what Franz Fanon called the 'zone of occult instability where the people dwell.' these chapters recount tales of quotidian commodity fetishism of rural cargo cults thriving on bazaar rumours about Chinese dumping in communist Calcutta, signpost desi cyberporn showcasing 'fat aunties' and Gandhi, dig deep into Indo-Persian travelogues about England and women's travel narratives to Japan embodying local traditions of cosmopolitanism, interrogate folk scroll paintings about 9/11 in the art historical mode and seek to uncover vernacular civic traditions of urbanism through an analysis of grotty slum photographs. The Rumour of Globalization presents facades of vernacular India negotiating globalising forces through a distinctive style of ethnography (fabulation) which is sensitive to subaltern political aspirations while maintaining a broad commitment to Marxist theory, Subaltern Studies scholarship and post-structuralist theory.
