Spinning Inward Maureen Murdock 1987-11-12 If you have ever wished you could show children and teenagers how to enrich their lives with meditation and visualization, this book will delight you. It presents simple exercises in guided imagery designed to help young people ages three through eighteen to relax into learning, focus attention and increase concentration, stimulate creativity, and cultivate inner peace and group harmony. The use of guided imagery has been internationally recognized as an effective method of "whole brain" learning. The author's approach will have special appeal to parents and teachers who are frustrated by an educational system that seems to reward only those children who excel at verbal, linear learning. With the exercises in this book, young people can discover learning styles that are effective and enjoyable for them. These techniques of guided imagery offer adults as well as children a unique way to tap the wealth of creativity and wisdom within.

LSD, My Problem Child Albert Hofmann 2017-09-27 This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In *LSD: My Problem Child*, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

The Impersonal Life Joseph Benner 2017 To you, who, through long years and much running to and fro, have been eagerly seeking, in books and teachings, in philosophy and religion, for you know not what—Truth, Happiness, Freedom, God; To you whose Soul is weary and discouraged and almost destitute of hope; To you, who many times have obtained a glimpse of that "Truth" only to find, when you followed and tried to reach it, that it disappeared in the beyond, and was but the mirage of the desert; To you, who thought you had found it in some great teacher, who was perhaps the acknowledged head of some Society, Fraternity or Religion, and who appeared to you to be a "Master," so marvelous was the wisdom he taught and the works he performed;—only to awaken later to the realization that that "Master" was but a human personality, with faults and weaknesses, and secret sins, the same as you, even though that personality may have been a channel through which were voiced many beautiful teachings, which seemed to you the highest "Truth;" And here you are, Soul weary and enhungered, and not knowing where to turn— To you, I AM come. Likewise to you, who have begun to feel the presence of that "Truth" within your Soul, and seek the confirmation of that which of late has been vaguely struggling for living expression within; Yes, to all you who hunger for the true "Bread of Life," I AM come. Are you ready to partake?

Luxury Arts of the Renaissance Marina Belozerskaya 2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the "major" arts. Yet contemporaries often held the "minor" arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d'Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as "decorative" or "minor" arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

The Way of Tarot Alejandro Jodorowsky 2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

At Home in Exile Helga M Griffin 2021-02-16 This is a story of a girl's construction of her identity, and of her family's search for a place in the world, for the Heimat that is so resonant for those of German background. We follow Helga through an adventurous childhood in Iran, whose vast open spaces her mother called 'my spiritual home'. Her engineer father worked on a grand scale, designing and laying roads and railways, and

tunnelling through mountain ranges. Then came the invasions of World War II, and the family, half-German, half-Austrian, found themselves on a long voyage to Australia, designated enemy aliens. They were interned for nearly five years in the dusty Victorian countryside. On their release at the end of the War, stranded in Melbourne, they sought another home. The children were dispatched to convents, and at the Academy of Mary Immaculate, Helga found a temporary homeland, in faith. Everyday life in the Australia of the late 1940s and early 1950s is freshly seen by this feisty, loving migrant family. Through their eyes, we encounter a strange place, Australia, as if for the first time. Helga's development from a thoughtful, sensitive child to a self-possessed young woman, wrestling with her faith and with how to live a decent life, is vividly recounted.
