Texas Tough - Robert Perkinson 2010-10-26
A vivid history of America's biggest, baddest prison system and how it came to lead the nation's punitive revolution. In the prison business, all roads lead to Texas. The most locked-down state in the nation has led the way in criminal justice severity, from assembly-line executions to isolation supermaxes, from prison privatization to sentencing juveniles as adults. *Texas Tough*, a sweeping history of American imprisonment from the days of slavery to the present, shows how a plantation-based penal system once dismissed as barbaric became the national template. Drawing on convict accounts, official records, and interviews with prisoners, guards, and lawmakers, historian Robert

Perkinson reveals the Southern roots of our present-day prison colossus. While conventional histories emphasize the North's rehabilitative approach, he shows how the retributive and profit-driven regime of the South ultimately triumphed. Most provocatively, he argues that just as convict leasing and segregation emerged in response to Reconstruction, so today's mass incarceration, with its vast racial disparities, must be seen as a backlash against civil rights. Illuminating for the first time the origins of America's prison juggernaut, *Texas Tough* points toward a more just and humane future.

Pre-Incident Indicators of Terrorist Incidents - Brent L. Smith 2011-01

This is a print on demand edition of a hard to

find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

The FBI Story -

Walker's Appeal, with a Brief Sketch of His Life -
David Walker 2020-01-09

sex-offender-map-huntsville-al

This book documents the life and ideas of David Walker, an American abolitionist, writer, and anti-slavery activist. Despite his father being enslaved, his mother's status as a free woman ensured his freedom as well (a legal principle known as *partus sequitur ventrem*). While living in Boston, Massachusetts, he collaborated with the African Grand Lodge (later named Prince Hall Grand Lodge, Jurisdiction of Massachusetts) to publish this book. It serves as a rallying call for black unity and resistance against slavery, exposing the injustices and brutalities of the institution and urging individuals to act according to religious and political principles. However, some were alarmed and fearful of the pamphlet's potential impact, particularly in the South where it was met with strong opposition, leading to the enactment of laws that prohibited circulation of "seditious publications."

Psychological Maltreatment of Children - Nelson J. Binggeli 2001-07-19

Psychological Maltreatment of Children is a brief

introduction to the emotional abuse of children and youth mental health professionals, child welfare specialists, and other professionals involved with research, education, practice, and policy de Copyright © Libri GmbH. All rights reserved.

Sex Offending Against Children - Don Grubin
1998

This report reviews the literature relating to sex offending against children. It is aimed at the UK police service, and focuses on those studies that have most relevance to police officers in their interaction with individuals who sexually offend against children. It covers three broad areas : the extent and nature of child sexual abuse, the characteristics of offenders and the risks posed by them, and the ways in which those risks can be managed.

Behind the Walls - Jorge Antonio Renaud 2002
Written by a Texas inmate trained as a reporter, this book gives practical advice on how inmates live, eat, play, work, and die in the Texas prison

system. It spotlights the day-to-day workings of the Texas Department of Criminal Justice--what's good, what's bad, which programs work and which ones do not, and examines if practice really follows official policy. "While the book is meant to be a primer for those with loved ones in prison, it should be required reading for any attorney involved in criminal law."--Texas Lawyer de Novo Magazine

Crime and Juvenile Delinquency, 1989 - 1990-12

Child Protective Services - Diane DePanfilis
2003

From the Preface: This manual, Child Protective Services: A Guide for Caseworkers, examines the roles and responsibilities of child protective services (CPS) workers, who are at the forefront of every community's child protection efforts. The manual describes the basic stages of the CPS process and the steps necessary to accomplish each stage: intake, initial assessment

Downloaded from
legacy.opendemocracy.net on 2021-07-04
by guest

or investigation, family assessment, case planning, service provision, evaluation of family progress, and case closure. Best practices and critical issues in casework practice are underscored throughout. The primary audience for this manual includes CPS caseworkers, supervisors, and administrators. State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers, while schools of social work may add it to class reading lists to orient students to the field of child protection. In addition, other professionals and concerned community members may consult the manual for a greater understanding of the child protection process. This manual builds on the information presented in *A Coordinated Response to Child Abuse and Neglect: The Foundation for Practice*. Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based-including definitions of child maltreatment, risk factors, consequences, and

the Federal and State basis for intervention. Some manuals in the series also may be of interest in understanding the roles of other professional groups in responding to child abuse and neglect, including: Substance abuse treatment providers; Domestic violence victim advocates; Educators; Law enforcement personnel. Other manuals address special issues, such as building partnerships and working with the courts on CPS cases.

Incidents of the War - Mary Jane Chadick 2005
Transcribed, edited, and anotated Civil War journal written by Mary Jane Chaduck during the years of Federal invasion, 1862-1865.

The 13 Critical Tasks: An Inside-Out Approach to Solving More Gun Crime - Peter Gagliardi 2019-10-08

This book describes the people, processes, and technologies needed to extract actionable intelligence from the inside, and outside, of crime guns.

A. Buck 1973

In This Timeless Time - Bruce Jackson
2012-04-16

In this stark and powerful book, Bruce Jackson and Diane Christian explore life on Death Row in Texas and in other states, as well as the convoluted and arbitrary judicial processes that populate all Death Rows. They document the capriciousness of capital punishment and capture the day-to-day experiences of Death Row inmates in the official "nonperiod" between sentencing and execution. In the first section, "Pictures," ninety-two photographs taken during their fieldwork for the book and documentary film *Death Row* illustrate life on cell block J in Ellis Unit of the Texas Department of Corrections. The second section, "Words," further reveals the world of Death Row prisoners and offers an unflinching commentary on the judicial system and the fates of the men they met on the Row. The third section, "Working,"

addresses profound moral and ethical issues the authors have encountered throughout their careers documenting the Row. Included is a DVD of Jackson and Christian's 1979 documentary film, *Death Row*.

Crimes Committed by Terrorist Groups - Mark S. Hamm 2011-01

This is a print on demand edition of a hard to find publication. Examines terrorists' involvement in a variety of crimes ranging from motor vehicle violations, immigration fraud, and mfg. illegal firearms to counterfeiting, armed bank robbery, and smuggling weapons of mass destruction. There are 3 parts: (1) Compares the criminality of internat. jihad groups with domestic right-wing groups. (2) Six case studies of crimes includes trial transcripts, official reports, previous scholarship, and interviews with law enforce. officials and former terrorists are used to explore skills that made crimes possible; or events and lack of skill that the prevented crimes. Includes brief bio. of the

terrorists along with descriptions of their org., strategies, and plots. (3) Analysis of the themes in closing arguments of the transcripts in Part 2. Illus.

The Repressed Memory Epidemic - Mark Pendergrast 2017-10-13

This book offers a comprehensive overview of the concept of repressed memories. It provides a history and context that documents key events that have had an effect on the way that modern psychology and psychotherapy have developed. Chapters provide an overview of how human memory functions and works and examine facets of the misguided theories behind repressed memory. The book also examines the science of the brain, the reconstructive nature of human memory, and studies of suggestibility. It traces the present-day resurgence of a belief in repressed memories in the general public as well as among many clinical psychologists, psychiatrists, social workers, "body workers," and others who offer counseling. It concludes

with legal and professional recommendations and advice for individuals who deal with or have dealt with the psychotherapeutic practice of repressed memory therapy. Topics featured in this text include: The modern diagnosis of Dissociative Identity Disorder (DID) (once called MPD) The "Satanic Panic" of the 1980s and its relation to repressed memory therapy. The McMartin Preschool Case and the "Day Care Sex Panic." A historical overview from the Great Witch Craze to Sigmund Freud's theories, spanning the 16th to 19th centuries. An exploration of the cultural context that produced the repressed memory epidemic of the 1990s. The repressed memory movement as a religious sect or cult. The Repressed Memory Epidemic will be of interest to researchers and clinicians as well as undergraduate and graduate students in the fields of psychology, sociology, cultural studies, religion, and anthropology.

Sex Offender Registration and Notification Act -
Randall B. Harris 2013

Sex offences are fairly common in the United States and largely go unrecognised and underreported. Studies estimate that about 1 in every 5 girls and 1 in every 7 to 10 boys are sexually abused by the time they reach adulthood, and about 1 in 6 adult women and 1 in 33 adult men experience an attempted or completed sexual assault. In the wake of several tragic attacks in 2005 in which young children were kidnapped, sexually assaulted, and murdered, public and congressional attention became increasingly focused on what was described as the growing epidemic of sexual violence against children. Citing a need to address loopholes and deficiencies in individual state registration programs that made it possible for convicted sex offenders to move from one jurisdiction to another and evade registration, in 2006, Congress passed and the President signed the Sex Offender Registration and Notification

Act (SORNA). This book address to what extent SORNA has been implemented and what challenges jurisdictions face; and its effect on public safety, criminal justice stakeholders, and registered offenders.

Forensic GIS - Gregory A. Elmes 2014-07-08
A variety of disciplines and professions have embraced geospatial technologies for collecting, storing, manipulating, analyzing and displaying spatial data to investigate crime, prosecute and convict offenders, exonerate suspects and submit evidence in civil lawsuits. The applications, acceptability and relevance and procedural legality of each geospatial technologies vary. The purpose of this book is to explain the nature of geospatial technologies, demonstrate a variety of geospatial applications used to investigate and litigate civil and criminal activities and to provide a reference of current acceptability of geospatial technology in the production of evidence. This book is an introductory overview designed to appeal to
