The SAGE Handbook of Human Trafficking and Modern Day Slavery Jennifer Bryson Clark 2018-12-10 Millions of people around the world are forced to work without pay and under threat of violence. These individuals can be found working in brothels, factories, mines, farm fields, restaurants, construction sites and private homes: many have been tricked by human traffickers and lured by false promises of good jobs or education, some are forced to work at gunpoint, while others are trapped by phony debts from unscrupulous moneylenders. The SAGE Handbook of Human Trafficking and Modern-Day Slavery provides a comprehensive, interdisciplinary and global look at the diverse issues surrounding human trafficking and slavery in the post-1945 environment. Covering everything from history, literature and politics to economics, international law and geography, this Handbook is essential reading for academics and researchers, as well as for policy-makers and non-governmental organisations

Human Trafficking in Europe Gillian Wylie 2010-06-30 This book focuses on human trafficking in Europe for labour and sexual exploitation. It includes empirical work on trafficking throughout Europe, identifying underlying causes in globalization, migration policies and gender inequality. It questions whether European responses- from policy makers or civil society are adequate.

The Process of Leaving Sex Trafficking Lauren Vollinger 2022 Sex trafficking (ST) is a serious and hidden social problem affecting thousands of people in United States. ST is defined as "the recruitment, harboring, transportation, provision, or obtaining of a person for the purposes of a commercial sex act" or when that person "has not attained 18 years of age" (Trafficking Victims Protection Act, 2000). Given the violent, coercive, and economic tactics used to control victims of this crime, it is

challenging for individuals to leave their trafficking situation. Thus, the purpose of this study was to understand how survivors exit from ST and use formal systems or services to facilitate that exit. This study presents findings from qualitative interviews with 34 survivors of domestic ST to understand the process of exiting the sex industry over time. Life History Calendar methodology was used to guide interviews about: 1) how participants conceptualized their experiences in the sex industry over time; 2) what formal systems participants had contact with during their time in the sex industry; and 3) the circumstances surrounding participants' most recent exit from the sex industry. Results revealed that participants were in and out of ST multiple times over the course of their lives and had contact with many formal systems over time. However, what made the difference in most survivors' last exit from the sex industry was the collaboration between formal systems to coordinate referrals and service provision. Findings from this study contribute to future research on exiting from sex trafficking and provide recommendations for policy and practice.

Up for Sale Alison Marie Behnke 2017-01-01 "Trafficking thrives in the shadows. And it can be easy to dismiss it as something that happens to someone else, somewhere else. But that is not the case. Trafficking is a crime that involves every nation on earth, and that includes our own."—US secretary of state Hillary Rodham Clinton, 2009 Human trafficking is as old as slavery and continues to be practiced in the modern world. Victims of human traffickers include workers in restaurants and in garment factories, maids and nannies in the homes of wealthy families, child sex workers, beggars on the street, boy soldiers, even infants kidnapped for foreign adoptions. Women and children are more likely to be coerced or seized than men and boys, especially if they are poor and uneducated. Traffickers sell their victims for their bodies or for their labor and reap an enormous profit. Human trafficking is estimated to be a \$30 to \$45 billion industry

on an annual basis, rivaling weapons and drug trafficking as one of the most profitable criminal undertakings in the world. Up for Sale takes a hard look at human trafficking, identifying perpetrators and telling the stories of victims through their own words. You'll discover why some people become vulnerable to trafficking and you'll read about what their lives are like on a daily basis. You'll also meet some of the courageous individuals and organizations working to free people from lives in bondage so that, in the words of US president Barack Obama, each person can "forge a life equal to [their] talents and worthy of [their] dreams."

Sexual Enslavement of Girls and Women Worldwide Andrea Parrot 2008-08-30 They are in different countries but share the same hell. Maria is one of 14 women lured from Mexico to Seattle, Washington, with the promise of a job, then held by force in a brothel and required to sexually service men 12 hours a day. Anna is a young mother from the Ukraine who left her husband and children there to take a job as a housecleaner in Italy, where she was put in a barred, guarded house and forced into prostitution. Nadia is an 11-year-old girl in Africa, kidnapped and forced to have sex with a militiaman daily, with a machete ever ready nearby should she refuse. All three women are part of horrific sex slavery that has drawn the attention of officials in countries around the globe. It is not rare; officials say it is increasing, at least partly due to the billions of dollars it brings in for organized crime. The U.S. State Department estimates 800,000 victims, mostly women and children, are trafficked for sex trade across nations each year and millions more are trafficked within countries - including the U.S., Britain, Spain, and the Netherlands. As a Seattle Times reporter explained when Maria's case hit the news there, the reality is that sex slaves for the most part are young women and teenaged girls who come from almost every one of the world's poorer countries and end up in almost every country where there is a combination of sexual

demand and money. But they are also in undeveloped Africa, in prisons internationally, locked in forced marriages, or sold to men by parents. In this book, Parrot and Cummings outline the scope and growth of the sex slave market today and explain the history with various elements - including economic, political, cultural, and religious - that make this trade difficult to fully expose, quell, combat, and shut down. We hear from girls and women around the world describing how sexual enslavement has tortured them physically, emotionally, and spiritually, whether they suffer at the hands of prison guards in Turkey, criminals in Washington, or buyers dealing with parents who sell their daughters for the sex slave trade in Greece, Belgium, or France. The authors also describe national and international efforts and legislation passed or in design to stop sex slavery. Successful countries and regions are spotlighted. Then Parrot and Cummings point out actions still needed to stop the sex slavery trade.

Human Trafficking, the Bible, and the Church Marion L. S.

Carson 2016-11-04 Human trafficking causes untold suffering to millions throughout the world. From a Christian perspective it should go without saying that we ought to work towards the eradication of this evil. The Bible, however, which all Christian traditions recognize as normative for faith and practice, reflects an era in which slavery was regarded as the norm. This raises a question: can it have anything to say to the church about human trafficking, or should it be discarded as irrelevant and anachronistic? Drawing on history and literature to help us bridge the hermeneutical gap between the texts and our own age, this study presents an examination of key biblical material on slavery and prostitution. It suggests that the Bible does have much to say that can inform Christian responses to modern-day slavery in all its forms, including the sex industry into which so many victims of trafficking are sold.

Criminal Investigation of Sex Trafficking in America

business for organized crime worldwide, next to illegal weapons trading and drugs. Written by well-respected criminal justice scholars, this book examines the criminal investigation of sex trafficking. Providing a multidisciplinary exploration of this topic, the authors discuss: International and national perspectives and the history of sex trafficking in America Effective ways to train law enforcement in investigations Major federal and state laws most applicable in sex trafficking investigations The sexual exploitation of American children and those brought in from foreign countries Interrogation of sex-trafficking suspects Crime scene examination and physical evidence The role and responsibilities of prosecutors Effective ways to develop and maintain a multiagency task force

Sex Trafficking in Postcolonial Literature Laura Barberán Reinares 2014-08-27 At present, the bulk of the existing research on sex trafficking originates in the social sciences. *Sex Trafficking in Postcolonial Literature* adds an original perspective on this issue by examining representations of sex trafficking in postcolonial literature. This book is a sustained interdisciplinary study bridging postcolonial literature, in English and Spanish, and sex trafficking, as analyzed through literary theory, anthropology, sociology, history, trauma theory, journalism, and globalization studies. It encompasses postcolonial theory and literature's aesthetic analysis of sex trafficking together with research from social sciences, psychology, anthropology, and economics with the intention of offering a comprehensive analysis of the topic beyond the type of Orientalist discourse so prevalent in the media. This is an important and innovative resource for scholars in literature, postcolonial studies, gender studies, human rights and global justice.

migrants with macro-level security concerns. Drawing on research in the United States and in Europe, Goździak shows how human trafficking has replaced migration in public narratives, policy responses, and practice with migrants and analyzes lived experiences of (in)security of trafficked victims, irregular migrants, and asylum seekers. .

A Crime So Monstrous E. Benjamin Skinner 2013-03-22 Two hundred years after Parliament passed the Abolition of the Slave Trade Act, over 27 million people worldwide languish in slavery, forced to work, under threat of violence, for no pay. In Africa, hundreds of thousands are considered chattel, while on the Indian subcontinent millions languish in generational debt bondage. Across the globe, women and children, sold for sex and labour, are already the second most lucrative commodity for organised crime. Through eviscerating narrative, *A Crime So Monstrous* paints a stark picture of modern slavery. Skinner infiltrates trafficking networks and slave sales on four continents, exposing a flesh trade never before portrayed with such vivid detail. From mega-harems in Khartoum to illicit brothels in Bucharest, from slave quarries in India to urban child markets in Haiti, he lays bare a parallel universe where lives are bought, sold, used and discarded. The personal stories related here are heartbreaking but in the midst of tragedy Skinner also discovered a quiet dignity that leads some to resist and aspire to freedom. He bears witness for them and for the millions that are held in the shadows - all victims of what is the greatest human-rights challenge facing our generation.

The Palgrave Handbook of Bondage and Human Rights in Africa and Asia Gwyn Campbell 2020-01-14 In the West, human bondage remains synonymous with the Atlantic slave trade. and worldwide. This handbook examines the deep historical roots of unfree labour in Africa and Asia along with its contemporary manifestations. It takes an innovative *longue durée* perspective in order to link the local and global, the past and present.

Contributors trace shifting forms of forced labour in the region since circa 1800, connecting punctual shocks such as environmental crisis, conflict, market instability, and crop failure to human security threats such as impoverishment, violence, migration, kidnapping, and enslavement. Together, these chapters illuminate the historical and contemporary dimensions of bondage in Africa and Asia, with important implications for the fight against modern-day bondage and human trafficking.

The Politics of Trafficking Stephanie Limoncelli 2010-02-23 Sex trafficking is not a recent phenomenon. Over 100 years ago, the first international traffic in women for prostitution emerged, prompting a worldwide effort to combat it. The Politics of Trafficking provides a unique look at the history of that first anti-trafficking movement, illuminating the role gender, sexuality, and national interests play in international politics. Initially conceived as a global humanitarian effort to protect women from sexual exploitation, the movement's feminist-inspired vision failed to achieve its universal goal and gradually gave way to nationalist concerns over "undesirable" migrants and state control over

Addressing an issue that is still of great concern today, this book sheds light on the ability of international non-governmental organizations to challenge state power, the motivations for state involvement in humanitarian issues pertaining to women, and the importance of gender and sexuality to state officials engaged in nation building.

Human Trafficking in Medieval Europe Hb PAOLELLA

2020-10-05 Human trafficking has become a global concern over the last 20 years, but its violence has terrorized and traumatized its victims and survivors for millennia. This study examines the deep history of human trafficking from Late Antiquity to the Early Modern Period. It traces the evolution of trafficking patterns: the growth and decline of trafficking routes, the ever-changing relationships between traffickers and authorities, and it examines the underlying causes that lead to vulnerability and thus to exploitation. As the reader will discover, the conditions that lead to human trafficking in the modern world, such as poverty, attitudes of entitlement, corruption, and violence, have a long and storied past. When we understand that past, we can better anticipate human trafficking's future, and then we are better able to fight it.

Sex Trafficking, Scandal, and the Transformation of Journalism, 1885-1917

Gretchen Soderlund 2013-06-03 In Sex Trafficking, Scandal, and the Transformation of Journalism, Gretchen Soderlund offers a new way to understand sensationalism in both newspapers and reform movements. By tracing the history of high-profile print exposés on sex trafficking by journalists like William T. Stead and George Kibbe Turner, Soderlund demonstrates how controversies over gender, race, and sexuality were central to the shift from sensationalism to objectivity—and crucial to the development of journalism in the early twentieth century.

Sex, Power, and Slavery Gwyn Campbell 2014-12-10 Sexual exploitation was and is a critical feature of enslavement. Across many different societies, slaves were considered to own neither their bodies nor their children, even if many struggled to resist. At the same time, paradoxes abound: for example, in some societies to bear the children of a master was a potential route to manumission for some women. *Sex, Power, and Slavery* is the first history of slavery and bondage to take sexuality seriously. Twenty-six authors from diverse scholarly backgrounds look at the vexed, traumatic intersections of the histories of slavery and of sexuality. They argue that such intersections mattered profoundly and, indeed, that slavery cannot be understood without adequate attention to sexuality. *Sex, Power, and Slavery* brings into conversation historians of the slave trade, art historians, and scholars of childhood and contemporary sex trafficking. The book merges work on the Atlantic world and the Indian Ocean world and enables rich comparisons and parallels between these diverse areas. Contributors: David Brion Davis, Martin Klein, Richard Hellie, Abdul Sheriff, Griet Vankeerberghen, E. Ann McDougall, Matthew S. Sex Trafficking in Southeast Asia Trude Jacobsen 2016-11-10 This book brings an important new perspective to the study of sex trafficking by considering the different types of social contracts which existed in the past that had sexual labour or activity as an inherent component. It outlines the nature of these social institutions - marriage, temporary marriage, debt bondage, and slavery - which were recognized in local law, carried no stigma, and endured for long periods. It discusses how labour pledged in

return for a loan of cash or as a result of a punishment dictated by the state often included sexual labour, and how this could take the form of servicing the master of the house, his guests, or foreign travellers, who paid the debt-holder for the privilege, and how even wives of different ranks, temporary or permanent, and children, were pledged as sureties for loans. The book, which covers the modern states of Myanmar, Thailand, Laos, Cambodia, and Vietnam, argues that cultural norms are not static, that sexual contracts are more complicated than simply 'marriage' or 'prostitution', and that as trafficking for sexual purposes increases, those engaging in humanitarian intervention should improve their knowledge of the historical underpinnings of cultural understandings of familial and contractual obligations. *Fighting the U.S. Youth Sex Trade* Carrie N. Proceeding roughly from causes to consequences - from early life experiences to adolescent and teen experiences - each chapter focuses on a different domain, explains the laws and policies that create or exacerbate racial disparity in that domain, reviews relevant psychological research and its implications for those laws or policies, and calls for next steps. Chapter authors examine how race and ethnicity intersect with child maltreatment (including child sex trafficking, corporal punishment, and memory for and disclosures of abuse), child dependency court decisions, custody and adoption, familial incarceration, the "school to prison pipeline," police/youth interactions, jurors' perceptions of child and adolescent victims and defendants, and U.S. immigration law and policy"--

The Historical Roots of Human Trafficking Makini Chisolm-Straker 2021-05-22 A public health approach to human trafficking requires a nuanced understanding of its root causes. This textbook applies a historical lens to human trafficking from expert resources for the multidisciplinary public health learner and worker. The book challenges the anti-trafficking paradigm to meaningfully understand historical legacies of present-day root-causes of human trafficking. This textbook focuses on history's utility in public health. It describes history to contextualize and explain present times, and provides public health lessons in trafficking prevention and intervention. Public health recognizes the importance of multiple systems to solve big problems, so the chapters illustrate how current anti-trafficking efforts in markets and public systems connect with historical policies and data in the United States. Topics explored include: Capitalism, Colonialism, and Imperialism: Roots for Present-Day Trafficking Invisibility, Forced Labor, and Domestic Work Addressing Modern Slavery in Global Supply Chains: The Role of Businesses Immigration, Precarity, and Human Trafficking: Histories and Legacies of Asian American Racial Exclusion in the United States Systemic and Structural Roots of Child Sex Trafficking: The Role of Gender, Race, and Sexual Orientation in Disproportionate Victimization The Complexities of Complex Trauma: An Historical and Contemporary Review of Healing in the Aftermath of Commercialized Violence Historical Context Matters: Health Research, Health Care, and Bodies of Color in the United States Understanding linkages between contemporary manifestations of human trafficking with their respective historical roots offers meaningful insights into the roles of public policies, institutions, cultural beliefs, and socioeconomic norms in commercialized violence. The textbook identifies sustainable solutions to prevent human trafficking and improve the health of the Nation. The International Law of Human Trafficking Anne T. Gallagher 2010-09-30 Although human trafficking has a long and ignoble history, it is only recently that trafficking has become a major political issue for states and the international community and the subject of detailed international rules. Anne T. Gallagher calls on her direct experience working within the United Nations to chart the development of new international laws on this issue. She links these rules to the international law of state responsibility as well as key norms of international human rights law, transnational criminal law, refugee law and international criminal law, in the process identifying and explaining the major legal obligations of states with respect to preventing trafficking, protecting and supporting victims, and prosecuting perpetrators. This book is a groundbreaking work: a unique and valuable resource for policymakers, advocates, practitioners and scholars working in this controversial and important field.

The Trafficking of Children Elizabeth A. Faulkner 2023-04-10 The phenomenon of child trafficking holds a unique position as an issue of significant contemporary relevance, occupying a principal place in debates about human rights today. The interchangeable terms trafficking and modern slavery evoke emotive responses and proclamations about abolition of contemporary ills, viewed as the ultimate aberration when a child is involved. The classification of children under legal frameworks marks them as different, as 'other', and in the context of laws implemented to

address trafficking, slavery, and children on the move more generally, this distinction is complicated. This book charts the emergence, decline and re-emergence of child trafficking law and policy during the twentieth and twenty-first centuries. It provides a systematic and comprehensive overview of the historical origins of child trafficking by utilising the wealth of information located within the non-digitised archives of the League of Nations. It focusses upon the Committee on the Traffic in Women and Children to engage with League of Nations policy to provide an insightful and original contribution to the current body of literature. This is a book that seeks to critique the entanglements of children's rights and colonialism in relation to the mobility and exploitation of children. It centralises the legacy of colonialism, the undercurrents of race, white supremacy, patriarchy, and their ongoing influence upon contemporary anti-trafficking legal and policy responses. Through utilizing what the author identifies as the 'anti-trafficking machine' as a theoretical framework, the book challenges contemporary law and policy responses to child trafficking. This theoretical framework has been adopted to illustrate a central hypothesis of the book - that the contemporary anti-trafficking agenda is both imperialist and a continuity of colonial attitudes.

Sex Trafficking Siddharth Kara 2017-08-29 “The best book ever written on human trafficking for sexual exploitation”—the basis for the feature film, *Trafficked*, starring Ashley Judd (Kevin Bales, president of Free the Slaves). Every year, hundreds of thousands of women and children are abducted, deceived, seduced, or sold into forced prostitution. These trafficked sex slaves form the backbone of one of the world’s most profitable illicit enterprises and generate huge profits for their exploiters, for unlike narcotics, which must be grown, harvested, refined, and packaged, sex slaves require no such “processing,” and can be repeatedly “consumed.” In this book, Kara provides a riveting account of his four-continent journey into this unconscionable industry, sharing the moving stories of its victims and revealing the shocking conditions of their exploitation. He draws on his background in finance, economics, and law to provide the first ever business analysis of contemporary slavery worldwide, focusing on its most profitable and barbaric form: sex trafficking. Kara describes the local factors and global economic forces that gave rise to this and other forms of modern slavery over the past two decades and quantifies, for the first time, the size, growth, and profitability of each industry. Finally, he identifies the sectors of the sex trafficking industry that would be hardest hit by specifically designed interventions and recommends the specific legal, tactical, and policy measures that would target these vulnerable sectors and help to abolish this form of slavery, once and for all. The author will donate a portion of the proceeds of this book to the anti-slavery organization, Free the Slaves. “Sex trafficking is more of a problem than most people realize. Read this well-written book and find out.”—Kirk Douglas

apartheid has triggered massive illegal immigration into South Africa from all parts of Africa and beyond. Along with urbanization and internal migration, the end of apartheid has encouraged human smuggling and the trafficking of men, women, and children into the commercial sex market and various sectors of the economy from mining to agriculture and the service industries. Long Walk to Nowhere analyses the impact of these developments on Nelson Mandela's vision for a democratic South Africa. Frankel explores human rights, the political culture, public health, the criminal justice system, and institutional development as South Africa moves into its third decade after liberation. Using migration and human trafficking as barometers for democratic success, Frankel establishes that South Africa has become more unstable under two post-Mandela presidencies. The book covers the three major modes of human trafficking—commercial sex trafficking, child trafficking, and labour trafficking. It also looks at the dynamics of trafficking with a perpetrator-focus, the complex issues of dominance, and the policy responses in light of South Africa's first comprehensive counter-trafficking legislation designed for implementation in late 2015. Long Walk to Nowhere blends South African experiences with contemporary mass political movements which challenge human rights and good governance on a world-wide basis.

Trafficking Women's Human Rights Julietta Hua 2011 The history of human beings bought and sold, forced into lives of abject servitude or sexual slavery, is a story as old as civilization and yet still of global concern today. Slavery in the Modern World [2 volumes] Junius P. Rodriguez 2011-10-20 This work is the first encyclopedia on the labor practices that constitute modern-day slavery—and the individuals and organizations working today to eradicate them. *Slavery in the Modern World: A History of Political, Social, and Economic Oppression* helps bring to light an often-ignored tragedy, opening readers' eyes to the devastated lives of those coerced into unpaid labor. It is the first and only comprehensive encyclopedia on practices that persist despite the efforts of antislavery advocates, nongovernmental organizations, and national legislation aimed at ending them. Ranging from the late-19th century to the present, *Slavery in the Modern World* examines the full extent of unfree labor practices in use today, as well as contemporary abolitionists and antislavery groups fighting these practices and legislative action from various nations aimed at exposing and shutting down slave operations and networks. The 450 alphabetically organized entries are the work of over 125 of the world's leading experts on modern slavery.

This book also covers problematic areas that cannot be found in other reference works. The Palgrave International Handbook of Human Trafficking is divided into eight key sections: 1. History of Slavery and Trafficking in Persons 2. Explanations and Methods of Inquiry 3. Types of Trafficking in Persons 4. Trafficking in Persons and Response Mechanisms 5. Organizational Profiles 6. Country, Region and Local Response Mechanisms 7. The work of Non-Governmental Organizations 8. Future Issues and Directions in Controlling Trafficking in Persons.

Sex, the World History John R Gregg 2019-07-26 *Sex, the World History: Through Time, Religion, and Culture* has three sections. Section I of the book is titled *The Ancient World: Early Europe to the Renaissance and Islam*. It is a daring exploration of human sexuality from the ancient to the modern world. Revealed are sexual practices and beliefs previously omitted or obscured from all historical telling. In a scathing condemnation of religion and its control of sex, the book explores complex relationships between spirituality and sexuality. The relatively recent fall of the mother goddess and her supremacy throughout most of human existence are detailed in both word and image. These pages share erotic artworks and explicit literary excerpts from throughout the world, painstakingly culled from the hidden treasure trove of cultures throughout history. *Sex, the Illustrated History* traces sexual attitudes from the transcendent to the bizarre throughout the world's cultures. Revealed for the first time is the bisexuality of the majority of human cultures. Before Christianity, Asia, the Pacific, Africa, the Americas, Europe, and most human cultures practiced male/male love along with male/female love. Lesbianism is also treated in depth. It offers, in very readable form, an encyclopedic tour of the sexuality of humankind. Section II

entitled *Sex, the Illustrated History* begins a bold probe of human sexuality from Asia, Australia, Melanesia, Micronesia, Polynesia, ancient North and South America, and Africa, and it moves into the modern world. The analysis of gender truths and religion and its control of sex continues as the book pursues intricate relationships between spirituality and sexuality. The book is leagues beyond the classic *History of Sexuality* by Michael Foucault, which was written in the 1950s. Section III entitled *Sex, the Illustrated History* begins a courageous exploration of human sexuality from the Enlightenment to the current modern world. It also talks about Europe from the seventeenth century to the modern world, Victorian licentiousness, colonial North and South America to the current day Americas, world wars and sex slavery, Roman Catholic molestations, counterculture love, child brides and forced marriages, and slavery and homosexuality through time. The book explores complicated relationships between modern spirituality and sexuality.

Human Trafficking K. G. Richardson 2016-05-18 Individuals, tribes, societies, religions, political groups-it doesn't matter how you slice us, since the earliest civilizations, we humans have always found ways to oppress others and prosper from our domination. After forty years of working in journalism and publishing, author K. G. Richardson decided to turn an interest in history, sociology, and anthropology into a research project with reach: a book about the causes and contributing historical factors that gave rise to modern slavery and sex trafficking-and how good people can stand up to this horrendous evil in their every day lives. Exploring the ancient and modern examples of the human drive to conquer and capitalize, *Human Trafficking* delves into well-known and little-known events and figures from history, explaining how they all contributed to the current climate of global enslavement. Richardson isn't the sort of journalist who is content to merely describe the epidemic. *Human Trafficking* also provides actual practical steps for turning the tide against evil,

In the Shadow of the Red-Light Zakir Hossain 2014-05-23 It is a multifaceted Documentary-Novel on Sex Trafficking in South Asia. The novel is set in five South Asian countries-Bangladesh, India, Nepal, Sri Lanka and Pakistan, but it deeply and shockingly represents the entire global sex trade; the multi-billion-dollar industry of modern-day- slavery, where women are enslaved, raped, tortured, forced into sex 20-30 times a day, ended up with incurable diseases like HIV and finally are thrown away, once their bodies are no longer marketable. It is a deeply researched and creatively composed piece of literature.

Trafficking in Slavery's Wake Benjamin N. Lawrance 2012-08-22 Women and children have been bartered, pawned, bought, and sold within and beyond Africa for longer than records have existed. This important collection examines the ways trafficking in women and children has changed from the aftermath of the "end of slavery" in Africa from the late nineteenth century to the present. The formal abolition of the slave trade and slavery did not end the demand for servile women and children.

Contemporary forms of human trafficking are deeply interwoven with their historical precursors, and scholars and activists need to be informed about the long history of trafficking in order to better assess and confront its contemporary forms. This book brings together the perspectives of leading scholars, activists, and other experts, creating a conversation that is essential for understanding the complexity of human trafficking in Africa.

Human trafficking is rapidly emerging as a core human rights issue for the twenty-first century. *Trafficking in Slavery's Wake* is excellent reading for the researching, combating, and prosecuting of trafficking in women and children. A Global History of Sexuality Robert M. Buffington 2014-02-24

A Global History of Sexuality provides a provocative, wide-ranging introduction to the history of sexuality from the late eighteenth century to the present day. Explores what sexuality has meant in the everyday lives of individuals over the last 200 years Organized around four major themes: the formation of sexual identity, the regulation of sexuality by societal norms, the regulation of sexuality by institutions, and the intersection of sexuality with globalization Examines the topic from a comparative, global perspective, with well-chosen case studies to illuminate the broader themes Includes interdisciplinary contributions from prominent historians, sociologists, anthropologists, and sexuality studies scholars Introduces important theoretical concepts in a clear, accessible way
