Game - Roosh Valizadeh 2018-08-21

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking

-The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... -How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date -The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating program. You'll learn... -How to contact a girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... -How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... -The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.

Cues - Vanessa Van Edwards 2022-03-03

It's not enough to have great ideas. You also need to know how to communicate them. What makes someone charismatic? Why do some people captivate a room, while others have trouble managing a small meeting? What makes some ideas spread, while other good ones fall by the wayside? Cues - the tiny signals we send to others 24/7 through our body language, facial expressions, word choices and vocal inflection - have a massive impact on how we, and our ideas, come across. Our cues can either enhance our message or undermine it. In this entertaining and accessible guide to the hidden language of cues, Vanessa Van Edwards teaches you how to convey power, trust, leadership, likability and charisma in every interaction. You'll learn: - Which vocal cues make you sound more confident - Which body language cues assert, 'I'm a leader, and here's why you should join me' - Which verbal cues to use in pitches, branding and emails to increase trust (and generate excitement about interacting with you) - Which visual cues you are sending in your profile pictures, clothing and professional brand Whether you're pitching an investment, negotiating a job offer or having a tough conversation with a colleague, Cues can help you improve your relationships, express empathy and create meaningful connections with lasting impact. The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Female Rebellion in Young Adult Dystopian Fiction - Sara K. Day 2016-04-15

Responding to the increasingly powerful presence of dystopian literature for young adults, this volume focuses on novels featuring a female protagonist who contends with societal and governmental threats at the same time that she is navigating the treacherous waters of young adulthood. The contributors relate the

liminal nature of the female protagonist to liminality as a unifying feature of dystopian literature, literature for and about young women, and cultural expectations of adolescent womanhood. Divided into three sections, the collection investigates cultural assumptions and expectations of adolescent women, considers the various means of resistance and rebellion made available to and explored by female protagonists, and examines how the adolescent female protagonist is situated with respect to the groups and environments that surround her. In a series of thought-provoking essays on a wide range of writers that includes Libba Bray, Scott Westerfeld, Tahereh Mafi, Veronica Roth, Marissa Meyer, Ally Condie, and Suzanne Collins, the collection makes a convincing case for how this rebellious figure interrogates the competing constructions of adolescent womanhood in late-twentieth- and early twenty-first-century culture.

How to Be a Chick Magnet - Calvin Biggs 2014-11-09

If you want to be nothing short of a total chick magnet, then this book is for you! For women, attraction is not a choice. If women could choose who they were attracted to, then they wouldn't continually end up with the same emotionally vacant douchebags, who treat them poorly, drink too much, all while managing to still live in their mom's basement. Most of these "chick magnets" are clueless as to how or why they attract women. It's something they just do. While on the other hand, there are guys out there who appear to be doing everything right - they get up and go to work every morning, they're respectful towards women (and people in general), they're smart, funny - but they have the worst luck with the ladies. The reason for this discrepancy boils down to one thing: the reality of physical attraction for women. Most men have trouble understanding that a woman's way of perceiving male physical attraction is completely unlike a man's perception of female physical attraction. This book will help you understand and master the science of female physical attraction so you can be a chick magnet too.
