

The Encyclopedia Of Homosexuality Volume 1

The Persistent Prison? -

Maeve Winifred McMahon
1992-01-01

The Prison system is widely believed to be an immutable element of contemporary society. Many criminologists and sociologists of deviance believe that decarceration movements have failed to yield progressive reform, and that feasible alternatives to the prison system do not exist. Maeve McMahon challenges these views. Reconstructing the emergence of critical perspectives on decarceration, she examines analytical and empirical problems in the research. She also points out how indicators of community programs and other penalties serving as alternatives to prison have typically been overshadowed through critical focus on their effects in

'widening the net' of control. McMahon presents a detailed analysis of decreasing imprisonment, and of the part played by alternatives in this, during the postwar period in Ontario. Drawing from extensive documentary research, and from interviews with former correctional officials, she charts the changing climates of opinions, and socio-economic factors, which facilitated decarceration. By situating her analysis in the context of theoretical and political arguments about the possibility of decarceration, McMahon provides in her work a stimulus to the development of progressive penal politics not just in Canada, but in all western countries.

Misguided Love - Charles Fensham
2019-11-01

The invitation of this book is

for my readers who are Christian to consider the dimension of harm in the ongoing debates on affirming or not affirming sexual and gender minority Christians within church communities. Much has been said and much is written on biblical interpretation and Christian traditions of teaching. There are also many arguments on the issue of justice and equality that have been made for and against the affirmation of sexual and gender minorities. Here I bring evidence of the history of harm and the infliction of harm on sexual and gender minority Christians. In South Africa, my country of origin, I lived through the apartheid era and experienced first-hand how "biblical teaching" can be used in pious ways to exploit, discriminate, and kill people. Presently and in the past, similar things happen to sexual and gender minority Christians. When we discover that we do harm we must stop. - Charles Fensham [The Corsini Encyclopedia of Psychology and Behavioral](#)

[Science, Volume 1](#) - Raymond J. Corsini 2001
Encyclopedia
[Queer Judgments](#) - Bruce MacDougall 2000-01-01
MacDougall sifts through hundreds of reported and unreported cases of the past four decades in order to uncover the subjective assumptions and biases operating in Canadian courts.
The Homosexuality of Men and Women - Magnus Hirschfeld 2023-07-14
Havelock Ellis dubbed *The Homosexuality of Men and Women* "encyclopedia". Winner of Choice: Current Reviews for Academic Libraries best release for the year 2000: "A major German classic...a remarkable tome. This excellent translation by Lombardi-Nash brings Hirschfeld alive." -- R. W. Smith, California State University, Northridge. "This work is indispensable and unsurpassed. It belongs in every library." --William A. Percy and John Lauritsen, *The Gay & Lesbian Review*. "I clearly also owe a great debt to

Paul Nash as well; both of you have had a huge impact." --

Gayle Rubin

Encyclopedia of Homosexuality

- Wayne R. Dynes 2016-03-22

First published in 1990, The Encyclopedia of Homosexuality brings together a collection of outstanding articles that were, at the time of this book's original publication, classic, pioneering, and recent.

Together, the two volumes provide scholarship on male and female homosexuality and bisexuality, and, reaching beyond questions of physical sexuality, they examine the effects of homophilia and homophobia on literature, art, religion, science, law, philosophy, society, and history. Many of the writings were considered to be controversial, and often contradictory, at that time, and refer to issues and difficulties that still exist today. This volume contains entries from A-L.

Ex-Gay Research - Jack

Drescher 2013-04-03

Defenders and critics of the controversial Spitzer study

analyze its methodologies and findings In 2001, Robert L. Spitzer, MD, presented his study on sexual conversion therapy with its controversial findings that some homosexuals can change their sexual orientation. The resulting media sensation and political firestorm enraged the study's critics and emboldened its supporters. Ex-Gay Research: Analyzing the Spitzer Study and Its Relation to Science, Religion, Politics, and Culture presents leading experts examining Spitzer's research methodology and findings to discern whether the study itself deserves deeper consideration or outright dismissal. Every facet of the study is reviewed to discuss the positive or negative aspects of the results, its significance in political and social terms, and the implications for the future. Dr. Spitzer himself was an instrumental figure in the American Psychiatric Association's decision in 1973 to remove homosexuality as a mental illness listing from the Diagnostic and Statistical

Manual-III. His later study that states that in some individuals, homosexuality may be more fluid than previously thought stirred controversy in the psychiatric community and society at large. His study is presented here to allow the reader to evaluate and consider it for themselves. Leading experts then voice their own pro or con views on the methodology and findings. Ex-Gay Research: Analyzing the Spitzer Study and Its Relation to Science, Religion, Politics, and Culture fearlessly illustrates the sometimes fuzzy boundary between science and politics, courageously spotlighting the culture wars now dividing our society. Ex-Gay Research: Analyzing the Spitzer Study and Its Relation to Science, Religion, Politics, and Culture discusses: the ex-gay movement the nature of scientific inquiry the relationship between science and politics the results of sexual conversion therapies gay and lesbian rights Ex-Gay Research: Analyzing the Spitzer Study and Its Relation

to Science, Religion, Politics, and Culture is essential reading for sex researchers, mental health professionals, pastoral counselors, political activists, and any person asking if one can truly "change" his or her homosexuality.

Homosexuality and Religion

- Jeffrey S. Siker 2007

Few issues today cause more public - and private - debate than the interaction of homosexuality and religion. From the question of gay marriage to the place of gays and lesbians within faith communities, religious leaders and lay members must deal with these issues for now and for years to come. What is the historical position of the major denominations? How are people of faith balancing their beliefs? This encyclopedia provides an overview of the various attitudes and responses that religions have had to the presence of gay, lesbian, bisexual, and transgendered persons within their communities. This is the most comprehensive volume to date

on the intersections between religion and homosexuality.

The Greenwood Encyclopedia of LGBT Issues Worldwide [3 volumes] - Chuck Stewart
2009-12-18

This set has an ambitious scope with the goal of offering the most up-to-date international overview of key issues in the lives of lesbian, gay, bisexual, and transgender individuals. HIV/AIDS has been a major media focus, but this set fosters a broader understanding of the status of LGBT individuals in their society. More than 70 countries are represented. The clear, accessible prose is appropriate for high school student research on up. The material is especially needed in a cultural climate that increasingly supports and requires information about LGBT populations. The content is useful for a paper on a hot topic, health classes, discussion groups, and gay-straight alliance groups.

Homosexuality and Civilization - Louis Crompton
2003

How have major civilizations of the last two millennia treated people who were attracted to

their own sex? In a narrative tour de force, Louis Crompton chronicles the lives and achievements of homosexual men and women alongside a darker history of persecution, as he compares the Christian West with the cultures of ancient Greece and Rome, Arab Spain, imperial China, and pre-Meiji Japan. Ancient Greek culture celebrated same-sex love in history, literature, and art, making high claims for its moral influence. By contrast, Jewish religious leaders in the sixth century B.C.E. branded male homosexuality as a capital offense and, later, blamed it for the destruction of the biblical city of Sodom. When these two traditions collided in Christian Rome during the late empire, the tragic repercussions were felt throughout Europe and the New World. Louis Crompton traces Church-inspired mutilation, torture, and burning of sodomites in sixth-century Byzantium, medieval France, Renaissance Italy, and in Spain under the Inquisition. But Protestant authorities were equally committed to the

execution of homosexuals in the Netherlands, Calvin's Geneva, and Georgian England. The root cause was religious superstition, abetted by political ambition and sheer greed. Yet from this cauldron of fears and desires, homoerotic themes surfaced in the art of the Renaissance masters--Donatello, Leonardo, Michelangelo, Sodoma, Cellini, and Caravaggio--often intertwined with Christian motifs. Homosexuality also flourished in the court intrigues of Henry III of France, Queen Christina of Sweden, James I and William III of England, Queen Anne, and Frederick the Great. Anti-homosexual atrocities committed in the West contrast starkly with the more tolerant traditions of pre-modern China and Japan, as revealed in poetry, fiction, and art and in the lives of emperors, shoguns, Buddhist priests, scholars, and actors. In the samurai tradition of Japan, Crompton makes clear, the celebration of same-sex love rivaled that of ancient Greece. Sweeping in scope,

elegantly crafted, and lavishly illustrated, *Homosexuality and Civilization* is a stunning exploration of a rich and terrible past.

Lovesick - Laurence Senelick
2003-09-02

This volume makes available an international collection of plays, from Britain, the US, Germany, France and Russia, providing an essential and fascinating resource for anyone interested in the theatre culture of this period. *Lovesick* brings together six plays, each with individual introductions, including an author biography and a production history. The editor provides a contextual introduction to the volume offering valuable information about the ancestry of gay theatre and queer performance. The anthology reveals how 'sexual deviance' made its way into the drama of this time, and also how homosexual playwrights used comic or lyrical devices in order to celebrate a 'superior sensibility'.

The Oxford Encyclopedia of Ancient Greece and Rome -

Michael Gagarin 2009-12-31
The Oxford Encyclopedia of Ancient Greece and Rome is the clearest and most accessible guide to the world of classical antiquity ever produced. This multivolume reference work is a comprehensive overview of the major cultures of the classical Mediterranean world--Greek, Hellenistic, and Roman--from the Bronze Age to the fifth century CE. It also covers the legacy of the classical world and its interpretation and influence in subsequent centuries. *The Encyclopedia* brings the work of the best classical scholars, archaeologists, and historians together in an easy-to-use format. The articles, written by leading scholars in the field, seek to convey the significance of the people, places, and historical events of classical antiquity, together with its intellectual and material culture. Broad overviews of literature, history, archaeology, art, philosophy, science, and religion are complimented by articles on authors and their

works, literary genres and periods, historical figures and events, archaeologists and archaeological sites, artists and artistic themes and materials, philosophers and philosophical schools, scientists and scientific areas, gods, heroes, and myths. Areas covered include: · Greek and Latin Literature · Authors and Their Works · Historical Figures and Events · Religion and Mythology · Art, Artists, Artistic Themes, and Materials · Archaeology, Philosophers, and Philosophical Schools · Science and Technology · Politics, Economics, and Society · Material Culture and Everyday Life

Queering Creole Spiritual Traditions - Randy P

Lundschien Conner 2014-04-08

What roles do queer and transgender people play in the African diasporic religions? Queering Creole Spiritual Traditions: Lesbian, Gay, Bisexual, and Transgender Participation in African-Inspired Traditions in the Americas is a groundbreaking scholarly exploration of this

long-neglected subject. It offers clear insight into the complex dynamics of gender and sexual orientation, humans and deities, and race and ethnicity, within these richly nuanced spiritual practices. Queering Creole Spiritual Traditions explores the ways in which gender complexity and same-sex intimacy are integral to the primary beliefs and practices of these faiths. It begins with a comprehensive overview of Vodou, Santeria, and other African-based religions. The second section includes extensive, revealing interviews with practitioners who offer insight into the intersection of their beliefs, their sexual orientation, and their gender identity. Finally, it provides a powerful analysis of the ways these traditions have inspired artists, musicians, and writers such as Audre Lorde, as well as informative interviews with the artists themselves. In Queering Creole Spiritual Traditions, you will discover: how the presence of androgynous divinities affects both faith and practice in Vodou, Candomble, Santeria,

Downloaded from
legacy.opendemocracy.net
on 2021-06-28 by guest

and other Creole religions how the phenomenon of possession or embodiment by a god or goddess may validate queer identity and nurture gender complexity who practices the African-derived spiritual traditions, what they believe, and who their deities are how these faiths have influenced the art and aesthetic traditions of the West This landmark book opens a fascinating new world of thought and belief. The authors provide rigorous documentation and faultless scholarly method as well as personal experience and the testimony of believers. *Queering Creole Spiritual Traditions* sheds new light on two widely different fields: LGBT studies and the theology of the African diaspora. A thorough bibliography points the way to further study, and an extensive photograph gallery provides a unique look at the believers and their practices. Every library with holdings in queer theory, African mythology, or sociology of religion should have this landmark volume.

Who's Who in Gay and Lesbian History Vol.1 - Robert Aldrich
2005-10-25

Who's Who in Gay and Lesbian History: From Antiquity to the Mid-Twentieth Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid-twentieth century. Among those included are: * Classical heroes - Achilles; Aeneas; Ganymede * Literary giants - Sappho; Christopher Marlowe; Arthur Rimbaud; Oscar Wilde * Royalty and politicians - Edward II; King James I; Horace Walpole; Michel de Montaigne. Over the course of some 500 entries, expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages.

Vernacular Religion -

Deborah Dash Moore
2022-12-06

A comprehensive collection of the pioneering work of Leonard Norman Primiano, one of the preeminent scholars in religious studies In 1995,

Downloaded from
legacy.opendemocracy.net
on 2021-06-28 by guest

Leonard Norman Primiano introduced the idea of “vernacular religion.” He coined this term to overcome the denigration implied in the concept of “folk religion” or “popular religion,” which was juxtaposed to “elite religion.” This two-tiered model suggested that religion existed somewhere in a pure form and that the folk version transforms it. Instead, Primiano urged scholars to adopt an inductive approach to the study of religion and to pay attention to experiential aspects of belief systems, ultimately redressing a heritage of scholarly misinterpretation. Here for the first time, Leonard Norman Primiano’s pioneering works have been collected into one volume, providing a foundational look at one of the preeminent scholars of twentieth-century religious studies. Vernacular Religion makes visible the dimensions of vernacular religion in North America, exemplifying the richness of its ability to explain key facets of American society, including especially thorny

issues around race and sexuality. The volume also demonstrates a method of abiding engagement, the creation of ongoing relationships with those who are studied, and how the relationship between scholars and the communities they study inform an ethics of critical commitment—what Primiano calls an “ethnography of collaboration and reciprocity.” This posthumous collection, edited by Deborah Dash Moore, brings together key studies in vernacular religion that explore its expression among such varied groups as Catholics, LGBTQ Christians, and the followers of Father Divine. Vernacular Religion models empathetic ethnographic engagement that embraces American religion in all its rich diversity, illuminating Primiano’s enduring legacy.

[Studies in the Psychology of Sex, Volume 1](#) - Havelock Ellis
2021-01-01

Studies in the Psychology of Sex, Volume 1, is the first of six volumes by English physician

*Downloaded from
legacy.opendemocracy.net
on 2021-06-28 by guest*

Havelock Ellis. First published in 1897, the book is part of a huge study on sexuality. Ellis was also a pioneer in the study of psychedelic drugs, introduced the concepts of narcissism and autoeroticism, and published works on transgender psychology. He was in favour of feminism as he saw that the improved choices given to women would benefit humans overall. This first volume includes; The Evolution of Modesty; The Phenomena of Sexual Periodicity; and, Auto-Eroticism, a Study of the Spontaneous Manifestations of the Sexual Impulse. Full chapter list. № 67 in Anne Haight's List of Banned Books. Lesbian Histories and Cultures - Bonnie Zimmerman 2000 To reflect this crucial fact, The Encyclopedia of Lesbian and Gay Histories and Cultures has been prepared in two separate volumes to assure that both histories receive full, unbiased attention and that a broad range of human experience is covered."--BOOK JACKET. **Encyclopedia of Sex and Gender** - Carol R. Ember

2003-12-31

The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender, gender differences, gender roles, relationships between the genders, and sexuality. The encyclopedia is divided into two volumes: Topics and Cultures. The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for students, researchers and teachers interested in gender studies and cross-cultural variation in sex and gender. It deserves a place in the library of every university and every social science and health department. Contents:- Glossary. Cultural Conceptions of Gender. Gender Roles, Status, and Institutions. Sexuality and Male-Female Interaction. Sex and Gender in the World's Cultures. Culture Name Index. Subject Index. The Encyclopædia of Sexual Behaviour - Albert Abarbanel 1961
