*From Logic to Art - Gerhard Ernst 2013-05-02*

Nelson Goodman (1906-1998) was one of the outstanding thinkers of the 20th century. In a memorial note, Hilary Putnam considers him to be "one of the two or three greatest analytic philosophers of the post-World War II period". Goodman has left his mark in many fields of philosophical investigation: Epistemology, Philosophy of Science, Logic, Metaphysics, the General Theory of Symbols, Philosophy of Language and

Philosophy of Art, all have been challenged and enriched by the problems he has shown up, the projects he developed from them and the solutions he has suggested. In August 2006 a couple of Goodman aficionados met in Munich to celebrate the Centennial. The proceedings of the ensuing international conference are documented in this volume. The contributions attest the fact that Goodman's thinking still holds many treasures.

**The Mythic Chinese Unicorn** - Jeannie Thomas Parker 2018-01-29

This is the first book in the English language to explore the origin and significance of the mythic Chinese unicorn and its influence on later unicorn myths. It proves, beyond a shadow of a doubt, that the Chinese unicorn was not the qilin, but a one-horned female goat-like beast called the zhi (pronounced jhuhr). It also examines the real animals upon which the myth was based. Its most significant finding, however, is that the unicorn zhi was the ultimate symbol of justice under the law in ancient China. Making judicious use of all available evidence, historical, epigraphical, archaeological, art historical and scientific, this book explains how the myth of the unicorn began in China and then gradually spread to other parts of Asia and Europe.

**Our Human Herds** - Stephen Martin Fritz 2020-09-04

Our Human Herds presents a new theory in moral and political philosophy, called "dual morality." The theory proposes that just as the physical senses of sight, smell, taste, touch and hearing evolved to help us navigate our physical environment, two independent moral senses evolved to guide us to success in our social world. One prioritizes cooperation; the other, competition. The first bases moral justification on the egalitarianism that emphasizes our equal worth; the other finds moral justification in the inequalities that allow us to distinguish better from worse. "Liberal" and "conservative" are merely the names given to the political manifestations of these two forms of moral expression, just as "socialist" and "capitalist" describe their economic manifestations, and "personality" and "character" their psychological ones. Our Human Herds addresses what it means to be a human being, why we fight about the things that divide us, and why we unite behind the ideas that draw us together. The book examines all aspects of human social behavior, revealing how and why we often disagree in our approaches to education, history, war, crime, pleasure, happiness, politics, science and religion. "This is a learned, thoroughly researched study - and dazzlingly bright. The effervescent approach to writing makes its pages fly by ... Studies as brilliant as this one deserve a far wider audience. An engrossing and mind-expanding examination of morality" -Kirkus Reviews

Book Review: A vast philosophical study charts the shifting moral landscape while tackling the weightiest question of human existence: what is the meaning of life? Humanity's moral framework remains in a constant state of reconstruction. As the author points out in his opening chapter: "Two hundred years ago if a woman was raped and became pregnant we'd kill the rapist and spare the baby. Today, we spare rapist and kill the baby. Centuries ago many cultures condoned polygamy; today we put people in jail for it." Over the course of this weighty tome, which is just shy of 1,000 pages, the author ponders what morality is (with an emphasis on humans as grouping or "herding" creatures) and the causes of its flux and reflux. Furthermore, there is an attempt to reconcile opposing philosophical theories by introducing a new conceptual model called "Dual Morality," proposed as an "all-encompassing blueprint of human morality." The study is logically structured, divided into four sections: "The Theory of Dual Moralism," "The Explanation" (including investigations of the group and the self), "The Derivations" (which considers family, country, religion, and science/nature/technology), and finally "The Extrapolations" (a far-reaching look at everything from pleasure and happiness to suicide, murder, and abortion). The author possesses the rare skill of being able to explore himself with an enviable ease, drawing on palatable references to popular culture. For example: "Comedian Woody Allen said he laughs at his own jokes when they first come to him because humor originates in the unconscious. When his conscious mind hears them for the first time, it is as if they came from another place, and so we are, in a way, an audience to our own humor." This approach, applied throughout, makes complex ideas not only accessible, but entertaining and enjoyable as well. The result is far from the predictable, dry academic thesis. This is a learned, thoroughly researched study—and dazzlingly bright. The effervescent approach to writing makes its 951 pages fly by. Fritz's dedication is to "that miniscule fragment of humanity who read books like this." Studies as brilliant as this one deserve a far wider audience. An engrossing and mind-expanding examination of morality. -- Kirkus Indie, Kirkus Media LLC, 6411 Burlinson Rd., Austin, TX 78744 indie@kirkusreviews

**Thick Concepts** - Simon Kirchin 2013-04-25

An international team of experts explores the distinction between 'thin' concepts (general, evaluative terms like 'good' and 'bad') and 'thick' concepts (more specific concepts, such as 'brave', or 'rude'). Their essays touch on key debates in metaethics about the evaluative and normative, and raise fascinating questions about how language works.

**Unicorns I** - Gardner Dozois 2013-03-25

Sixteen magical tales about the most wondrous of all creatures. A collection of tales of fantasy featuring the legendary unicorn. "The Spoor of the Unicorn" by Avram Davidson "The Silken-Swift" by Theodore Sturgeon "Eudoric's Unicorn" by L. H. White At the publisher's request, this title is sold without DRM (Digital Rights Management).

**Conceptual and Ethical Challenges of Evolutionary Medicine** - Ozan Altinok 2023-12-13

This book analyses the concept of disease, as defined in the context of evolutionary medicine. Upon introducing the reader to evolutionary medicine in its current form and describing its approach to disease instances, the book leverages thoughts and instruments of knowledge of epistemology, social sciences, and ethics to answer the question: "How can we build a timely and appropriate concept of disease?" At first, it looks at the social concerns of medicalization, for example focusing on the suffering of people who have not been diagnosed, or whose suffering is not caused by certain elements that falls under the definitions of disease. In turn, it merges different, both conceptual and empirical considerations in one comprehensive analysis, with the aim of fostering a multidisciplinary understanding of the phenomenon of disease. This book also highlights certain kinds of epistemic injustices that are taking place in the healthcare system, as this is currently conceived in post-industrial societies, thus offering a timely contribution to the current debate around social justice in healthcare.

**Rainbows But Not Unicorns: My Adoption Truth** - Mae Claire 2016-01-28

Adoption is complicated because it begins with loss. Like an onion, there are so many layers to peel back to get to the heart of each individual story. Children don't ask to be adopted, nor do they ask to have their entire world turned upside-down. Children don't look through a catalog to choose their "perfect" family. Adoptive Parents do. Has your adoption journey been tough? Will there be a light at the end of it? A rainbow? A Unicorn? Did you drink the adoption Kool-Aid?

**Peacocks, Chameleons, Centaurs** - Wayne Brekhus 2003-10

What does it mean to be a gay man living in the suburbs? Do you identify primarily as gay, or suburban, or some combination of the two? For that matter, how does anyone decide what his or her identity is? In this first-ever ethnography of American gay suburbanites, Wayne H. Brekhus demonstrates that who one is depends at least in part on where and when one is. For many urban gay men, being homosexual is key to their identity because they live, work, and socialize in almost exclusively gay circles. Brekhus calls such men "lifestylers" or peacocks. Chameleons or "commuters," on the other hand, live and work in conventional suburban settings, but lead intense gay social and sexual lives outside the suburbs. Centaurs, meanwhile, or "integrators," mix typical suburban jobs and homes with low-key gay social and sexual activities. In other words, lifestylers see homosexuality as something you are, commuters as something you do, and integrators as part of yourself. Ultimately, Brekhus shows that lifestyling, commuting, and integrating embody competing identity strategies that occur not only among gay men but across a broad range of social categories. What results, then, is an innovative work that will interest sociologists, psychologists, anthropologists, and students of gay culture.

**Rainbow Party** - Paul Ruditis 2008-06-24

Rainbow Parties. Are they real? Who's going? GIN and SANDY One's been with all the guys, one's terrified of them. It's Gin's party; she invited everyone. ALLISON President of the Celibacy Club. What's she thinkin'? HUNTER and PERRY Friends...with benefits. JADE Hanging on to it for the right guy. SKYE and ROD Totally doing it, totally curious. VI Skye's BF who has it for Rod. The party could change everything. RUSTY and BRICK One thinks he's a playah. One's built like it. Neither's getting any. ASH and ROSE The class couple, not ready yet. So why are they going? Would you? Rainbow Party is a cautionary tale about a group of teens faced with the prospect of attending a party involving oral sex. The novel spotlights each of their diverse viewpoints in the hours leading up to the party. It explores what each teen has -- and has not --

been up to sexually, and why. And ultimately, why they would consider going to a party like this in the first place. This book addresses important and timeless issues relevant to teens, including self-esteem, peer pressure, awareness about STD protection, and making an informed and educated decision about readiness for sexual activity. It was inspired by numerous news reports about the prevalence and attitudes among teens towards certain types of sexual behavior, and is intended to engage readers in this real-life issue in a responsible and constructive fashion.

[The Courage to Feel](#) - Andrew Seubert 2021-05-11

Many people live partial lives, keeping their vitality under emotional mufflers and living life without ever feeling like an adult. The Courage to Feel delivers a pragmatic, creative and inspiring four-step path to emotional mastery and freedom that explores the hidden wealth of guidance and wisdom available through our emotions. Each chapter includes anecdotes, applications and exercises to anchor the teachings along with the charming allegory of Simon the Turtle who must leave his shell to follow his heart is woven throughout the book. Based on the authors 25+ years' experience with thousands of clients, this book will launch you on a journey that leads to personal freedom, happier marriages, improved work relationships, and deeper spirituality.

[200 Words to Help you Talk about Sexuality & Gender](#) - Kate Sloan 2022-11-03

If you have ever felt at a disadvantage when joining in a conversation on a subject that you aren't confident about, this new series is for you. Each book features definitions of two hundred words frequently used to describe and discuss a smart subject. Gender and Sexuality can seem like a big subject to decode. Let Kate Sloan guide you through it.

**Sexuality in Greek and Roman Culture** - Marilyn B. Skinner 2013-08-19

This agenda-setting text has been fully revised in its second edition, with coverage extended into the Christian era. It remains the most comprehensive and engaging introduction to the sexual cultures of ancient Greece and Rome. Covers a wide range of subjects, including Greek pederasty and the symposium, ancient prostitution, representations of women in Greece and Rome, and the public regulation of sexual behavior Expanded coverage extends to the advent of Christianity, includes added illustrations, and offers student-friendly pedagogical features Text boxes supply intriguing information about tangential topics Gives a thorough overview of current literature while encouraging further reading and discussion Conveys the complexity of ancient attitudes towards sexuality and gender and the modern debates they have engendered

[Raised By Unicorns](#) - Frank Lowe 2018-06-12

"I am honored to recommend this book to ALL parents. . . . [I]t relates to all families, tolerance, and love." — Greg Berlanti, writer, producer, director "Raw and unfiltered. . . Lowe breaks new ground, highlighting the dire need for further exploration. 5 Hearts." — Foreword Reviews "[A] powerful eye-opener." — Amanda Hopping-Winn, chief program officer, Family Equality Council "Raw, personal, and uncensored, this must-read book gives us insight as to what it's like to be raised by same-gender parents and how that can impact one's life." —Eric Rosswood, author of The Ultimate Guide for Gay Dads and Journey to Same-Sex Parenthood In recent years, the world has been saturated by endless blogs, articles, and books devoted to the subject of LGBTQ+ parenting. On the flip side, finding stories written by the children of LGBTQ+ parents is akin to searching for a needle in a haystack. Now that the world is more accepting than ever of non-traditional families, it's time to create a literary space for this not-so-unique, shared, but completely individual experience. In *Raised by Unicorns: Stories from People with LGBTQ+ Parents*, Frank Lowe has carefully edited an anthology that reflects on the upbringing of children in many different forms of LGBTQ+ families. From Baby Boomers to Generation Z, it features diverse stories that express the distinctiveness of this shared journey and of each particular family. It's visceral, raw, and not always pretty, but love is always the common thread. Lowe candidly reveals true accounts of this particular niche of humanity, while simultaneously creating a moving snapshot of the world in which we live. *Raised by Unicorns* guides the reader through an empathetic journey that is nothing short of compelling and poignant. We've all heard the phrase "raised by wolves." Now we have a window into the complex world of being *Raised by Unicorns*. [Hide-and-peek](#) - Charles H. Knickerbocker 1967

[The Wiley Handbook on the Theories, Assessment and Treatment of Sexual Offending](#) - Douglas P. Boer 2016-11-14

The Wiley Handbook on the Theories, Assessment and Treatment of Sexual Offending is a three-volume collection of up-to-date readings contributed by international experts relating to the assessment, intervention, and theoretical foundations of sexual offending. Includes in-depth and up-to-date assessment and treatment approaches for adult male, female, juvenile, and cognitively-impaired offenders Features contributions by leading experts in each specialized field from around the world including Bill Marshall, Bill Lindsay, and Tony Ward Offers cutting-edge theories of sexual offending, including the latest multifactorial and single-factor theories

**Zombies vs. Unicorns** - Holly Black 2015-07-28

It's the epic battle of brains against manes. Which side are you on? It's a question as old as time itself: which is better, the zombie or the unicorn? This all-original anthology edited by Holly Black (Team Unicorn) and Justine Larbalestier (Team Zombie) makes strong arguments for both sides in the form of spectacular short stories. Half of the stories portray the strengths—for good and evil—of unicorns, and half show the good (and really, really badass) side of zombies. Contributors include many bestselling authors, including Cassandra Clare, Libba Bray, Maureen Johnson, Meg Cabot, Scott Westerfeld, and Margo Lanagan. This anthology will have everyone asking: Team Zombie or Team Unicorn?

[Stranger in a Strange Land](#) - Robert A. Heinlein 2014-06-05

The original uncut edition of STRANGER IN A STRANGE LAND by Hugo Award winner Robert A Heinlein - one of the most beloved, celebrated science-fiction novels of all time. Epic, ambitious and entertaining, STRANGER IN A STRANGE LAND caused controversy and uproar when it was first published and is still topical and challenging today. Twenty-five years ago, the first manned mission to Mars was lost, and all hands presumed dead. But someone survived... Born on the doomed spaceship and raised by the Martians who saved his life, Valentine Michael Smith has never seen a human being until the day a second expedition to Mars discovers him. Upon his return to Earth, a young nurse named Jill Boardman sneaks into Smith's hospital room and shares a glass of water with him, a simple act for her but a sacred ritual on Mars. Now, connected by an incredible bond, Smith, Jill and a writer named Jubal must fight to protect a right we all take for granted: the right to love.

**WomanSpirit** - 1979

**Necessary Magic** - Val St. Crowe

She's a former thief. He's an enslaved werewolf. Together, they will change everything. Seventeen years ago, the human realm collided with a magic world. Now, the land is fractured between opposing factions. The witches rule the cities. Werewolves live under the boot of the witches. And unicorns and fugitive humans roam the abandoned wilderness. Once, Bree West was a scavenger and thief. Now, she leads a group of wild unicorns. Bonded to the powerful beasts, she is awed by both their ethereal beauty and their savage grace. The unicorns are the only things the witches fear. Bree and her herd, organized and strong, are a threat the witches can't tolerate. Once, Jack Bastian tried to resist being the witches' plaything. Now, the werewolf does what he's told, seduces who he's asked, and doesn't give a damn who he hurts or how his body is used. He's good, too. There's not a witch in the city that can resist Jack's charms. The high witch is sure he'll be able to make quick work of Bree. After all, there's only one thing that can sever the bond between a virgin and her unicorns. Usually, Jack wouldn't give a damn. But then he sees Bree. And everything changes. For fans of Anne Bishop, Laurell K.
