*What's a Smart Woman Like You Doing at Home?* - Linda Burton 1992

At the forefront of a revolution in American motherhood, the second edition of *WHAT'S A SMART WOMAN LIKE YOU DOING AT HOME?* is an inspiring & affirming book that celebrates the challenges & triumphs of being a mother at home, & refutes stereotypes such as "supermom," "housewife" & "working mother." *SMART WOMAN* reveals what today's mothers are really feeling through thoughtful analyses of social trends, poignant essays & real life stories. Using quotes excerpted from many of the candid & unsolicited letters received, the authors expose the gap between what the media often says about mothers & what mothers say about themselves. The publisher, Mothers at Home, is a non-profit organization founded in 1984 to offer support to mothers across the country who consciously choose to devote their exceptional skills & good minds to nurturing their families. For nine years, Mothers at Home has published *WELCOME HOME*, a monthly journal with a readership of over 30,000. They continuously receive volumes of mail, hearing from thousands of women. In 1991, Mothers at Home published *DISCOVERING MOTHERHOOD*, a collection of essays written by mothers about the challenges & joys of motherhood. The first edition of *SMART WOMAN*, published in 1986, sold over 20,000 copies. Just revised, the authors have included updated statistics on who today's mothers at home really are. They offer public policy recommendations for creating a society that supports all mothers. Today, the choice to be at home may well be the most controversial one woman can make. What once seemed natural now invites open criticism. *SMART WOMAN* affirms the importance of nurturing & mothering, & speaks to the millions of mothers who have rejected some of the popular assumptions about their own careers & instead have chosen to put their children first without putting themselves last.

**A Woman Like Me** - Xi, Xi 1998

*A Woman Like Me* - Bettye LaVette 2012-09-27

Acclaimed R&B singer Bettye LaVette celebrates her storied career in show business with her stunning memoir, *A Woman Like Me*, and her

new album, *Thankful N' Thoughtful*. As a teenager in Detroit, Bettye LaVette had a hit single with "My Man—He's a Lovin' Man." By the time she was twenty, she had faded back into obscurity and was barely surviving in New York City. For the next forty years, despite being associated with legends such as Aretha Franklin, Otis Redding, Marvin Gaye, and James Brown, she remained relatively unknown outside a circle of devoted fans. Every time it seemed that her dream of stepping into the spotlight was finally coming true, bad luck smashed her hopes, again and again. Then, after a lifetime of singing in clubs and lounges, her unforgettable televised performances at the 2008 Kennedy Center Honors and at President Obama's pre-Inaugural Concert at the Lincoln Memorial in 2009 won her the recognition she had sought for her entire life. Bettye LaVette's career has been a one-of-a-kind roller-coaster ride through the world of music; it has taken her from the peaks to the pits and back. In this unflinchingly honest memoir, she boldly recounts her freewheeling childhood—her parents ran an illegal liquor business out of their living room, which was frequented by some of the top acts of the forties and fifties—her short-lived conquest of the R&B world in the 1960s, her decline into poverty and despair, and her recent comeback and career revival, with two Grammy-nominated CDs and numerous appearances on major television talk shows. Poignant, brazen, and fearless, *A Woman Like Me* is a tour de force from one of the most outspoken female performers singing today—and she's a force to be reckoned with.

*Women Like Us* - Jason Pomerance 2016-07-26

Susan Jones, a brash and ballsy chef who hopscotches from one demanding restaurant job to the next, was barely in her twenties when she married and had a son, Henry. But after her marriage to Andrew fell apart, she ceded most of the raising of the baby to her mother-in-law, the very opinionated Edith Vale, a woman as formidable and steely as her stiff blond bouffant, the veritable helmet that helps her soldier through life. Now, after letting Henry drift away, Susan is determined to make things right. But just as mother and son seem to make headway after embarking on a cross-country road trip, things take a dark turn. When

the family reconvenes in California, everybody must fight to find courage and humor in the face of a situation that threatens to change them all forever.

**A Woman Like Me** - Diane Abbott 2024-09-19

From challenging expectations as a bright and restless child of the Windrush generation to making history as the first elected Black female MP in the UK, Diane Abbott has seen it all. In this honest and moving memoir, Diane takes the reader through her incredible journey. She paints a vivid picture of growing up in 1960s North London with her working-class Jamaican parents, before entering the hallowed halls of Cambridge University to study history. Ever since the day she first walked through the House of Commons as the only state-educated Black woman MP, she has been a fearless and vocal champion for the causes that have made Britain what it is today. From increasing access to education for Black children and speaking out against the Iraq war to advocating tirelessly for refugees and immigrants, Diane has long been at the forefront of cultural change in Britain. Written with frankness and often wry humour, *A Woman Like Me* is an inspirational account that celebrates how one woman succeeded against massive odds to build an extraordinary legacy.

*What Can God Do With a Woman Like Me?* - Patricia C Gallagher 2016-04-07

Excerpt from: WHAT CAN GO DO WITH A WOMAN LIKE ME? I never thought that I would be wandering around cities at 11 pm passing out angel pins. But there I was, meeting people who needed hope, comfort and encouragement. People whose lives were sidetracked by addiction, homelessness and other very sad situations such as the lady who had been hit 50 times in the head. Even a man saying "No one will get hurt; I

need money for my baby." That isn't what I had in mind when I began my 7000 mile trek. I called my trip THE ANGELS ALONG THE WAY GOODWILL TOUR. Back in February of 2006, I decided to spend the summer traveling around the country passing out Team of Angels pins attached to an inspirational poem. I believed in myself and what I wanted to do but obstacles kept popping up -mainly the financial side of it. How would I travel? Where would I stay? How would I pay for food? And also the people side of it: the dream busters who whispered that I was going through an identity crisis - who does she think she is? The great white hope? She's just a middle-aged mom who needs to get her head out of the clouds and get a job! Maybe nobody was really saying that but that is how I felt when I told some people about my quest for adventure - angel pin style. So, off I went on the adventure of a lifetime. I was convinced that one little Team of Angel pin could make a difference. Over 125,000 people are wearing my angel pin now. It helped me at a time of despair - when I penned the words and made the gold trio of angels pin and called it The Team of Angels for the Overwhelmed.

**A Woman Like ME** - Niina Kabesa 2018-10-24

**Hope is a Woman's Name** - Amal Elsana Alh'jooj 2022-06-23

The fifth daughter in a patriarchal society, and an indigenous Bedouin in Israel, Amal came into this world fighting for her voice to be heard in a

community that did not prize girls. At birth it was only her father who looked at her and said "I see hope in her face. I want to call her Amal [hope] in the hope that Allah will give us boys after her." Five brothers were indeed to follow. Hope is a Woman's Name is a rare look at Bedouin life from the even rarer perspective of a Bedouin girl. Amal challenged authority from birth, slowly learning where her community's boundaries lay and how to navigate them. As a shepherd at the age of 6, Amal led her flock of sheep across the green mountains of Laqiya, her village in the Negev in southern Israel. Given such responsibility, though rarely recognition, Amal came to understand her community and forge her skills as a leader. Aged 13 and frustrated by the constraints put on her education as a girl, Amal set up literacy classes for the adult women in her village. She aimed to teach them not only how to read, but to value education itself: "I wanted them to taste an education so that they would never again deprive their daughters of one." This was the beginning of a lifelong career initiating projects that would help create change for the Bedouin - a minority within Israel's Palestinian minority - and for their women in particular. She established economic empowerment programmes for marginalized women, helped found an Arab-Jewish school, and created organizations to promote shared society. At every turn she had to face the challenges of tradition - as well as the prejudices of Israeli society - to create new possibilities that would allow women to empower themselves. Amal has learnt to embrace every aspect of her complicated identity - Bedouin, Arab, woman, Palestinian and Israeli citizen - to help create social change, build bridges with other communities and inspire hope. Hope is a Woman's Name is an intimate portrayal of a little-known culture and its strengths, values, morals and boundaries. It is a rare and moving story.

**Women Like Me: Breaking Through The Silence** - Kari Baxter  
2021-11-29

"Your silence will not protect you." Audre Lorde The Authors in volume four of Women Like Me - Breaking Through The Silence are powerful women. They know the damage that keeping secrets and not speaking up for yourself can do overtime. Every time a woman keeps silent, it teaches

the next generation of women that we still need to stay silent, to remain quiet. It's not healthy to keep secrets, even small ones. There can be a lot of anxiety and stress, which can lead to depression. You hold it in your mind and body. It's always in the back of your mind. When you release it through your voice or writing, you can let go and not be held down by it. Within this edition of Women Like Me (volume four), you are going to discover eleven women who decided not to hide anymore, to speak up for themselves, and to speak up for their loved ones. These are courageous women. They are Women Like Me and women like you, and they will no longer be silent.

**A Woman Like Me** - Onedia Nicole Gage 2020-05-07

I know that you are like me in many ways and that is SCARY. As a woman, we have many roles and jobs, desires and dreams, however we will only achieve those to which He consents. I am certain that He heard me but He tells me no or wait. At some point, He tells me yes and then we may be in real trouble. So if you are really like me, we are dangerous and in trouble. With that in mind, we need to heal. My prayer is that your healing is instrumental and inspirational to others whose paths you will cross. In the meantime, as you work through these questions, I hope that you also allow these words to minister to you so that you are whole emotionally and spiritually-better than ever before. Use these pages to address your authentic self in an outlandish manner. You are a bold, courageous, trustworthy, and special woman. You have a message but it is restricted underneath all of that hurt, pain, brokenness, devastation, and emptiness. Let this time be spent seeking God for all that He is and all that He wants for you. One of my favorite Bible verses is 1 Corinthians 13:13, the Message version, which reads: "Love extravagantly." This is a great time for you to remove the boundaries of your love and love outrageously with an understanding that you can NEVER run out. You are not the supplier of your own love. God is. Love because He loves you. Further, love heals. In this love and healing, you can overcome. Use this time to heal from everything. Surrender it all to God like you have never done before.

*Kiss Me on the Inside* - Janice Burkett 2014-01-01

Vibrant, beautiful, and outspoken, Keisha will stop at nothing to get what she wants, even if it means stepping over boundaries and betraying friendships. Prada, Gucci, D&G, and Louis V. are the only friends she needs. Her roommate, Nikki, finds out the hard way when she decides to pursue an education instead of hustling men for money. Keisha's motto is "It's all about me," and she takes offense at Nikki's decision. No one is supposed to outshine Keisha, so she orchestrates a vicious plan to derail Nikki's dream at any cost. Leaving her friendship in the dirt, Keisha doesn't hesitate to accept when her uncle approaches her with a job offer. He wants her to get a few artists to sign to his label, Top Dot Records. The art of seduction is something she has perfected, and with her beauty, she can hypnotize anyone into being her boy toy. She believes she's on the verge of a huge payday. Little does she know that she will have to work extra hard to get Bling to sign. He's a newlywed who is very much in love with his wife. His marriage means nothing to Keisha, and she will get him to sign a contract one way or another. Keisha takes the game a little too far when she decides to date two artists at the same time. To her it's all fun and games, but it soon becomes one of the biggest mistakes that could turn her comfortable, posh life into a war zone that might end up taking friends and family to the grave.

**Would Jesus Date A Woman Like Me?** - Brian Bolden 2015-02-11

Throughout the centuries, frustration, disappointment, and despair on both sides has created a great divide between black women and black men. In the world of relationships, it has become increasingly difficult for black women to make an emotional, spiritual, and psychological connection with black men. For many women, they don't even know how to begin to put on a different "hat" and often find themselves saying, "Why can't I find a good black man?" The truth of the matter is, many black women are sinking and drowning, according to many black men. On the other side of the spectrum there are black men who also have a considerable amount of scar tissue to deal with, not the least of which has been black women who are deceitful, disrespectful, high maintenance, materialistic gold diggers with "get paid" mentalities. The

end result is that many black men have become frustrated with black women and have also chosen to cross color lines in unbelievably large numbers. For those black men, having a strong Nubian queen by their side has become nothing more than a pipe dream they used to have. For them, dating outside their race is no longer taboo and no longer creates the innate feeling of betraying black women. Sadly, a lot of black men all over the country have lost love and respect for many black women. A lot of black men feel many black women have no idea how to love them, care for them, or nurture their men. They no longer believe that black women are good homemakers nor can they keep a peaceful home. This is an epidemic that has spread all over America. It is my sincere belief that the thoughts and ideas outlined in my book will help answer numerous questions with which black women continue to struggle regarding their relationships with men--particularly black American men, such as: Why will he bed me but not wed me? Why have many black women lost the love and respect of black men? Why are black men continuing to cross the fence in alarming numbers? Why are black men becoming more hesitant to approach black women? Are black men really intimidated by successful black women? Why are so many black men disappointed, discouraged, and frustrated with many black women? Why do many black men see black women as too difficult and too complicated to deal with? Why are some black men making a vow to never date or marry another black woman ever again? Why are many black women hitting home runs in their careers but striking out in their relationships and marriages? These are some of the questions that are answered in this book. This is why it was so important for me to write this book. I want to inform black women in America what they need to do to help restore the faith of good-quality black men. I want black women to understand that I am writing this book as a wake-up call. If I do my job well, perhaps these words will sufficiently energize the mind, heart, and soul of the amazing creation God called woman to stimulate positive behavioral change in her--or at least provoke a little thought. Now, I know I'm treading on thin ice here, but trust me when I say this book is not about bashing black women in America. It's a book about reality and truth. More often than

not, most of us do not like to hear the truth because it forces us to take a good look at ourselves, blemishes and all. The old adage, "The truth hurts," could certainly apply here. However, another old adage is also applicable: "The truth shall set you free." By writing this book, I truly hope to make it easier for black men and woman to come together as one. I want black women to understand that just because many black men have lost faith doesn't mean that we have given up on you. The reality is that sometimes we need to be challenged, and this book will definitely challenge many black women in America to take an introspective look at themselves.
