The Purity Myth - Jessica Valenti 2010-02

The United States is obsessed with virginity - from the media to schools to government agencies. This panic is ensuring that young women's ability to be moral agents is absolutely dependent on their sexuality. Jessica Valenti, executive editor of Feministing.com and author of *Full Frontal Feminism* and *Yes Means Yes*, addresses this poignant issue in her latest book, *The Purity Myth*. Valenti argues that the country's intense focus on chastity is extremely damaging to young women. Through in depth analysis of cultural stereotypes and media messages, Valenti reveals that powerful messages - ranging from abstinence curriculum to "Girls Gone Wild" commercials - place a young woman's worth entirely on her sexuality. Morals are therefore linked purely to sexual behavior, as opposed to values like honesty, kindness, and altruism. Valenti approaches the topic head-on, shedding light on chastity in a historical context, abstinence-only education, pornography, and public punishments for those who dare to have sex, among other critical issues. She also offers solutions that pave the way for a future without a damaging emphasis on virginity, including a call to rethink male sexuality and reframing the idea of "losing it." With Valenti's usual balance of intelligence and wit, *The Purity Myth* presents a powerful and revolutionary argument that girls and women, even in this day and age, are overly valued for their sexuality, and that this needs to stop.

Sex Object - Jessica Valenti 2016-06-07

New York Times Bestseller - An NPR Best Book of the Year "Sharp and prescient... The appeal of Valenti's memoir lies in her ability to trace objectification through her own life, and to trace what was for a long time her own obliviousness to it...*Sex Object* is an antidote to the fun and flirty feminism of selfies and self-help." — New Republic Author and Guardian US columnist Jessica Valenti has been leading the national conversation on gender and politics for over a decade. Now, in a darkly funny and bracing memoir, Valenti explores the toll that sexism takes from the every day to the existential. *Sex Object* explores the painful, funny, embarrassing, and sometimes illegal moments that shaped Valenti's adolescence and young adulthood in New York City, revealing a

much shakier inner life than the confident persona she has cultivated as one of the most recognizable feminists of her generation. In the tradition of writers like Joan Didion and Mary Karr, this literary memoir is sure to shock those already familiar with Valenti's work and enthrall those who are just finding it.

The Seven Necessary Sins for Women and Girls - Mona Eltahawy
2019-09-17

A bold and uncompromising feminist manifesto that shows women and girls how to defy, disrupt, and destroy the patriarchy by embracing the qualities they've been trained to avoid. Seizing upon the energy of the #MeToo movement, feminist activist Mona Eltahawy advocates a muscular, out-loud approach to teaching women and girls to harness their power through what she calls the "seven necessary sins" that women and girls are not supposed to commit: to be angry, ambitious, profane, violent, attention-seeking, lustful, and powerful. All the necessary "sins" that women and girls require to erupt. Eltahawy knows that the patriarchy is alive and well, and she is fed the hell up: Sexually assaulted during hajj at the age of fifteen. Groped on the dance floor of a night club in Montreal at fifty. Countless other injustices in the years between. Illuminating her call to action are stories of activists and ordinary women around the world—from South Africa to China, Nigeria to India, Bosnia to Egypt—who are tapping into their inner fury and crossing the lines of race, class, faith, and gender that make it so hard for marginalized women to be heard. Rather than teaching women and girls to survive the poisonous system they have found themselves in, Eltahawy arms them to dismantle it. Brilliant, bold, and energetic, *The Seven Necessary Sins for Women and Girls* is a manifesto for all feminists in the fight against patriarchy.

Expanding and Restricting the Erotic - 2020-06-08

The contributors in *Expanding and Restricting the Erotic* offer a multidisciplinary perspective on the ways in which what is considered acceptable within the realm of the erotic has altered over time to the current situation where the erotic is being both expanded and restricted.

Rethinking Rape - Ann J. Cahill 2001

Rethinking Rape applies current feminist theory to an urgent political and ethical issue to counter definitions of rape as mere assault Book jacket.

Asking for It - Kate Harding 2015-08-25

In the era of #metoo, a clear-eyed, sharp look at rape culture, sexual assault, harassment and violence against women--and what we can do about it. "A timely and brilliant book." (Jessica Valenti) Every seven minutes, someone in America commits a rape. And whether that's a football star, beloved celebrity, elected official, member of the clergy, or just an average Joe (or Joanna), there's probably a community eager to make excuses for that person. In *Asking for It*, Kate Harding combines in-depth research with a frank, no-holds-barred voice to make the case that twenty-first-century America supports rapists more effectively than it supports victims. From institutional failures in higher education to real-world examples of rape culture, Harding offers ideas and suggestions for how we, as a society, can take sexual violence much more seriously without compromising the rights of the accused.

Why Have Kids? - Jessica Valenti 2012

A high-profile feminist, and a mother herself, explores the question of whether or not to have children, and how having children changes the life of parents, often not for the better, in this modern world. 20,000 first printing.

Yes Means Yes! - Jaclyn Friedman 2019-03-05

This groundbreaking feminist classic dismantles the way we view rape in our culture and replaces it with a genuine understanding and respect for female sexual pleasure. In the original edition, feminist, political, and activist writers alike presented their ideas for a paradigm shift from the "No Means No" model--and the result was the groundbreaking shift to today's affirmative consent model ("Yes Means Yes," as coined by this book). With a timely new introduction, refreshed cover, and the timeless contributions of authors from Kate Harding to Jill Filipovic, *Yes Means Yes* brings to the table a dazzling variety of perspectives and experiences focused on the theory that educating all people to value female sexuality and pleasure leads to viewing women differently, and ending rape. *Yes*

Means Yes has radical and far-reaching effects: from teaching men to treat women as collaborators and not conquests, encouraging men and women that women can enjoy sex instead of being shamed for it, and ultimately, that our children can inherit a world where rape is rare and swiftly punished.

Yes Means Yes! - Jaclyn Friedman 2019-03-05

A Companion to Simone de Beauvoir - Laura Hengehold 2017-10-02

Winner of the 2018 Choice award for Outstanding Academic Title! The work of Simone de Beauvoir has endured and flowered in the last two decades, thanks primarily to the lasting influence of *The Second Sex* on the rise of academic discussions of gender, sexuality, and old age. Now, in this new *Companion* dedicated to her life and writings, an international assembly of prominent scholars, essayists, and leading interpreters reflect upon the range of Beauvoir's contribution to philosophy as one of the great authors, thinkers, and public intellectuals of the twentieth century. The *Companion* examines Beauvoir's rich intellectual life from a variety of angles—including literary, historical, and anthropological perspectives—and situates her in relation to her

forbears and contemporaries in the philosophical canon. Essays in each of four thematic sections reveal the breadth and acuity of her insight, from the significance of *The Second Sex* and her work on the metaphysics of gender to her plentiful contributions in ethics and political philosophy. Later chapters trace the relationship between Beauvoir's philosophical and literary work and open up her scholarship to global issues, questions of race, and the legacy of colonialism and sexism. The volume concludes by considering her impact on contemporary feminist thought writ large, and features pioneering work from a new generation of Beauvoir scholars. Ambitious and unprecedented in scope, *A Companion to Simone de Beauvoir* is an accessible and interdisciplinary resource for students, teachers, and researchers across the humanities and social sciences.

The Purity Myth - Jessica Valenti 2009-03-24

From the bestselling author of *Sex Object*, a searing investigation into American culture's obsession with virginity, and the argument for creating a future where women and girls are valued for more than sexuality. The United States is obsessed with virginity--from the media to schools to government agencies. In *The Purity Myth*, Jessica Valenti argues that the country's intense focus on chastity is damaging to young women. Through in-depth cultural and social analysis, Valenti reveals that powerful messaging on both extremes--ranging from abstinence-only curriculum to "Girls Gone Wild" infomercials--place a young woman's worth entirely on her sexuality. Morals are therefore linked purely to sexual behavior, rather than values like honesty, kindness, and altruism. Valenti sheds light on the value--and hypocrisy--around the notion that girls remain virgins until they're married by putting into context the historical question of purity, modern abstinence-only education, pornography, and public punishments for those who dare to have sex. *The Purity Myth* presents a revolutionary argument that girls and women are overly valued for their sexuality, as well as solutions for a future without a damaging emphasis on virginity.

Toward a Feminist Theory of the State - Catharine A. MacKinnon 1989

Presents the author's analysis of politics, sexuality and the law from the perspective of women. Using the debate over Marxism and feminism as a point of departure, MacKinnon develops a theory of gender centred on sexual subordination and applies it to the State.

Women, Sexuality and the Political Power of Pleasure - Susie Jolly 2013-06-13

This pioneering collection explores the ways in which positive, pleasure-focused approaches to sexuality can empower women. Gender and development has tended to engage with sexuality only in relation to violence and ill-health. Although this has been hugely important in challenging violence against women, over-emphasizing these negative aspects has dovetailed with conservative ideologies that associate women's sexualities with danger and fear. On the other hand, the media, the pharmaceutical industry, and pornography more broadly celebrate the pleasures of sex in ways that can be just as oppressive, often implying that only certain types of people - young, heterosexual, able-bodied, HIV-negative - are eligible for sexual pleasure. *Women, Sexuality and the Political Power of Pleasure* brings together challenges to these strictures and exclusions from both the South and North of the globe, with examples of activism, advocacy and programming which use pleasure as an entry point. It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all.

Yes Means Yes! - Jaclyn Friedman 2019

This groundbreaking feminist classic dismantles the way we view rape in our culture and replaces it with a genuine understanding and respect for female sexual pleasure. In the original edition, feminist, political, and activist writers alike presented their ideas for a paradigm shift from the "No Means No" model--and the result was the groundbreaking shift to today's affirmative consent model ("Yes Means Yes," as coined by this book). With a timely new introduction, refreshed cover, and the timeless contributions of authors from Kate Harding to Jill Filipovic, *Yes Means Yes* brings to the table a dazzling variety of perspectives and experiences focused on the theory that educating all people to value female sexuality and pleasure leads to viewing women differently, and ending rape. Yes

Means Yes has radical and far-reaching effects: from teaching men to treat women as collaborators and not conquests, encouraging men and women that women can enjoy sex instead of being shamed for it, and ultimately, that our children can inherit a world where rape is rare and swiftly punished.

Believe Me - Jessica Valenti 2020-01-28

What would happen if we believed women? A groundbreaking anthology offers a potent rallying cry and theory of change Harvey Weinstein. Brett Kavanaugh. Jeffrey Epstein. Donald Trump. The most infamous abusers in modern American history are being outed as women speak up to publicly expose behavior that was previously only whispered about -- and it's both making an impact, and sparking a backlash. From the leading, agenda-setting feminist editors of Yes Means Yes, Believe Me brings readers into the evolving landscape of the movement against sexual violence, and outlines how trusting women is the critical foundation for future progress. In Believe Me, contributors ask and answer the crucial question: What would happen if we didn't just believe women, but acted as though they matter? If we take women's experiences of online harassment seriously, it will transform the internet. If we listen to and center survivors, we could revolutionize our systems of justice. If we believe Black women when they talk about pain, we will save countless lives. With contributions from many of the most important voices in feminism today, Believe Me is an essential roadmap for the #MeToo era and beyond.

He's a Stud, She's a Slut, and 49 Other Double Standards Every Woman Should Know - Jessica Valenti 2009-07-31

Double standards are nothing new. Women deal with them every day. Take the common truism that women who sleep around are sluts while men are studs. Why is it that men grow distinguished and sexily gray as they age while women just get saggy and haggard? Have you ever wondered how a young woman is supposed to both virginal and provocatively enticing at the same time? Isn't it unfair that working moms are labeled "bad" for focusing on their careers while we shake our heads in disbelief when we hear about the occasional stay-at-home dad?

In *50 Double Standards Every Woman Should Know*, Jessica Valenti, author of *Full Frontal Feminism*, calls out the double standards that affect every woman. Whether Jessica is pointing out the wage earning discrepancies between men and women or revealing all of the places that women still aren't equal to their male counterparts--be it in the workplace, courtroom, bedroom, or home--she maintains her signature wittily sarcastic tone. With sass, humor, and in-your-face facts, this book informs and equips women with the tools they need to combat sexist comments, topple ridiculous stereotypes (girls aren't good at math?), and end the promotion of lame double standards.

OK Boomer, Let's Talk - Jill Filipovic 2020-08-11

"Particularly relevant in an election year...This book is full of data—on the economy, technology, and more—that will help millennials articulate their generational rage and help boomers understand where they're coming from." —The Washington Post "Jill Filipovic cuts through the noise with characteristic clarity and nuance. Behind the meme is a thoughtfully reported book that greatly contributes to our understanding of generational change." —Irin Carmon, coauthor of the New York Times bestseller *Notorious RBG* Baby Boomers are the most prosperous generation in American history, but their kids are screwed. In this eye-opening book, journalist Jill Filipovic breaks down the massive problems facing Millennials including climate, money, housing, and healthcare. In *Ok Boomer, Let's Talk*, journalist (and Millennial) Jill Filipovic tells the definitive story of her generation. Talking to gig workers, economists, policy makers, and dozens of struggling Millennials drowning in debt on a planet quite literally in flames, Filipovic paints a shocking and nuanced portrait of a generation being left behind: -Millennials are the most educated generation in American history—and also the most broke. - Millennials hold just 3 percent of American wealth. When they were the same age, Boomers held 21 percent. -The average older Millennial has \$15,000 in student loan debt. The average Boomer at the same age? Just \$2,300 in today's dollars. -Millennials are paying almost 40 percent more for their first homes than Boomers did. -American families spend twice as much on healthcare now than they did when Boomers were young

parents. Filipovic shows that Millennials are not the avocado-toast-eating snowflakes of Boomer outrage fantasies. But they are the first American generation that will do worse than their parents. “OK, Boomer” isn’t just a sarcastic dismissal—it’s a recognition that Millennials are in crisis, and that Boomer voters, bankers, and policy makers are responsible. Filipovic goes beyond the meme, upending dated assumptions with revelatory data and revealing portraits of young people delaying adulthood to pay down debt, obsessed with “wellness” because they can’t afford real healthcare, and struggling to #hustle in the precarious gig economy. *Ok Boomer, Let’s Talk* is at once an explainer and an extended olive branch that will finally allow these two generations to truly understand each other.

Unscrewed - Jaclyn Friedman 2017-11-14

An urgent account of sexual politics, feminism, and the rules of power in America—and a potent vision for the way forward. As a veteran feminist and agenda-setting sex educator, Jaclyn Friedman is on the frontlines of the war for equity between the sexes. In *Unscrewed*, Friedman brings her sharp expertise and incisive observations on the state of sexual politics to the fore, sparking a culture-wide rethink about sex, power and what we accept. With reportage and verve, *Unscrewed* builds a searing investigation into the state of sexual power in America, and outlines how to make real progress toward equality. Friedman reveals that the anxiety and fear women in our country feel around issues of their sexuality are not, in fact, their fault, but instead are side effects of what she calls our “era of fauxpowerment,” wherein women have the illusion of sexual power, with no actual power to support it. Exploring the fault lines where media, religion, politics, and education impinge on our intimate lives, *Unscrewed* breaks down the causes and signs of fauxpowerment, then gives readers tools to take it on themselves.

[What You Really Really Want](#) - Jaclyn Friedman 2011-10-25

In this empowering, accessible guide, Jaclyn Friedman—co-editor of *Yes*

Means Yes—gives young women the tools to decipher the modern world’s confusing, hypersexualized, sometimes dangerous landscape so they can define their own sexual identity. Friedman decries the hypocrisy and mixed messages of our culture (we’re failures if we don’t act sexy, but we’re sluts if we actually pursue sex; we need to be protected from rapists lurking in bushes, but deserve “whatever we get” if we have a drink at a party and wear a skirt), and encourages readers to separate fear from fact, decode the damaging messages all around them, and discover a healthy personal sexuality. Educational and interactive, *What You Really Really Want* includes revealing quizzes, creative exercises, and reality-based advice about sex and sexuality today. With Friedman’s informed advice to guide them, readers will build new skills for safely expressing their sexuality with lovers and explore effective ways to talk about tricky issues with family and friends—and learn how to make the world a little safer for everyone else’s sexuality along the way.

Whipping Girl - Julia Serano 2016-03-08

This classic manifesto is “a foundational text for anyone hoping to understand transgender politics and culture in the U.S. today.” (NPR) *Named as one of 100 Best Non-Fiction Books of All Time by *Ms. Magazine** In *Whipping Girl*, biologist and trans activist Julia Serano shares her experiences and insights—both pre- and post-transition—to reveal the ways in which fear, suspicion, and dismissiveness toward femininity shape our attitudes toward trans women, as well as gender and sexuality as a whole. Serano’s well-honed arguments and pioneering advocacy stem from her ability to bridge the gap between the often-disparate biological and social perspectives on gender. In this provocative manifesto, she exposes how deep-rooted the cultural belief is that femininity is frivolous, weak, and passive. In addition to debunking popular misconceptions about being transgender, Serano makes the case that today’s feminists and transgender activists must work to embrace and empower femininity—in all of its wondrous forms.
