A Typology of Domestic Violence - Michael P. Johnson 2010-09-01
Reassesses thirty years of domestic violence research and demonstrates three forms of partner violence, distinctive in their origins, effects, and treatments

Homicide and Severe Mental Disorder - Michael Farrell 2021-07-21
Homicide and Severe Mental Disorder: Understanding and Prevention provides a complete picture of how severe mental disorder can be assessed in cases of homicide, and how improved understanding can impact risk reduction and prevention. Michael Farrell brings together a wide range of material including theory, research, demographic data, case examples, enquiry reports, and practical strategies, providing clear examples throughout. Farrell draws on examples of homicide representing a great challenge to both comprehension and prevention - cases that have sometimes provoked media criticism of public policy and services and have aroused public anxiety. In seeking fuller understanding, the book takes an overview of severe mental disorder, homicide, and prevention, before introducing the approach of Situational Crime Prevention and related theory and discussing demographic features of perpetrators and victims. Turning to prevention, the text examines examples of research into homicides perpetrated by individuals with severe mental disorder. Insights from Situational Crime Prevention are applied to selected cases, and a wider view is then taken looking at the criminological features of means, motive, opportunity, and location. Organisational constraints and limitations of communication in services are considered, and cases illuminating the issues and challenges throughout the book are summarised in a structured end of volume glossary. As evidence and insights accumulate and cohere, they more clearly indicate preventive strategies. Homicide and Severe Mental Disorder will be of great interest to students, researchers, and teachers in psychiatry, psychology, and criminology, health and mental health professionals, criminal justice personnel, and those working with individuals with severe mental disorder.

Dangerous Liaisons - Claudia Moscovici 2011-11-15

What do Scott Peterson, Neil Entwistle and timeless literary seducers epitomized by Don Juan and Casanova have in common? They are charismatic, glib and seductive men who also embody the most dangerous human qualities: a breathtaking callousness, shallowness of emotion and the incapacity to love. In other words, these men are psychopaths. Unfortunately, most psychopaths don't advertise themselves as heartless social predators. They come across as charming, intelligent, romantic and kind. Through their believable "mask of sanity," they lure many of us into their dangerous nets. *Dangerous Liaisons* explains clearly what psychopaths are, why they act the way they do, how they attract us and whom they tend to target. Above all, this book helps victims find the strength to end their toxic relationships with psychopaths and move on, stronger and wiser, with the rest of their lives. *Trade-marks Journal* - 2000

NOT "Just Friends" - Shirley Glass 2007-11-01

One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

Red Flags - Wendy L. Patrick, PhD 2015-05-05

We all need emotional blinders: the etiquette that keeps society smoothly moving depends on it. But when you absolutely must rely on another person, you have to be able to assess them objectively. In RED FLAGS, author Wendy L. Patrick shares simple strategies anyone can use to spot deceptive or downright dangerous people who use ingratiation and social convention to draw in and lull victims. Readers will learn how even the most skeptical of us use rose-colored lenses on those around us, in three sections: -Blinded by Desire-from the alluring lenses of attraction and positive attention to the blindness of marital "bliss" and the distorted lens of delusion-Overlooking Red Flags in a Professional Setting-how reassuring proximity and the false security of credibility and similarity can lead to costly mistakes -Be Afraid of What You Can't See-the ultimate cost of wearing emotional blinders around the truly disturbed/criminal, from sexual predation to domestic abuse, stalking and cyberstalking. Readers will learn how to:-avoid selective attention-observe people over time (bad guys rely on first impressions)-ask questions: most people's favorite topic is themselves-cybersleuth to verify information and track down inconsistencies You need this book if you:-want to know if a potential boyfriend is trustworthy-are interviewing or hiring new employees-are selecting anyone to take care of your children-are lending money or property-have partners in business

Women Who Love Psychopaths - Sandra L. Brown 2009

Index of Specifications and Standards - 1960

Dangerous Liaisons - Red Flags of Dating and Relating - Marina Bakker 2016-07-26

This book is about relationships and how to cope . I thought he loved me - I believed him - How could he do this to me? These are common statements of despair from women who have been or are still romantically involved with a dangerous liaison. Unfortunately dangerous liaisons are everywhere. We have not been told who they are, the hurt and devastation they are capable of inflicting and, more importantly, how

to spot them. If you have suffered or are suffering a toxic relationship, it's time to take control and learn how to secure a loving intimate connection with a person who will truly love you. To achieve this you will need to change your thinking so you can begin to make different choices with who you interact with. Otherwise you will keep creating the ugly past and miss the opportunity to secure the love you deserve. Dangerous Liaisons is a MUST read, as it offers strategies to protect you from future involvement with the wrong people and, more importantly, will help you understand what love is and isn't. Marina Bakker is a psychotherapist, educator and author. Her speciality is in recovery from toxic relationships and interactions. Marina applies preventative and restorative therapeutic approaches founded in the areas of attachment therapy, neurobiology, relationship therapy and coaching to help her clients live fulfilling, confident and productive lives. Foreward writer SHIRLEY IMPELLIZZERI, PhD, is a clinical psychologist and author of Why Can't I Change? How to Conquer Your Self-Destructive Patterns and lives in Beverly Hills California.

The Secretary's National Conference on Fraud, Abuse, and Error - 1979

Bulletin of the Atomic Scientists - 1969-02

The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

Pedagogy, Presence, and Motivation in Online Education - Perez, Aaron Michael 2022-04-08

Online learning poses a multitude of challenges for educators as there are oftentimes limited resources, and in most cases educators are forced to rely on trial-and-error strategies. In the wake of the COVID-19 pandemic, an urgent need has risen for a better understanding of creating and maintaining an engaging digital classroom environment. Pedagogy, Presence, and Motivation in Online Education provides best practice techniques and utilizes analogies from brick-and-mortar

education to provide a conceptual framework to a better understanding of how online education functions and shows how to engage students and build a positive digital culture. Covering topics such as hybrid classrooms, self-directed learning skills, and principal leadership, this book is an excellent resource for educators of both higher and K-12 education, educational administration, pre-service teachers, government institutions, policymakers, researchers, and academicians.

Bulletin of the Atomic Scientists - 1972-09

The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

Prevent strategy - Great Britain: Home Office 2011-06-07

The Prevent strategy, launched in 2007 seeks to stop people becoming terrorists or supporting terrorism both in the UK and overseas. It is the preventative strand of the government's counter-terrorism strategy, CONTEST. Over the past few years Prevent has not been fully effective and it needs to change. This review evaluates work to date and sets out how Prevent will be implemented in the future. Specifically Prevent will aim to: respond to the ideological challenge of terrorism and the threat we face from those who promote it; prevent people from being drawn

into terrorism and ensure that they are given appropriate advice and support; and work with sectors and institutions where there are risks of radicalization which need to be addressed

Dangerous Liaisons - Choderlos de Laclos 2009

For the Marquise de Merteuil and the Vicomte de Valmont seduction is a game - the former lovers relish manipulating others to bring amusement to their jaded existences. While Valmont is determined to succeed in his conquest of a virtuous married woman, Merteuil challenges him to seduce an innocent convent girl who it to be married to her former lover. As their intrigues become increasingly duplicitous and they find their human pawns responding in ways they could not have predicted, the consequences prove to be more serious, and deadly, than the two conspirators could have guessed. Depicting decadence and moral corruption in pre-revolutionary France, Dangerous Liaisons (1782) is one of the most scandalous and controversial novels in European literature.

The Politics of Heroin - Alfred W. McCoy 2003

Introduction: A history of heroin ... Sicily : home of the Mafia -- Marseille : America's heroin laboratory -- Opium for the natives -- Cold War opium boom -- South Vietnam's heroin traffic -- Hong Kong : Asia's heroin laboratory -- The Golden Triangle -- War on drugs -- The CIA's covert wars
