Girls Like Us Gina Misiroglu 2010-10-14 We all have moments from childhood that have molded our perceptions of ourselves and our lives. In *Girls Like Us* forty accomplished and influential women share these tender and uplifting moments from their own childhoods and teenage years. Isabel Allende tells of her parents' priceless gift in encouraging her to express her creativity; Faye Wattleton describes how a checkered and difficult childhood shaped her into the determined leader she is today; novelist Amy Tan explores the life of a young girl and her relationship to her mother in *The Joy Luck Club*. The book includes photographs of some of the contributors at the age they appear in their stories, as well as brief biographies of each. *Girls Like Us* celebrates the poignant coming-of-age moments experienced by prominent women of this century. This book is a great anthology for everyone wishing to cultivate and remember what it is to be young again.

Search For Memories Gregory Steven Garbee *Tracing Memories* is the third work on the subject of detective investigation by author Dinh Mo after *If a snail has love* - download the eBook and *Close your eyes when you come* - download the eBook. With a logical writing style, unexpected details, deeply depicting the inner character of the main character from the main character to the supporting characters, from the main character to the villains, *Tracing Memories* gives you a unique experience. Curiosity in every page. In front of others, Han Tram is a handsome, cold and unapproachable man. He is cold and clear as snow, as calm as water in the dark night. In the eyes of everyone, he is a male god that is difficult to reach. Only in front of Bach Cam Hi, this world-renowned first-class police officer revealed his well-hidden delinquent nature. "Sit a little closer, I won't "eat" you, unless you ask." "I've never touched another woman. Do you need a physical examination?" "Bach Cam Hi, never leave me. Be with me every minute, every minute, every year, every month." He is the best criminal cop, also the worst criminal cop. In his heart, there was always an obstinate old man who loved her tirelessly.

The Girls' Guide to Conquering Middle School Erica Catherman 2018-10-16 The transition from elementary school to middle school skirts the borders of traumatic for many girls. Their bodies are changing, their moods are shifting, their friendships are tested, and boys can become a big distraction. Girls may begin to struggle with grades, behavior, and relationships with family and friends. How do they know what to do and what not to do in this new environment with new expectations? Erica and Jonathan Catherman offer girls ages ten to twelve the practical help they need to make the move to middle school as painless as possible. The "do this, not that" format covers a hundred relevant topics and situations middle school girls will face, including the first day, bullies, test taking, cell phone use, homework, gossip, leadership, respect, sports, PDA, and many more.

Understanding the Intersections of Race, Gender, and Gifted Education Nicole M. Joseph 2020-06-01 This book seeks to understand the complexities of talented and high-performing Black girls and women in STEM across the P-20 trajectory. Analogously, this volume aims to understand the intersections between giftedness, its identification, and racial, gender, and academic discipline identities. The dearth of literature on this subject suggests that Black girls and women have unique experiences in gifted programming, in large part because of factors associated with gifted programs in general. Key factors affecting Black students, and Black girls in particular, are identification and underrepresentation. These factors can be shaped by interlocking systems of racism, classism, gender bias, and other forms of oppression. Teachers in the P-12 educational system are the first identifiers for gifted programming and look for student characteristics, such as natural leadership, inquisitiveness, and students' desire to be in gifted programs. Because many Black girls are stereotyped and teachers rarely have deep understanding of cultural differences, Black girls are less likely to be identified for gifted programming. More specifically, Black girls' lack of representation in gifted mathematics or STEM programs contradicts research that finds that girls reach several developmental advantages ahead of boys. For example, research has shown that girls talk and read earlier, receive higher grades in elementary school, and drop-out less often than boys. Other studies have also shown that Black girls have higher mathematics career aspirations than their White and Latina female peers; yet, they are rarely represented in gifted math and Advanced Placement (AP) math programs. Furthermore, the underrepresentation of urban, low-income African-American students in gifted education is related to low test scores, student and family choice, a lack of teacher referral, and a mismatch between home and school cultures. Some high-performing Black girls and women are participating in programs that nurture and support their racial and gender identities and contribute to them developing into strong and efficacious girls and women who have agency in their lives. This anthology includes studies that illustrate the complexities of intersectionality in various STEM programs, while also demonstrating that increasing access to STEM for Black girls and women is doable.

Schooled on Fat Nicole Taylor 2015-12-22 Winner of the Reader Views Literary Award, Societal Issues and the Reviewers Choice Best Non-fiction Book of the Year, Specialty Awards, *Schooled on Fat* explores how body image, social status, fat stigma and teasing, food consumption behaviors, and exercise practices intersect in the daily lives of adolescent girls and boys. Based on nine months of fieldwork at a high school located near Tucson, Arizona, the book draws on social, linguistic, and theoretical contexts to illustrate how teens navigate the fraught realities of body image within a high school culture that reinforced widespread beliefs about body size as a matter of personal responsibility while offering limited opportunity to exercise and an abundance of fattening junk foods. Taylor also traces policy efforts to illustrate where we are as a nation in addressing childhood obesity and offers practical strategies schools and parents can use to promote teen wellness. This book is ideal for courses on the body, fat studies, gender studies, language and culture, school culture and policy, public ethnography, deviance, and youth culture.

Peer Power Patricia A. Adler 1998 Children's peer culture, as it is nourished in those spaces where grownups cannot penetrate, stands between individual children and the larger adult society. As such, it is a mediator and shaper, influencing the way children collectively interpret their surroundings and deal with the common problems they face.

Counterbalance Carolyn Logan 1997-04-15 Like other composition readers, Counterbalance has as its primary purpose to improve thinking, reading and writing skills, recognizing throughout the degree to which these are inextricably interlinked. Where Counterbalance differs from almost all other composition readers is in the prominence it gives to writing by women. More and more of the writers in modern Western society are women and women now comprise a substantial majority of the students in many undergraduate courses. Yet most texts are eighty per cent or more comprised of writing by men. As its title suggests, this book acts as a counterbalance; over three-quarters of the essays are by women. The feminist stance of Counterbalance is unequivocal; an important aim of this text is to encourage students to question assumptions about gender. But for those to whom the word 'feminist' engenders immediate unease, it should be emphasised that the stance of the text is provocative and open-minded rather than strident or exclusionary; Audre Lorde and bell hooks are here, but so is George Orwell. The text is also designed as a counterbalance in other respects; many of the essays here explore issues of race, culture and class. Notions of correctness and issues of free speech and responsibility are also treated. As a whole the book is thus an invigorating and enormously wide-ranging spur to thought and discussion. Yet it avoids the scatter-gun approach so common to first-year collections; Counterbalance retains throughout a focus on language—perhaps the one area that all students, no matter what their backgrounds and interests, can connect to out of their everyday experience. The book's thesis is that we can all think more clearly and use language more effectively if we know not only something about the traditional areas of composition and grammar but also something about how language influences us. The essays selected demonstrate a variety of expository styles, organizations and methods of development. They are organized into seven chapters so as to present a coherent progression, moving from simpler essays on more familiar topics to more difficult concepts and writing assignments.

There Comes One Moment Once John F. McGrew 2002-11 THERE COMES ONE MOMENT ONCE There comes one moment in everyone's life when a challenging decision must be effected. Madrone High School principal James Malone's moment is complicated by the explosive forces he faces in heading a multi-racial high school in the 1960s drugs, sexual promiscuity, and turbulent racial relations. Madrone High is located in the San Gabriel Valley east of Los Angeles where race riots flared from Pasadena to Pomona. Prejudices presage a search for understanding. Accompanying the roller coaster action is a love story as Malone, a widower, finds a partner in a teacher, Sally Fielder, a former actress with a surprising past.

Sarah Kay Salter 2014-09-30 Meet Sarah. The protagonist of the Sarah Bowers series was fashioned after my granddaughter, Sarah Rude. Sarah grew up in Beaufort, where her life revolved around family, church, and friends, with emphasis on faith in God and traditional family values. Sarah graduated from Berklee College of Music in Boston, where she met her husband, Chris, also a graduate of Berklee. The couple, with Orville, their pet duck, live in Northridge, California.

Today's Wonder Women Asha Dahya 2020-03-18 Meet the women and female-identifying heroes who have defied death, flouted cultural norms, and risen above poverty to become CEOs, entrepreneurs, activists, role models, media moguls, and movement creators. This collection of stories, essays, and interviews celebrates their superpowers: love, determination, vision, and grit. These 50 women share their wisdom and advice in ways that will inspire you to discover your own superpower. Each story will transport you into the life and perspective of one who dares to challenge the status quo, dismantle barriers, and empower those around her: Alexa Carlin, a CEO at the age of 17, overcame a 1% chance of surviving sepsis and started the Women Empowerment Expo; Mariah Hanson, launched the Dinah, the world's largest party and music festival for lesbians; activist and gun control advocate Shira Tarantino founded the ENOUGH Campaign; Laverne Delgado is program director of Fashion & Freedom, an organization that rescues victims of sex trafficking and helps them learn skills to enter the fashion industry; plus dozens of other women who refused to accept societal limitations and whose achievements offer inspiring lessons for us all.

Book Girl and the Undine Who Bore a Moonflower (light novel) Mizuki Nomura 2013-01-22 "I've been kidnapped by a bad person. Bring a change of clothes and your homework and come save me!" Duped by this seemingly earnest summons from Tohko, Konoha finds himself forced to spend his summer break at the Himekura villa, writing snacks for his greedy club president. But the shadow of a tragedy from eighty years past threatens to destroy their otherwise peaceful summer! What is the "secret" that stirs the Book Girl's imagination?

The Missing Slipper Sandra Nikolai 2022 Amber McNeil has a psychic gift, and a secret... When Amber McNeil accepts a job as psychic consultant in the new cold case unit of the Montreal Police Service, she is immediately drawn to the Cinderella case. The similarities between a five-year-old girl's abduction and her own experience twenty years ago unnerves her. Amber's parents were killed while preventing her abduction, and she'll never stop blaming herself for their deaths. As she secretly investigates their murders along with the Cinderella case, she notices eerie parallels with a fairy-tale inference. Is it her imagination, or are the cases connected? Survivor's guilt, coupled with empathic sensitivities, overwhelm Amber as she delves further into both cold cases. The amethyst crystal tucked in her pocket calms her, though she wishes she didn't have to rely on it. But her greatest challenge yet is her partner. The handsome detective sergeant has no idea of her traumatic past. As a criminal profiler, he also views Amber's special ability as a non-starter when it comes to digging up solid evidence. Ultimately, Amber must decide if she will risk her life to snag the killer and prove her value. To accomplish that, she needs her partner's help. How can she persuade him to trust her insights when only she can perceive them?

The Mysteries of Reality Gayle Kimball 2021-03-26 Courageous scientists challenge the dominant paradigm of reality. Why are they so brave and what does their research reveal? What is reality? Is there more than we know from our five senses? Vanguard scientists believe there is more than we see so they formulate a non-materialist paradigm that expands human potential, to include mind and matter interaction. Since going against the dominant worldview provokes opposition, this book explores the personal backgrounds of the scientists to find out why they are so courageous. We learn that there is another dimension that allows for enhanced abilities. Based on interviews conducted by Gayle Kimball, *The Mysteries of Reality: Dialogues with Visionary Scientists* reports on the current research and personal characteristics of visionaries from around the world.

Professional Development in Relational Learning Communities Miriam B. Raider-Roth 2017 In this book, Raider-Roth offers an innovative approach to teacher professional development that builds on the intellectual strength and practical wisdom of practitioners. Focusing on nurturing relationships between and among participants, facilitators, subject matter, texts, and the school environment, this book helps educators create a repertoire of teaching approaches founded on sustained, deep, democratic, local, and active learning. The author demonstrates that, within the context of trustworthy relationships, teachers can better connect with all that they know about teaching, learning, and their own identities. This, in turn, enables them to act on what they know in the best interest of their students and leads to the kinds of lasting change and commitment that can move the teaching profession beyond training for a particular skill set. Book Features: Examples showing how the work of relational learning communities can improve teachers' practice. A focus on the cultural dimension in professional development for teachers. A view of teaching and learning as deeply relational and transformative. Strategies to help facilitators and participants create processes to best support a fertile learning environment. "An effective and powerful antidote to the usual models of PD, *Professional Development in Relational Learning Communities* is a thoughtful and engaging text that takes seriously the intellectual work of teachers and the importance of relationships in teacher learning." —Curt Dudley-Marling, professor emeritus, Boston College

Workin' Hard for the Money Ira Brant Sommers 2000 This book examines women's participation in the cocaine/crack economy of New York City. All the women are or were long-term drug dealers, not those who casually dealt drugs. In order to be included in the authors' study, a person had to have sold drugs for at least two years. Many of the respondents were involved in drug distribution for considerably longer periods. Thus, the voices heard here are of those who had substantial drug selling careers. The authors' seek to describe the lives of women drug dealers -- not so much from their point of view, as from the women's own. In the research undertaken, they sought to listen to the women and understand the cultural perspectives through which they created their lives. Thus, the women are represented as responsive subjects and present their world as close as possible to how they saw it. Throughout the book, the women describe their experiences through their own vernacular.

Intercountry Adoptees Tell Their Stories Heather Ahn-Redding 2007 *Intercountry Adoptees Tell Their Stories* reflects the thoughts and experiences of adult transracial adoptees. The authors conducted in-depth interviews in order to understand and examine the adoptees. The men and women interviewed in this study offer the readers a detailed and personal glimpse into their worlds. They represent a range of positive and negative adoption stories and describe the complexities of ethnic identity formation.

Tangled in Ivy Ashley Farley 2020-06-09 Escape to the South Carolina Lowcountry for a tale of true love and southern family dysfunction. Lillian Alexander has never understood her twin sister's animosity toward her. Their problems stem from childhood, from the traumatic day their mother died twenty-seven years ago. But Lillian remembers nothing about that day. Until their father dies and she encounters ghosts from her past who stir those long-suppressed memories. Why, if her mother's death was an accident, does Lillian harbor guilt, as though she were somehow to blame? When the Stoney twins learn the family fortune is gone, Lillian fights to save her ancestral home on Charleston's prestigious East Battery. Desperate to resolve her money problems and get answers to her questions about the past, she tears her father's study apart in search of clues. She discovers a thumb drive in a hollowed-out hardback copy of *For Whom the Bell Tolls*. The thumb drive, marked For Lillian in his handwriting, contains her father's memoir. Secluded in the family's cottage on Wadmaw Island, she immerses herself in her father's account of his stormy relationship with her mother. What she learns sets her on a journey of self-discovery. ". . . the story is endlessly intriguing, with enough plot turns that readers who predict one or two may still be surprised . . . The ending befits this realistic portrayal of love, family, and all the complications those two often engender . . . An absorbing fusion of a searing family drama with an unusual love story." --Kirkus Reviews
