**How To Get a Girl To Like You** - Willis Combs 2014-09-26

This is not a book about pick up lines, being taller, using pheromones, positive thinking B.S., or even going to the right places to meet single women. You see, the plain truth is that it is much more fruitful for you, if your work on making yourself attractive to women, than keep looking for the right places to meet women. If you can make yourself attractive to women, than you can effortlessly and naturally attract any and all women, regardless of any sausage fest conditions you may find yourself in. And without any hard work, black voodoo magic, or making a deal with the devil. In this book we will reveal all the dirty little secrets to making yourself attractive to every woman and shift your perspective from looking for women, to finding the right woman. Listen, there are 3 components we will go through in detail in this book, a philosophical, strategic, and behavioral component. You see, women aren't concerned with how good looking you are, or even how much money you make. This is why women date cheaters, criminals, and drug dealers. Look, if you can follow this simple guide to make yourself magnetic to every woman, it doesn't matter how good looking your are, your age, height, weight, ethnicity, race, religion, or creed. You will create recurring passive streams of sexy single women all banging on your door, wanting to hang out with you, date you, make out with you, and even sleep with you. In this book we will cover: - Why women like a-holes, jerks, and bad boys - How to talk to women - How to be confident - How to be a ladies man - How to destroy approach anxiety - Exactly what to say her - How to ask her out - The #1 attraction killer - And more. Warning Yes, a warning. This is a blunt revelation of the plain truth to attracting women, and making yourself a magnet to every woman. This will offend the herd and if you cling to the delusional belief that leprechauns ride unicorns on rainbows, and if only you make more money, get in shape, get taller, hypnotize her, or use the right pickup line then you will attract women, good luck. But if your ready to climb aboard and get on the fast track to using a simple proven, blueprint to effortlessly, and naturally attract women, let us commence at once.

*How To Attract Women With Humor* - Leonard Bustos 2013-09-16

I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words - simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also

compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad - and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.

**Get the Girl You Want** - Kym Kostos 2015-01-23

Men are always trying to figure out what attracts women to men. Women typically make references to appearance, finances and power. Although those things might help, there are many more influential characteristics that will entice women. Overall, women are much more insightful and seek out disposition a lot more than just attractiveness. This is lucky for almost all men due to the fact that men are rough looking. Nevertheless, rough is sometimes a good attribute because it indicates power and dependability. It also shows that women are caring about a lot more vital things than just looks. So, if you look a bit rugged and rough, there is no problem with that, use it to your advantage. Using Your Body Language to Attract the Ladies According to several researches, ninety percent of communication with each other that is non-verbal, is basically done through body language. This is exactly why men must have decent body language skills if you are to attract a woman. Acquiring good body language skills is something that takes time and practice if it doesn't come naturally to you. For example, don't slouch. Sit up straight enough to not look like a sloth, but not too straight that you look like a stiff stick. Keep your shoulders back as if a high wind was forcing you. Remember to keep your head up! If you are doing all of this right at this moment, chances are you are as anxious as a pole. The key to eye-catching body language is to be calm all the time, while having a very good stance. Keep Fit This shouldn't seem very difficult at all, but it seems to be. Keep your body in shape as well as your mind. If a woman sees that you can't take care of yourself, how will you ever manage to take care of her? Run, jog or walk at least thirty minutes a day and if you really want to impress her with your muscles, lift some weights every day as well. Whether it be free weights or dumbbells, get those flabby muscles toned! Also, meditate to relax your mind. You won't attract a woman being stressed out about work all the time. Show her that you are in control of your own elf and that you take stress with stride. This demonstrates strength and control. Your Social Status.....and much more!

Not on what women claim they want ("I just want a nice guy!") or what males, in general, believe women want ("Women only want men with money and cars!").

*How to Attract Women* - Leonardo Bustos 2015-09-10

*How to Attract Women* Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often

referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!
