Even then, the shuttering thought of being rejecting is one that most men would try to avoid at all cost. Rejection bounces from left and right and the good ones are usually hard to find. Dating Advice for Men - Who Are SHY and NERDY - Hanly Newman 2017-01-05
Approach Anxiety is the biggest killer to your self-esteem because you are always afraid to approach a girl you like. If you can't approach a girl, you can't get her number, you can't date her and when you can't date her you can't get into a relationship with her or sleep with her ! It all starts with your ability to successfully approach the woman you desire without getting rejected. Success with women is a numbers game. The

more women you approach, the greater the odds of you finding one that will be right for you. So if you can't approach girls, everything else will be all the more difficult. Stop being FRUSTRATED, ANGRY and SAD --- all because you don't have a girl in your life. LEARN HOW TO HANDLE and MANAGE your FEAR OF APPROACHING girls and get the girls of your dreams. Otherwise you might have to settle for less attractive girls, girls introduced by your parents, friends or work colleagues. However, as soon as you handle your FEAR to approach beautiful girls and engage her in a interesting and playful conversation -- you can get any girls. Moreover, in order to get the girl of your dream to become your girlfriend and eventually your wife, you'll need to change you first ! Look, the honest truth is IF YOU CAN'T APPROACH A GIRL and engage her in a playful conversation you are not going to get her phone number, you are not going to take her out on a date and

definitely you are not going to sleep with her or make her your girlfriend. HANDLING APPROACH ANXIETY IS THE MOST IMPORTANT skill you'll need to learn if you are ever going to be successful with women. If you keep doing what you've always done, you'll keep getting what you've always had -- that is being lovesick, LONELY, miserable and feeling dejected. Don't worry if you are currently feeling like you are not enough, because after you finish learning what I will teach you and put in practice the skills -- sooner you'll become the MAN THAT WOMEN FIND ATTRACTIVE ! So do yourself a favor - invest in your education and get this part of your life handle, so you'll never be LONELY and LOVESICK -- ever again. We both know that you don't want a cheap product, cheap products don't solve your problems. The key is not how much my product cost, the key is How Much is the Solution Worth to YOU ? In life, there is no such thing as a solution from being too expensive. There is only those

(You included if you take action) that will do what it takes to get your problem solved. I'm ready to do what it takes to get the problem solved for you. benefit”, who, with the maximum complicity of the case, looking in your eyes and holding your hand, will reassure you and push you towards new goals and seduction aims! FROM PAOLA’S INTRODUCTION Hello and welcome to the world of seduction for shy guys. Let me introduce myself: I am Paola, medium stature, brown hair with light eyes, I am a simple and joyful person, I have a job, a dog, hobbies and friends... well, I bet you recognized me: I’m here to guide you to the discovery of seduction. Sure enough, I was asked to write a book because, according to everyone, I am able to make men feel comfortable, creating a calm and enjoyable atmosphere. So, for this reason I’m addressing the people who like you, are shy and who would like to have a capable friend who could help breaking the ice with women. Maybe you’re thinking that you’re the only guy who’s not able to approach girls you like, and all around, you see over and over again less

attractive, interesting and funny men... always in company! Have you ever wondered what they have in addition in comparison with you? Do you think they have a secret move to make all girls go crazy for them? I can assure you that they do not have any secret move: often, you can win a woman over by using a word in the right moment, a nice action, a joke: well, the so-called soul willingness. You just have to put your terrible shyness apart (or use it in your favour: I will explain it!) Anyway, you have to know that you’re in good company: as a matter of fact, shyness is really common among you guys, and from my experiences, I convinced myself that this causes “blocks” when a man tries to approach a woman, even if inside he would do anything to talk to her calmly. Good, it’s time to make a break. I want to teach you how to overcome this problem, that right now could seem insuperable. We can also say that, nowadays, women seem free, strong, independent and

this could create a lot of confusion in men. Maybe as a child you grew up with stereotypes that clash with reality: it's true, there aren't any princesses waiting for the prince charming. But do not forget that little girls too used to read the same fairy tales, and every girl, deep inside, dream of living one. So, where is the catch? Believe me if I tell you that this is a matter of points of view. For example, did you know that shy people are great observers, reflective people and in general more intelligent than anyone else? You just have to find your strength points and turn them in your advantage. How? We will see how together. For now, you just have to consider that I will bring you out from your dolt shell, and after reading and putting into practice my advices, your relationship with women will improve in a surprising way. We will start by trying to understand what kind of shy man you are; then we will work together in order to turn you into a more self-confident man; we will take a

look at the female universe to understand in a better way women, their weak points, what they love and what they hate; then, I will show you some typical situation in which you can find yourself when it comes to approach a girl; I will explain to you what to do and what to say, and lastly I will give you some easy but also valid tricks to win the woman of your dreams over.

Dominic Mann 2017-06-23

Are you the kind of guy who seems to clam up and become painfully shy around pretty

girls? You know how it is.

You're perfectly comfortable around your friends and...

ahem... ugly women... .. but

as soon as a pretty girl walks by, you just seem to clam up

and become painfully shy. It's like you're a whole different

person! And it's frustrating as hell! If you wish you could stop

being so damn shy around

beautiful women and instead start being confident, sexy, and

able to charm her socks (and other articles of clothing...) off,

then this book will show you how. Learn step-by-step how to

go from uncomfortably shy to

confident, irresistible lady-charmer In the last year I've

been on 60 dates with 60 different girls. Even if you're

not a professional

mathematician, you can

probably agree with me that

that's a lot of dates. I'm

definitely not the most prolific dater of all time, but I'm

definitely not your average

wallflower either. At least, not anymore. I used to be terribly

shy. If you put me in the same room with a girl I'd clam up

and have absolutely no idea

what to do. I wouldn't open my mouth if you paid me a million dollars. And I might very well crap my pants on the spot. Which doesn't necessarily make a great first impression. I wrote this book for people like me. People that are great once you get to know them... but have a really hard time with first impressions and talking to new girls for the first time. If you've got a great personality but have a hard time opening your mouth and breaking out of your shell... you're in the right place. This book will show you how to get it on with the ladies totally nail an interaction with any girl. How To Get A Girl To Like You If Youre Shy

simple and proven techniques and strategies that will make you attractive to women...
From: John Dear Friend, Dating is a game but 95% of the men out there have no idea how to play it. It's true, dating is a numbers game and most guys' chances of success are slim. Don't get me wrong, everyone gets rejected...even the most attractive, hottest, richest most charming guys hear a "no" once in a while. But that's what dating is all about, it's a numbers game, a game of chance and... ..You Are About To Increase Your Chances Of Sweeping A Beautiful Woman Off Her Feet Ten Fold! How do I know? Because this used to be my life's story... It's funny when I think back to just a few months ago. I remember having no idea, no clue what so ever about what I was doing when trying to meet women. I was truly clueless, and like most men I had no idea why I was constantly getting rejected. But instead of giving up, which was not even an option, I started to learn. I started reading everything on

the subject of dating and attracting women I could get my hands on. I've spent thousands of dollars on dating courses and tips and got rejected a 100 times over just so I can learn about what I'm doing wrong. And after all that reading, listening to audio tapes and experience I have finally discovered the true methods and techniques to being successful in the dating game! Give Me Just A Few Minutes Of Your Time, And I Will Show You Exactly How You Too Can Have Beautiful Women Asking You For Your Phone Number! Like I said, dating is a numbers game and you are about to turn the odds in your favor! This can easily be accomplished by actually knowing what women look for in a man, what they are attracted to and carrying yourself the right way around girls. Because lets face it, dating is a very important game in your life...you might as well know how to play it! Here is just a small taste of what you are about to discover: - Why online dating is one of the

easiest ways to meet beautiful women if you are shy and afraid of face to face rejection (more and more women are choosing the safe environment of online dating sites as a way to meet men). - The qualities every woman no matter the race or age looks for and find absolutely irresistible in men. These qualities are not something you're born with, in fact they are extremely easy to get! - The absolute most important rules of the art of attraction. If you don't understand this, you are never going to be successful with women, no matter what you look like or how much money you have. - How to easily get rid of your fear of approaching and meeting women! This is something a lot of us guys have a problem with, and yet it is so easy to overcome. - How to become a first date professional. You'll need to learn this if you are planning on using this guide properly...because you will be going on a lot of first dates! - Everything you need to know about using online dating sites

the right way! From the first contact all the way to getting her to want to meet up with you. - A guaranteed way to get her begging you for a second date. You wont believe how powerful yet simple this technique is! - How To Honestly Date Multiple Women At The Same Time With No One Getting Hurt In The Process (if you are looking to have fun but at the same time don't want to hurt anyone this is something you absolutely must know). - Why most women would rather have a "bad boy" instead of a nice caring guy that's always there for her. And how you can be that "bad boy" without actually being bad. - Why catering to her every need from the moment you meet her will absolutely kill your chances of being anything more than her "talking friend". - Why compliments will not always get you past the pick up line, and how to really get a woman's attention when approaching her. - Why what you think girls want and what you have always been told girls

want (even by other women) is one of the biggest reasons most men's chances of sweeping a beautiful woman of her feet are next to nothing. - The 7 or so things a woman is really looking for when she meet a man. This is exactly what 95% of men out there are missing when they are trying to pick up girls. - The 14 essential rules you should always follow when dating. Follow these rules and your troubles with women are sure to disappear. - A list of the hottest online dating websites that will help you get a date every day of the week! - The complete guide to having a successful first date. Including where to go, how long to stay, what to talk about and how to behave. - The 4 things you should never talk about or even mention on a first date (bring this stuff up and you'll ruin everything!). - Easy ways to tell if a woman is truly interested in you or just being nice. - Easy ways to defeat your shyness and fear of approaching women that actually work! - And Much, Much more! I've read all the

books, listened to all the tapes and studied all the dating courses. I've spent thousands of dollars and gotten rejected over a hundred times trying to figure out what really works when it comes to meeting beautiful women. I've tried and tested all that I have learned, and now I know what really works and what women really find attractive! Sure, there are thousands of so called "sure" ways to try and attract women...but there are only a few that truly matter and work. And that is exactly what you'll get in the "How to seduce women" book. So how much is the "How to seduce women" worth to you? Remember, this guide will turn you from being shy and clueless around beautiful women to being a real pro. You will also learn what women really find attractive and how you can become the object of desire of all the beautiful women you want! This guide is full of only the proven and tested techniques, advice and ways to become successful at dating. It contains no BS and nothing you don't

need, just straight to the point no fluff information on turning your dating life around. How much is this worth to you? Just click on the order button, and you'll be reading the "How to seduce women" minutes from now... To Your Success, John
