**Reading Female Body Language** - Jaqueline Moeykens Cruz 2020-11-11

Have you ever thought everything was going great on a date, but then you never heard from your date again? Have you ever suspected that your date could be a manipulative gold digger or was lying to you? Do you have trouble telling the difference between someone flirting with you or just being friendly? The biggest problem that people have when dating is misunderstanding their date's interests, desires, or if they are attracted to them or not. Not being able to accurately read body language can lead you to disappointment, heartache, and much misunderstanding. Reading Female Body Language is an excellent tool towards

recognizing and validating unspoken behavior. This Illustrated book was written to help you to decode women's nonverbal cues, and be one step ahead in the dating field, creating significantly smoother and successful interactions. I will tell you what a woman means with no filters or sugar-coating. You will find a simple, relaxed, and explicit conversation in this book directed to men. But everyone can take advantage of this knowledge for self-validation, improvement of seduction skills, and a better understanding of their natural reactions. The better you use this skill in your interactions, the sexier you will be perceived. Master your body language to appear more seductive, attractive, and irresistible. Stop overthinking, get the

answers, and just interact easily, intensely, and pleasantly! Note: For scientific reinforcement, we will base our studies on the Facial Action Coding System, which is used by psychotherapists, interviewers, computer scientists for facial recognition, and animators from Apple, Pixels, and Disney. Talk to you inside on this adventurous journey!

body language? What can we learn from what people aren't saying? These are common questions. But although they are often asked, they aren't always clearly answered. Today, this book can change all that. It can give you precise guidelines on how to read people's signs and nonverbal cues. We will also discuss how most of the communication has some kind of root in our cultures, and how we can apply them in practical situations, whether it concerns flirting, job interviews, or other. On top of all this, one chapter is solely devoted to making eye contact, and all the effects of that. All of these topics are included. It's time to become more educated about them. Book 2: This book focuses on three important aspects of body language: Leadership, reading hints, and making eye contact. It sounds so simple, but these are three of the most important factors in conversations between two people, or in a group, and they define who we are, what message we convey, and how to interpret those messages every day. What is a

person thinking when he or she raises their eyebrows, lets shoulders slump, or crosses their arms? What does eye contact signify in different situations? Learn more. Find out what we are saying when we are not saying anything.

Our cues can either enhance our message or undermine it. In this entertaining and accessible guide to the hidden language of cues, Vanessa Van Edwards teaches you how to convey power, trust, leadership, likability and charisma in every interaction. Do you want to know how to start a conversation and instantly attract women mastering your conversation skills and your body language? If yes, then keep reading... Actions speak louder than words. There is a great deal of truth to this saying. Some people say that they're not scared or anxious, but by simply seeing the look on their face or in the way their legs fidget, you can tell that they aren't being entirely truthful. People, after you have hurt them by something you have said but have since apologized for, will tell you that they are already okay, but their refusal to look at you straight in the eye while talking to you tells you that in reality, they aren't okay, at least not yet. When it comes to dating, attracting, and flirting with women successfully, the ability to accurately read women's body language can spell the difference between going home disappointed and going home with her.
