The Dynamics Of Race And Gender - Haleh Afshar 2012-10-12

During the past decade, feminism and women's studies have been forced to acknowledge the diversities of women's experiences, as well as the patriarchal oppression that they share. The emphasis on difference has shattered the illusion of homogeneity and sisterhood which previously characterized white, middle-class Westernized feminist politics and analysis.; There is relatively little work which concentrates on the inter-relationships of race and gender in general, and the consequences of racism, for women of different backgrounds, in particular. "The Dynamics of Race and Gender" aims to contribute to the debate and understanding in this area. Emphasis has been given to age, class, disability, race and sexuality. The contributors to this volume are from different religious, cultural and ethnic backgrounds, giving a balanced and broad ranging perspective on this important social question.; Organized around three main themes, which are; issues of theory and method, questions of identity, racism and sexism at work, the chapters of this book indicate how the processes of race and gender interrelate in highly complex and contradictory ways. Demonstrating the benefits to be gained from analysing the interplay of various axes of differentiation in specific empirical and historical locations, and in doing so, under- scoring the point that diversity among women cannot be seen as a static phenomenon.

Replay - Kacey Shea 2018-03-12

Cocky and self-assured, I'm confident when it comes to my skills both on stage and in the bedroom. Everything in my life is perfect, even if I am the last single man standing in our famed rock band. But it wasn't always this way. Jayla knew me before I hit it big. Back when I was a skinny teen, chasing dreams without a penny to my name. Now she's back in my life and so much more than the girl I remember. Fiercely loyal. Beautiful and badass. She walked out of my life before, and I won't let that happen again. They say some songs are better on the second take, and if there's one thing I know for sure, this is our time for a replay.

Up Till Now - William Shatner 2009-04-28

After almost sixty years as an actor, William Shatner has become one of the most beloved entertainers in the world. And it seems as if Shatner is everywhere. In *Up Till Now*, Shatner sits down with readers and offers the remarkable, full story of his life and explains how he got to be, well, everywhere. It was the original *Star Trek* series, and later its films, that made Shatner instantly recognizable, called by name---or at least by Captain Kirk's name---across the globe. But Shatner neither began nor has ended his career with that role. From the very start, he took his skills as an actor and put them to use wherever he could. He straddled the classic world of the theater and the new world of television, whether stepping in for Christopher Plummer in Shakespeare's *Henry V* or staring at "something on the wing" in a classic episode of *The Twilight Zone*. And since then, he's gone on to star in numerous successful shows, such as *T.J. Hooker*, *Rescue 911*, and *Boston Legal*. William Shatner has always been willing to take risks for his art. What other actor would star in history's first---and probably only---all-Esperanto-language film? Who else would share the screen with thousands of tarantulas, release an album called *Has Been*, or film a racially incendiary film in the Deep South during the height of the civil rights era? And who else would willingly paramotor into a field of waiting fans armed with paintball guns, all waiting for a chance to stun Captain...er, Shatner? In this touching and very funny autobiography, William Shatner's *Up Till Now* reveals the man behind these unforgettable moments, and how he's become the worldwide star and experienced actor he is today. "It is now Bill Shatner's universe---we just live in it."---New York Daily News

Godber Plays: 1 - John Godber 2013-08-01

"John Godber is one of the unsung heroes of British theatre, reaching the giddy heights of number three in the most-performed playwrights league table, nestled in behind Shakespeare and Ayckbourn" - *Guardian Bouncers*, a play about nightlife: "A show that's worth braving any front of house, however formidable ... simply spellbinding" *Guardian Happy Families*: "The inseparable contradictions of family love and oppression are carefully held in this fine comedy ... superb characterisation ... the rhythms of Godber's dialogue are freshly funny, the pace precise" *Independent Shakers*, a play about party-goers: "This is one of those slices of life that everyone can recognise and laugh at" *Liverpool Daily Post*

Going All City - Stefano Bloch 2019-11-14

"We could have been called a lot of things: brazen vandals, scared kids, threats to social order, self-

obsessed egomaniacs, marginalized youth, outsider artists, trend setters, and thrill seekers. But, to me, we were just regular kids growing up hard in America and making the city our own. Being 'writers' gave us something to live for and 'going all city' gave us something to strive for; and for some of my friends it was something to die for." In the age of commissioned wall murals and trendy street art, it's easy to forget graffiti's complicated and often violent past in the United States. Though graffiti has become one of the most influential art forms of the twenty-first century, cities across the United States waged a war against it from the late 1970s to the early 2000s, complete with brutal police task forces. Who were the vilified taggers they targeted? Teenagers, usually, from low-income neighborhoods with little to their names except a few spray cans and a desperate need to be seen—to mark their presence on city walls and buildings even as their cities turned a blind eye to them. *Going All City* is the mesmerizing and painful story of these young graffiti writers, told by one of their own. Prolific LA writer Stefano Bloch came of age in the late 1990s amid constant violence, poverty, and vulnerability. He recounts vicious interactions with police; debating whether to take friends with gunshot wounds to the hospital; coping with his mother's heroin addiction; instability and homelessness; and his dread that his stepfather would get out of jail and tip his unstable life into full-blown chaos. But he also recalls moments of peace and exhilaration: marking a fresh tag; the thrill of running with his crew at night; exploring the secret landscape of LA; the dream and success of going all city. Bloch holds nothing back in this fierce, poignant memoir. *Going All City* is an unflinching portrait of a deeply maligned subculture and an unforgettable account of what writing on city walls means to the most vulnerable people living within them.

This Might HELP vol 2 - Coach David Verdu

Writing about music - Neil Pace 2016-04-28

I've been listening to music ever since I was small. A few years ago I started to write about it. I started to blog and to tweet and to generally annoy anyone who would care to read my secular evangelical rantings about Jonathan Richman, and my inexplicable love of kitschy popular music, disco, hip-hop and doo-wop. Very soon I was writing for the North East's premier music magazine NE:MM, which became the North East's premier music website. Most of my NE:MM album and gig reviews are included in 'Writing about music' - I've corrected most of the spellings, but I've left in all of the grammatical errors (I prefer to think of them as 'quirks'). Many of my interviews are here too, Roger McGuinn, Nils Lofgren, Matthew Healy, Ben Watt, Fish, Kathryn Williams, Duke Special, Penetration, Thomas Truax, Steve Hackett and Nick Heyward, who told me he thought Haircut 100 were going to become Britain's Talking Heads. There's other stuff too. Quite a few lists (let's face it, making lists is what middle-aged men do best) including my favourite 50 debut albums, which proved hugely controversial with three people on Twitter. And (by the way, I regularly start sentences with 'and'. If you're easily offended, please look away) there are some excerpts from another book that's in the pipeline. Quite a long way down the pipeline if I can be brutally honest.

Billboard - 1998-06-06

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Rock Music in American Popular Culture II - Frank Hoffmann 2015-12-22

From "Who Put the Bomp (in the Bomp, Bomp, Bomp)?" to a list of all song titles containing the word "werewolf," *Rock Music in American Popular Culture II: More Rock 'n'Roll Resources* continues where 1995's Volume I left off. Using references and illustrations drawn from contemporary lyrics and supported by historical and sociological research on popular cultural subjects, this collection of insightful essays and reviews assesses the involvement of musical imagery in personal issues, in social and political matters, and in key socialization activities. From marriage and sex to public schools and youth culture, readers discover how popular culture can be used to explore American values. As Authors B. Lee Cooper and Wayne S. Haney prove that integrated popular culture is the product of commercial interaction with public interest and values rather than a random phenomena, they entertainingly and knowledgeably cover such topics as:

answer songs--interchanges involving social events and lyrical commentaries as explored in response recordings horror films--translations and transformations of literary images and motion picture figures into popular song characters and tales public schools--images of formal educational practices and informal learning processes in popular song lyrics sex--suggestive tales and censorship challenges within the popular music realm war--examinations of persistent military and home front themes featured in wartime recordings Rock Music in American Popular Culture II: More Rock 'n' Roll Resources is nontechnical, written in a clear and concise fashion, and explores each topic thoroughly, with ample discographic and bibliographic resources provided for additional research. Arranged alphabetically for quick and easy reference to specific topics, the book is equally enjoyable to read straight through. Rock music fans, teachers, popular culture professors, music instructors, public librarians, sound recording archivists, sociologists, social critics, and journalists can all learn something, as the book shows them the cross-pollination of music and social life in the United States.

More Than Words: Song Lyrics Trivia - Brendan Deegan 2007-08-21

From selected key lyrics provided, name the song, artist, or composer, in this music trivia book. Chapters include WHAT'S NEW, GOLDEN OLDIES, TELEVISION'S GREATEST HITS, and WORST LYRICS EVER to name just a few. Whether you are eight or eighty, there is something here to challenge everyone. The open ended play structure lets you set the rules and challenge your friends. You will find yourself singing out loud as you try naming these classic songs. Never before has a book brought back so many memories and been so addictive. BE SURE TO TRY A FEW QUESTIONS IN THE BOOK PREVIEW!

- Theresa Swaim 2006-04-01

Terry Baker invites all into her life as she sets to reveal the most significant events of her past to her future, starting from her childhood to her adult years. She is the Reverend's child. The child who observes the growing dysfunction in her home while trying to stay above the water herself. The child who watches the lives of her brother's turn upside down, the change in a father whom she once idolized, while experiencing a change in herself she can't quite figure out. This story will make you laugh and it will make you cry but moreover, it will bring understanding into this tale, based on a true story, of a reverend's wayward, confused and lonely child.

Saturday Night Live & American TV - Nick Marx 2013-10-02

Thought-provoking and "undeniably interesting" essays on this cultural institution of comedy and what it says about our society (Booklist). Since 1975, "Live from New York, it's Saturday Night!" has greeted late night-TV viewers looking for the best in sketch comedy and popular music. SNL is the variety show that launched the careers of countless comedians, including Dan Aykroyd, Chevy Chase, Chris Farley, Will Ferrell, Tina Fey, Amy Poehler, and Adam Sandler. Week after week, SNL has produced everything from unforgettable parodies to provocative political satire—adapting to changing times decade after decade while staying true to its original vision of performing timely topical humor. With essays that address issues ranging from race and gender to authorship and comedic performance, Saturday Night Live and American TV follows the history of this iconic show, and its place in the shifting social and media landscape of American television.

Music in Comedy Television - Liz Giuffre 2017-03-27

The study of television and music has expanded greatly in recent years, yet to date no book has focused on the genre of comedy television as it relates to music. *Music in Comedy Television: Notes on Laughs* fills that gap, breaking new critical ground. With contributions from an array of established and emerging scholars representing a range of disciplines, the twelve essays included cover a wide variety of topics and television shows, spanning nearly fifty years across network, cable, and online structures and capturing the latest research in this growing area of study. From Sesame Street to Saturday Night Live, from Monty Python to Flight of the Conchords, this book offers the perfect introduction for students and scholars in music and media studies seeking to understand the role of music in comedy onscreen and how it relates to the wider culture.

The Grammar of Rock - Alexander Theroux 2013-02-16

Novelist and critic Alexander Theroux analyzes the pop song. National Book Award nominee, critic and one of America's least compromising satirists, Alexander Theroux takes a comprehensive look at the colorful

language of pop lyrics and the realm of rock music in general in *The Grammar of Rock*: silly song titles; maddening instrumentals; shrieking divas; clunker lines; the worst (and best) songs ever written; geniuses of the art; movie stars who should never have raised their voice in song but who were too shameless to refuse a mic; and the excesses of awful Christmas recordings. Praising (and critiquing) the gems of lyricists both highbrow and low, Theroux does due reverence to classic word-masters like Ira Gershwin, Jimmy Van Heusen, Cole Porter, and Sammy Cahn, lyricists as diverse as Hank Williams, Buck Ram, the Moody Blues, and Randy Newman, Dylan and the Beatles, of course, and more outré ones like the Sex Pistols, the Clash, Patti Smith, the Fall (even Ghostface Killa), but he considers stupid rhymes, as well — nonsense lyrics, chop logic, the uses and abuses of irony, country music macho, verbal howlers, how voices sound alike and why, and much more. In a way that no one else has ever done, with his usual encyclopedic insights into the state of the modern lyric, Theroux focuses on the state of language — the power of words and the nature of syntax — in *The Grammar of Rock*. He analyzes its assaults on listeners' impulses by investigating singers' styles, pondering illogical lunacies in lyrics, and deconstructing the nature of diction and presentation in the language. This is that rare book of discernment and probing wit (and not exclusively one that is a critical defense of quality) that positively evaluates the very nature of a pop song, and why one over another has an effect on the listener.

The Routledge Handbook of Critical Discourse Studies - John Flowerdew 2017-07-06

The Routledge Handbook of Critical Discourse Studies provides a state-of-the-art overview of the important and rapidly developing field of Critical Discourse Studies (CDS). Forty-one chapters from leading international scholars cover the central theories, concepts, contexts and applications of CDS and how they have developed, encompassing: approaches analytical methods interdisciplinarity social divisions and power domains and media. Including methodologies to assist those undertaking their own critical research of discourse, this Handbook is key reading for all those engaged in the study and research of Critical Discourse Analysis within English Language and Linguistics, Communication, Media Studies and related areas.

Marriages and Families - Mary Ann Schwartz 2003

Taking an historical, cross-cultural, and global approach, this book focuses on the link between social structure and the everyday lives of people's diverse experiences of marriages, families, and intimate relationships. It shows how contemporary families go well beyond the traditional, heterosexual, two-parent, white, middle class family and heterosexual legally-sanctioned marriage challenges the assumption that one culture's way of doing things is the "natural" or "right" way; shows how marriage and family life have changed historically over time and from place to place; and how political and economic globalization impacts families worldwide. Features extensive boxed material accompanied by questions for personal reflection. *Marriages and Families Over Time. Ways of Studying and Explaining Marriages and Families. Understanding Gender: Its Influence In Intimate Relationships. The Many Faces of Love. Dating, Coupling, and Mate Selection. Sexuality and Intimate Relationships. Nonmarital Lifestyles. The Marriage Experience. Reproduction and Parenting. Evolving Work and Family Structures. Violence and Abuse. The Process of Uncoupling: Divorce in the United States. Remarriage and Remarried Families. Families in Later Life. Marriages and Families in the Twenty-first Century: U.S. and World Trends.* For anyone interested in marriage and family dynamics, including individuals, counselors, nurses, social workers, home economists, etc.

Billboard - 2010-07-03

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Shakers - John Godber 1993

THE STORY: In a not-so-chic London bar called Shakers, we meet Carol, Adele, Nicky and Mel, four friends who have taken to waitressing in desperation but who also have wit and resilience enough to never let any of the colorful characters they come

Children of the Reverend - Theresa P. Swaim 2008-12

Theresa Baker is the reverend's youngest child, and the child who observes the growing dysfunction in her home, while trying to stay above the water herself. She is the child who watches the lives of her two older brothers turn upside down, and a change that takes place in the father she once idolized, all the while, finding herself falling into a depression, that nearly claims her life. This is the true story of the Reverend Leon Baker's three wayward, and confused children, who seek every path to love, peace and happiness, but the path, that leads to righteousness.

Radiant - Judy Sapphire 2022-02-01

Blake Harrison's star is rising. Preparing for her new museum installation, she's trying to navigate her

work, her newfound fame, and her reputation for volatility. She's also trying to abide by her "monastic before a show" rule, and has no idea what to do about the stunning lawyer who insults her and entrances her in equal measure. Jenny O'Toole is in a professional and romantic rut. Her career as a corporate lawyer is stifling, she's closeted at work, and her current relationship is with Netflix and wine. She's not looking for a new girlfriend, and if she was, she certainly wouldn't chase an irrational, pretentious conceptual artist like Blake Harrison. It's dislike at first sight—but when the artist and lawyer keep running into each other, the loathing turns to lust. As they weather Boston's frigid winter, Blake and Jenny navigate their deepening feelings, and hope that their budding relationship can weather everything coming between them.
