Teaching practical spirituality and written in very simple, easy-to-understand language, readers of *Forgiveness* will learn the top twenty reasons why the path to forgiveness has so many obstacles and how to remove those obstacles to create miracles in their lives and those of others. Finding Our Way Home - Gerald Jampolsky, M.D. 2008-04-01

In a deeply heartfelt way, Jerry Jampolsky and Diane Cirincione share stories of their spiritual journey, detours they've taken, and people who

have impacted them along their life trail. Using the Hawaiian tradition of "talking story," Jerry and Diane demonstrate the daily application of spiritual principles and practical spirituality. Individually and together, they weave their journey for us as it continues to evolve from the influences around them. They inspire us to embrace and share our own stories of peaks and valleys that make up our journeys. The authors' honest and vulnerable style of communicating continues to reveal their life purposes in the choices they make and the lessons they've learned. "Each day still provides challenges and circumstances that call to those parts of us that want to judge others or ourselves," they write. "What is different now is that we more quickly recognize when we're lost and the choice we have to return to the path of unconditional love. Once we remember that our purpose is service and helping others, as well as letting go of our judgments and grievances by practicing forgiveness, the path is easier, the direction clearer, and the destination of peace achievable."

Teach Only Love - Gerald G. Jampolsky 2004

In 1975, Jerry Jampolsky co-founded the Center for Attitudinal Healing in Tiburon, California, where people with life-threatening illnesses practice peace of mind as an instrument of transformation. Based on the healing power of love and forgiveness, the twelve principles developed at the center and explained in this book embrace the idea that total giving and total acceptance are crucial to the healing process and that attitudinal healing can lead to harmony, joy, and life without fear.

Putting on the Mind of Christ - Jim Marion 2011-11-01

"Jim Marion's book returns us to the central challenge Christianity ought to be handing us. Indeed, how do we put on the mind of Christ? How do we see through his eyes? How do we feel through his heart? How do we

learn to respond to the world with that same wholeness and healing love? That's what Christian orthodoxy really is all about. It's not about right belief; it's about right practice." —Cynthia Bourgeault, author of *The Wisdom Jesus* What does it mean to follow the path of Christ today? *Putting on the Mind of Christ* is the first book to offer an integral understanding of the Christian spiritual path—one that examines the basic stages of spiritual development described by the great saints and sages, along with the psychological stages of development used by modern psychology. American mystic Jim Marion draws upon his own rich spiritual experience and deep understanding of scriptural models, to show readers how to emulate the developmental stages of the Christ: how to put on the mind of Christ to achieve spiritual illumination and communion with the Christ. He examines the seven levels of consciousness of the human personality mapped by the work of Jean Piaget, Carol Milligan, and Lawrence Kohlberg, and leads readers to the consciousness that Jesus called the Kingdom of Heaven—the highest level of spiritual development. Marion shows how inner spiritual growth has always been the true essence of Christian practice and shares his own spiritual experiences within a "Christ-focused" framework. Pioneering, transcendent, and grounded, *Putting on the Mind of Christ* will permanently alter the landscape of 21st-century Christianity.

[Queen of Prison Ministry](#) - Michael Glenn Maness 2008-06

This WW II novel revolves around the experience of a callow youth destined to join the Fourth Infantry Division in Hürtgen Forest. The narrative traces the bonded ties of six comrades in arms, three of whom are killed and three wounded. Vividly detailed, the stressful existence of Combat Infantrymen causes some men to break. What helps those who see it through is their loyalty to one another, called a "culture of caring"

by their Chaplain. In Part I our innocent recruits are sobered by incidental casualties on the way up, which initiate them into the inconsequence of death. Part II takes them into Hürtgen, a battle fought under continuous icy rain in steep-hilled terrain favoring the well entrenched Germans. Casualties often run over 100% of a Company's authorized strength. Attacks are met by unrelenting artillery and mortar fire machine guns at close range. In a typical situation, our narrator covers a Sergeant, who, after taking out a machine gun pinning the Company down, is himself killed by a sniper. A hard-headed West Pointer insists on night action, impossible in the Forest, and, after stepping on a mine that takes his legs off, he rolls on another that hits those nearby. General Patton called Hürtgen "an epic of stark infantry combat." Part III deals with how, badly depleted in numbers and morale, the men successfully withstand the Breakthrough, thereby saving Luxembourg, a defense for which Patton gave the Fourth a Unit Citation. In the concluding Part, the narrator is wounded and put on limited assignment. He dislikes the rear echelon life-style, guys being obsessed with whores, drinking, stealing, and feasting, but he holds his peace and decides he'll return to the world where reality matters.

Teach Only Love - Gerald G. Jampolsky 2011-10-04

Dr. Jampolsky believes there is another way of looking at life that makes it possible for us to walk through this world in love, at peace and without fear. This other way requires no external battles, but only that we heal ourselves. It is a process he calls "attitudinal healing," because it is an internal and primarily mental process. Jampolsky believes that attitudinal healing, when properly practiced, will allow anyone, regardless of her circumstances, to begin experiencing the joy and harmony that each moment holds, and to start her journey on a path of love and hope. The mind can be retrained. Within this fact lies our freedom. Our attitudes determine whether we experience peace or fear, whether we are well or sick, free or imprisoned. Love, in its true meaning, is the attitude that this book is about. Love is total acceptance and total giving—with no boundaries and no exceptions. Love, being the only reality, cannot be transformed. It can only extend and expand. It unfolds endlessly and

beautifully upon itself. Love sees everyone as blameless, for it recognizes the light within each one of us is. Love is the total absence of fear and the basis for all attitudinal healing. The principles of attitudinal healing have been expanded since *Teach Only Love* was first published in 1983. There are now twelve principles, which are used in the 150 Centers for Attitudinal Healing around the world. Dr. Jampolsky believes that these principles have a universal appeal that crosses cultural and religious barriers. He has repeatedly seen how people's lives have transformed when these principles became their heartbeat and their way of communicating with others.

Change Your Mind, Change Your Life - Diane V. Cirincione
2010-12-14

The book includes a simple, easy-to-follow 18-week programme to help you completely eliminate the hurt, stress, fear and conflict in every aspect of your life. "Most of us want to change the world, but only a few of us are willing to change our own minds!" Yet there is a shift taking place in the world, where more and more people are recognizing that it is our own thoughts and attitudes that determine how we look at the world and, ultimately, what we see. This book is for people of all ages, religions, and cultures who have a desire and a willingness to change the thoughts in their minds.
