**Man Made** Martin A. Berger 2000 "Berger's original readings provide altogether new and compelling ways to understand some of Eakins's most well-known paintings."--Alexander Nemerov, Stanford University "This book is most interesting. Berger rereads a number of Eakins's paintings and makes use of recent investigations about the meaning of manhood in the nineteenth century. Man Made casts much of Eakins's life and work into new light."--Elizabeth Johns, author of Thomas Eakins: The Heroism of Modern Life "During the last decade, Martin Berger has been the most perceptive and sophisticated critic of masculinity in nineteenth-century American art. With this book he consolidates that analysis triumphantly--and extends its implications, first into a consideration of all of Eakins's oeuvre, and then into related discourses of sexuality, domesticity, and race. Man Made has useful things to say to scholars in all fields of American culture. In addition, it now becomes the most interesting book on Eakins since Elizabeth Johns's groundbreaking work, Thomas Eakins: The Heroism of Modern Life, first published nearly twenty years ago."--Bruce Robertson, University of California, Santa Barbara

A queer student's confession recalls his own first love, a stranger's seduction devolves into paternal sadism, and a romance with a younger man opens, and heals, old wounds. Each echo reveals startling insights about what it means to seek connection: with those we love, with the places we inhabit, and with our own fugitive selves. Chosen as a book of the year in the *New Yorker*, *Daily Telegraph*, *Observer* and *Irish Times*.

*Intercourse* Andrea Dworkin 2008-08-01 Andrea Dworkin, once called "Feminism's Malcolm X," has been worshipped, reviled, criticized, and analyzed-but never ignored. The power of her writing, the passion of her ideals, and the ferocity of her intellect have spurred the arguments and activism of two generations of feminists. Now the book that she's best known for-in which she provoked the argument that ultimately split apart the feminist movement-is being reissued for the young women and men of the twenty-first century. *Intercourse* enraged as many readers as it inspired when it was first published in 1987. In it, Dworkin argues that in a male supremacist society, sex between men and women constitutes a central part of women's subordination to men. (This argument was quickly-and falsely-simplified to "all sex is rape" in the public arena, adding fire to Dworkin's already radical persona.) In her introduction to this twentieth-anniversary edition of *Intercourse*, Ariel Levy, the author of *Female Chauvinist Pigs*, discusses the circumstances of Dworkin's untimely death in the spring of 2005, and the enormous impact of her life and work. Dworkin's argument, she points out, is the stickiest question of feminism: Can a woman fight the power when he shares her bed?

*The Naked Nude* Frances Borzello 2022-08-18 The representation of the nude in art remained for many centuries a victory of fiction over fact. Beautiful, handsome, flawless its great success was to distance the unclothed body from any uncomfortably explicit taint of sexuality, eroticism or imperfection. In this newly updated study, Frances Borzello contrasts the civilized, sanitized,

perfected nude of Kenneth Clarks classic, *The Nude: A Study in Ideal Form* (1956), with today's depictions: raw, uncomfortable, both disturbing and intriguing. Grittier and more subtle, depicting variously gendered bodies, the new nude asks awkward questions and behaves provocatively. It is a very naked nude, created to deal with the issues and contradictions that surround the body in our time. Borzello explores the role of the nude in twentieth- and twenty-first-century art, looking at the work of a wide range of international artists creating contemporary nudes. Her fascinating text is complemented by a profusion of well-chosen, unusual and beautifully reproduced illustrations. The story begins with a tale of life, death and resurrection an investigation into how and why the nude has survived and flourished in an art world that prematurely announced its demise. Subsequent chapters take a thematic approach, focusing in turn on Body art and Performance art, the new perspectives of women artists, the nude in painting, portraiture and sculpture and in its most extreme and graphic expressions that intentionally push the boundaries of both art and our comfort zone. The final chapter illustrates radical developments in art and culture over the last decade, focusing in particular on artworks by women, trans artists and artists of colour. Borzello links these works to their art-historical and political predecessors, demonstrating the continually unending capacity of the nude to disrupt traditional hierarchies and gender categories in life and art.

**Loving** Hugh Nini 2020-10-14 Loving: A Photographic Story of Men in Love, 1850-1950 portrays the history of romantic love between men in hundreds of moving and tender vernacular photographs taken between the years 1850 and 1950. This visual narrative of astonishing sensitivity brings to light an until-now-unpublished collection of hundreds of snapshots, portraits, and group photos taken in the most varied of contexts, both private and public. Taken when male partnerships were often illegal, the photos here were found at flea markets, in shoe boxes, family archives, old suitcases, and later online and at auctions. The collection now includes photos from all over the world: Australia, Bulgaria, Canada, Croatia, France, Germany, Japan, Greece, Latvia, the United States, the United Kingdom, Russia, and Serbia. The subjects were identified as couples by that unmistakable look in the eyes of two people in love - impossible to manufacture or hide. They were also recognized by body language - evidence as subtle as one hand barely grazing another - and by inscriptions, often coded. Included here are ambrotypes, daguerreotypes, glass negatives, tin types, cabinet cards, photo postcards, photo strips, photomatics, and snapshots - over 100 years of social history and the development of photography. Loving will be produced to the highest standards in illustrated book publishing, The photographs - many fragile from age or handling - have been digitized using a technology derived from that used on surveillance satellites and available in only five places around the world. Paper and other materials are among the best available. And Loving will be manufactured at one of the world's elite printers. Loving, the book, will be up to the measure of its message in every way. In these delight-filled pages, couples in love tell their own story for the first time at a time when joy and hope - indeed human connectivity - are crucial lifelines to our better selves. Universal in reach and overwhelming in impact, Loving speaks to our spirit and resilience,

On Photography Susan Sontag 2001-06 Winner of the National Book Critics' Circle Award for Criticism. One of the most highly regarded books of its kind, "On Photography" first appeared in 1977 and is described by its author as " a progress of essays about the meaning and career of photographs." It begins with the famous " In Plato' s Cave" essay, then offers five other prose meditations on this topic, and concludes with a fascinating and far-reaching " Brief Anthology of Quotations."

Beyond Memory Diane Neumaier 2004 Photography possesses a powerful ability to bear witness, aid remembrance, shape, and even alter recollection. In Beyond Memory: Soviet Nonconformist Photography and Photo-Related Works of Art, the general editor, Diane Neumaier, and twenty-three

contributors offer a rigorous examination of the medium's role in late Soviet unofficial art. Focusing on the period between the mid-1950s and the late 1980s, they explore artists' unusually inventive and resourceful uses of photography within a highly developed Soviet dissident culture. During this time, lack of high-quality photographic materials, complimented by tremendous creative impulses, prompted artists to explore experimental photo-processes such as camera and darkroom manipulations, photomontage, and hand-coloring. Photography also took on a provocative array of forms including photo installation, artist-made samizdat (self-published) books, photo-realist painting, and many other surprising applications of the flexible medium. Beyond Memory shows how innovative conceptual moves and approaches to form and content-echoes of Soviet society's coded communication and a Russian sense of absurdity-were common in the Soviet cultural underground. Collectively, the works in this anthology demonstrate how late-Soviet artists employed irony and invention to make positive use of difficult circumstances. In the process, the volume illuminates the multiple characters of photography itself and highlights the leading role that the medium has come to play in the international art world today. Beyond Memory stands on its own as a rigorous examination of photography's place in late Soviet unofficial art, while also serving as a supplement to the traveling exhibition of the same title.

**American Ecstasy** Barbara Nitke 2012-10-01 "American ecstasy is a memoir in pictures and words of the twelve years photographer Barbara Nitke spent shooting stills on porn movie sets in New York City. The book takes place in the 1980s at the end of the Golden Age of Porn, as the industry transitioned from high budget, scripted film productions to smaller and ever cheaper video shoots. Nitke's images reveal the contradictions inherent in the business - great beauty, tinged with sadness, punctuated by surreal silliness. As she chronicles the sights and sounds of life on the sets,

her stories also reveal her own struggle to come to terms with the end of her marriage and her fascination with the sexual outlaws of the porn world. Among the porn stars featured are Ron Jeremy, Vanessa del Rio, Nina Hartley, Sharon Mitchell, Sharon Kane, Siobhan Hunter, Jeanna Fine, Damian Cashmere, Tasha Voux, and many more. Directors include Henri Pachard, Candida Royalle, Lasse Braun and others."--

**Photo Sex** David Steinberg 2003 Each photograph in Photo Sex is a representation of sexual activity in some form. The activity shown in a given photograph may involve a single person, a couple, or a group; it may show kissing, dancing, touching, or sexual intercourse; it may be graphic or muted, passionate, tender or humorous. Photo Sex offers both an expanded vision of the nature of photography and an expanded vision of the nature of sex.

**The Invention of Heterosexuality** Jonathan Ned Katz 2014-12-10 “Heterosexuality,” assumed to denote a universal sexual and cultural norm, has been largely exempt from critical scrutiny. In this boldly original work, Jonathan Ned Katz challenges the common notion that the distinction between heterosexuality and homosexuality has been a timeless one. Building on the history of medical terminology, he reveals that as late as 1923, the term “heterosexuality” referred to a “morbid sexual passion,” and that its current usage emerged to legitimate men and women having sex for pleasure. Drawing on the works of Sigmund Freud, James Baldwin, Betty Friedan, and Michel Foucault, *The Invention of Heterosexuality* considers the effects of heterosexuality’s recently forged primacy on both scientific literature and popular culture. “Lively and provocative.”—Carol Tavis, *New York Times Book Review* “A valuable primer . . . misses no significant twists in sexual politics.”—Gary Indiana, *Village Voice Literary Supplement* “One of the most important—if not outright subversive—works to emerge from gay and lesbian studies in years.”—Mark Thompson, *The Advocate*

**Robert Mapplethorpe** Paul Martineau 2016-03-15 The legacy of Robert Mapplethorpe (1946–1989) is rich and complicated, triggering controversy, polarizing critics, and providing inspiration for many artists who followed him. Mapplethorpe, one of the most influential figures of his time, today stands as an example to emerging photographers who continue to experiment with the boundaries and concepts of the beautiful. *Robert Mapplethorpe: The Photographs* offers a timely and rewarding examination of his oeuvre and influence. Drawing from the extraordinary collection jointly acquired in 2011 by the J. Paul Getty Museum and the Los Angeles County Museum of Art from The Robert Mapplethorpe Foundation, as well as the Mapplethorpe Archive housed at the Getty Research Institute, the authors were given the unique opportunity to explore new resources and present fresh perspectives. The result is a fascinating introduction to Mapplethorpe's career and legacy, accompanied by a rich selection of illustrations covering the remarkable range of his photographic work. All of these beautifully integrated elements contribute to what promises to become an essential point of access to Mapplethorpe's work and practice. This publication is issued on the occasion of the exhibition *Robert Mapplethorpe: The Perfect Medium* on view at both the J. Paul Getty Museum and at the Los Angeles County Museum of Art from March 15 and March 20, respectively, through July 31, 2016; at the Musée des Beaux-Arts de Montréal from September 10, 2016, through January 15, 2017; and at the Art Gallery of New South Wales, Sydney, from October 28, 2017, through February 4, 2018.

prominent transgender club in the U.S. With this collection of intimate, revealing portraits, Steinberg honors the individuality, diversity, and fierce integrity of a group of people who are alternately ignored and fetishized, but rarely acknowledged and appreciated for who they really are. These 59 full-color portraits of transsexual dancers, bartenders, lip-sync performers, disc jockeys, regulars, and visitors reach beneath an often glamorous surface to present a broad spectrum of remarkable women in all their complexity -- their joy, sadness, uncertainty, toughness, vulnerability and, most of all, their courage in embracing the core of who they know themselves to be in the face of a misunderstanding, frightened, and often hostile world." -- from back cover.

**Unseeing Empire** Bakirathi Mani 2020-10-26 In *Unseeing Empire* Bakirathi Mani examines how empire continues to haunt South Asian American visual cultures. Weaving close readings of fine art together with archival research and ethnographic fieldwork at museums and galleries across South Asia and North America, Mani outlines the visual and affective relationships between South Asian diasporic artists, their photographic work, and their viewers. She notes that the desire for South

Asian Americans to see visual representations of themselves is rooted in the use of photography as a form of colonial documentation and surveillance. She examines fine art photography by South Asian diasporic artists who employ aesthetic strategies such as duplication and alteration that run counter to viewers' demands for greater visibility. These works fail to deliver on viewers' desires to see themselves, producing instead feelings of alienation, estrangement, and loss. These feelings, Mani contends, allow viewers to question their own visibility as South Asian Americans in U.S. public culture and to reflect on their desires to be represented.

**Regarding the Pain of Others** Susan Sontag 2013-12-05 Regarding the Pain of Others is Susan Sontag's searing analysis of our numbed response to images of horror. From Goya's Disasters of War to news footage and photographs of the conflicts in Vietnam, Rwanda and Bosnia, pictures have been charged with inspiring dissent, fostering violence or instilling apathy in us, the viewer. Regarding the Pain of Others will alter our thinking not only about the uses and meanings of images, but about the nature of war, the limits of sympathy, and the obligations of conscience. 'Powerful, fascinating. **Lie With Me** Philippe Besson 2019-04-30 The award-winning, bestselling French novel by Philippe Besson—“the French Brokeback Mountain” (Elle)—about an affair between two teenage boys in 1984 France, translated with subtle beauty and haunting lyricism by the iconic and internationally acclaimed actress/writer Molly Ringwald. We drive at high speed along back roads, through woods, vineyards, and oat fields. The bike smells like gasoline and makes a lot of noise, and sometimes I’m frightened when the wheels slip on the gravel on the dirt road, but the only thing that matters is that I’m holding on to him, that I’m holding on to him outside. Just outside a hotel in Bordeaux, Philippe chances upon a young man who bears a striking resemblance to his first love. What follows is a look back at the relationship he’s never forgotten, a hidden affair with a gorgeous boy named Thomas during their last year of high school. Without ever acknowledging they know each other in the halls, they steal time to meet in secret, carrying on a passionate, world-altering affair. Dazzlingly rendered in English by Ringwald in her first-ever translation, Besson’s powerfully moving coming-of-age story captures the eroticism and tenderness of first love—and the heartbreaking passage of time.
